Mayor-Elect Pledges City Cleanup

Lynch Plans Cambridge Recount

Petition papers for a recount in the Cambridge mayoralty fight were obtained today from the election commission by Richard M. Russell, former congressman, four-times mayor and now campaign manager for Mayor John D. Lynch.

Mayor Lynch lost out to former Acting Mayor John D. Lyons by a narrow plurality, said unofficially to be 166 votes, in one of the hottest elections in the city's history. Ten names from each of the 11 wards of the city are necessary on recount petitions, which must be filed with the commission by 5 p. m. Friday.

BALLOTS UNDER GUARD

Today the ballots were under guard of state and Cambridge police and private detectives.

Many votes were challenged at the polls.

Following an election night at the Cambridge Board of Election Commissioners called the wildest the University City has ever known, and which nearly ended in a riot before the state police cleared the room of all but representatives of candidates and the press, both candidates and their leaders issued caustic statements today.

BIGGEST UPSET

Biggest Cambridge upset was the defeat of School Committeewoman Jessie Waterman Brooks, for 17 years a member of the committee, who was knocked out of a field of three by appointed Councillor-at-large John J. Carver, former Harvard baseball star, making his first run for elective office.

Political comeback of Former Councillor Francis J. Roche, who was a candidate for mayor, by winning a seat in the City Council at-large, was an outstanding feature.

Three councillors-at-large, the only ones seeking re-election for the seat left vacant by the death of the late Councillor Patrick J. Delaney, placed.

Stocks Slump $7 On Tax Forecast

NEW YORK, Nov. 3 (INS)—The stock market fell $1 to more than $7 a share today, influenced largely by reports the Treasury's new tax program ignored the widespread hopes of a change in the undistributed profits tax. The election returns had only a limited influence, most noticeable of which was a rise in New York City and Detroit bonds.

Camera Catches Two Moods in New First Family

Fatigue and first signs of letdown after terrific strain of long campaign are shown by Maurice J. Tobin as he lights a cigarette and attempts to relax. Joy at winning Boston's mayoralty kept him from feeling fatigue for many hours.

Mrs. Helen M. Tobin's delighted smile shows her happiness at the Boston triumph scored by her husband. Mayor-elect Tobin's great 25,000 plurality was cause indeed for rejoicing. Campaign was hottest in many years, with six candidates fighting to the end.

By FRANK REILLY

Hardly had the tumult and the shouting in his astoundingly decisive victory died than Mayor-elect Maurice J. Tobin declared war today on political racketeers in Boston.

Swept into office with a plurality that dazed even the most optimistic of his supporters and that stunned opposing camps, Tobin snatched only a few hours of sleep before announcing his intentions when he takes office on Monday, January 3.

"I am going to bring to Boston a new era of city government," he told the Boston Evening American. "I am going to bring a new era in its political life.

"I am going to drive out of power once and for all, the old combination of political opportunists who have brought our city to the very brink of financial disaster."

In a sweeping personal triumph, the 36-year-old Tobin, school board member from Brighton and the third youngest mayor-elect in the city's history, polled 105,259 votes to defeat his nearest competitor, former Governor James M. Curley, three-time mayor, by 25,050 ballots.

Winthrop Ames Dead at 66

Winthrop Ames, 66, noted theatrical producer for more than 25 years, died at Deaconess Hospital today of pneumonia.

Because of ill health, he had retired from the theater seven years ago. He was born in North Easton and was a graduate of Harvard University.

He is survived by his widow, the former Lucy Fuller Cabot, whom he married in 1911; two daughters, Miss Catherine Hobart Ames and Miss Joan Ames; a brother, Hobart Ames of North Easton, and a sister Mrs. Philip Spaulding, of Milton.

Frada Girl Tells Of Death Gun

How she wrestled with Edward P. Simpson for what she believed to be a gun was described in Middlesex superior court today by 17-year-old Frances Frada, the state's star witness against Simpson, who is on trial for the murder of two Newton policemen.

Miss Frada told too, how she tried to warn two other policemen just before Simpson, she said "held up" Policeman Henry G. Bell, disarmed him and made him a prisoner.

She did not see the actual shooting of Bell and Motorcycle Policeman Lawrence E. Murphy, nor even hear the shots, she insisted however.

Hurley Names 2 To Bench

Judge Louis B. Cox of Lawrence Superior Court and Donald E. Mayberry of Newton, both Republicans, today were appointed by Governor Hurley to fill court vacancies.

Judge Cox, brother of former Governor Channing H. Cox, will succeed Justice Edward P. Pierce of the Supreme Court who resigned last week under the terms of the retirement act.

Mayberry, an attorney, was named to fill the vacancy in Newton District Court caused by the death of Judge William F. Bacon.

The governor announced today that Paul G. Ryan of his secretarial staff had been elevated to the position of executive secretary, which was left open following the appointment of John V. Mahoney to the probate court bench.

Sullivan, White, Lee Winners

Chairman Frederick R. Sullivan of the Boston school committee was re-elected to a second four-year term in that body yesterday.

Joseph Lee of Beacon Hill, a newcomer, defeated Dr. Joseph V. Lyons of Dorchester for the second seat open in that body for a full four-year term.

For a hectic hour, Dr. Joseph V. Lyons was believed victorious in the battle for a four-year term on the school board, but the apparent win was because of unskilled use of an adding machine by tabulators at City Hall.

A check, with the tabulators trusting their heads rather than the unfamiliar adding machine revealed, however, that Lee had

GEN. JOHNSON SAYS:

Repeal 'Fool Tax' To Aid 'Have-Nots'

By HUGH S. JOHNSON

WASHINGTON, Nov. 3—The President's recent expressions about the current newspaper discussion of federal taxes—especially the undivided profits and capital gains tax—must be disappointing to everybody who expected a wave of prosperity based on returning confidence through tax reform.

HUGH S. JOHNSON

He is reported to have said that newspaper stories and speculations about changes in the form of these taxes were all from the point of view of the "haves" and not of the "have-nots," and that none of the articles on that subject said anything about the problem of the 40,000,000 people in the sub-standard income groups.

This column has discussed these taxes repeatedly, and never from any other viewpoint than that of the "have-nots" and the sub-standard groups.

The point is that these taxes keep money from going to work to create new business and expand industry.

"Men can't go back to work until money goes back to work."

Since it is difficult or impossible to get money to work in the face of those taxes, those taxes are perpetuating unemployment. The 40,000,000 in the sub-standard income groups don't want the pinch-penny starvation incomes of relief, whether it is work relief or home relief. They want jobs—regular self-respecting jobs—just the same as the great bulk of the 90,000,000 NOT in the sub-standard income classes. It is to their interest more than any other class in this country to have those enterprise-destroying unemployment-making taxes revised.

Most of the newspaper articles I have seen, and certainly these dispatches, have approached this subject from this angle alone.

Who feels sorry for these great idle reserves of timid private money which won't go to work because these two fool taxes won't let it rake enough money to justify any risk at all? It is mostly invested in tax-exempt government securities. Its rate of income is small, but it is a bomb-proof cellar of safety. The tax exemption feature of it makes that low rate return more money for the rich economic royalist than any sound security available to any poor man in the country.

Nobody feels sorry for that money or the rich owners of it. Most writers who want those lunatic taxes revised are those who are interested only in restoration of greater business activity and higher wages and employment everywhere and who argue that these taxes are the greatest present barrier to such a restoration.

• • •

There are two factors which increase revenue. The rate of taxation is one. The other is the volume taxed. A tax of 10 per cent on 50 billions of national income would return 5 billions in revenue. But a tax of only 6 per cent would return 6 billions on a national income of 100 billions.

These taxes are not only too high in rate to get maximum revenue for the government, but they are also confiscatory on expansion of new business. It isn't a question of less revenue at all. Most experts seem to believe the taxes could be revised to return more revenue by a different rate on more business, more employment, more wages and more income.

The effect of bringing the "have-nots" and the "haves" into the discussion is to make them think that anyone who criticizes those taxes is arguing against the "have-nots"—when the reverse is the fact. It injects an emotional element of hatred against the "haves" and against anybody who tries to argue this case on its plain merit.

That might be all right if the argument were being made against the interests of the sub-standard forty million. But when the truth is exactly otherwise, it is too bad there isn't a referee somewhere to keep controversial punches above the belt.

Poison Expert At Hahn Trial

CINCINNATI, Nov. 3 (AP)—Dr. William McNally of the University of Chicago testified today that poisons with which the state contends Anna Marie Hahn killed four men could produce symptoms similar to those accompanying other illnesses.

Mrs. Hahn is on trial charged with fatally poisoning 78-year-old Jacob Wagner.

Dr. McNally, associate professor of medicine at the University of Chicago, was called as a defense witness. He corroborated previous state testimony that one form of the chemical which the state alleges Mrs. Hahn used "causes burning of the stomach and vomiting."

"But," he replied to another question, "you can take the same symptoms and attribute other illnesses to them."

His appearance necessitated the temporary recall of Mrs. Hahn from the witness stand, following yesterday's election day recess.

Chinese Defense Forced Back At Shanghai

British Bullets Hit Jap Plane, But It Reaches Base

SHANGHAI, Nov. 3 (INS)—Chinese forces fell back to a new defense line on the Shanghai front today as British guns once more blazed at a Japanese naval plane flying over the city.

Japanese headquarters announced anti-aircraft guns in the British defense sector of the International Settlement fired on a Nipponese plane flying over the Tooyda cotton mills. The wings of the plane were hit, but it reached its base safely, the Japanese said.

Troop movements within the Chinese lines — including withdrawal from Nantao and a thinning of the forces stationed in Pootung and Hungjao—indicated the Chinese were retiring from their Hindenburg line" in a new defense line running through Singkiang, Teinpo, Quinsan, and Changshu.

That would put the new Chinese battle line still farther south and west of Shanghai.

RAIN IS HANDICAP

With the Chinese retirement well under way, only a few Chinese troops remained in the Pootung and Nantao areas.

Heavy rains delayed major operations on the Shanghai front.

A few Japanese planes bombed the Pootung district and the area west of Jessfield Park after French, Chinese and Japanese officials reached an agreement to avert a Japanese attack on Nantao, which would imperil the French concession.

JAPS ADVANCE

French authorities guaranteed Chinese troops would be withdrawn from Nantao and French control established in that area, which adjoins the French concession.

In North China, Japanese advances continued. A Japanese communique issued at Peiping stated the fall of Taiyuanfu, capital of Shansi province, was "imminent."

Previous advices said the Japanese had captured Shuyang, 40 miles from Taiyuanfu.

China Warns Big 9 Must Check Japan

Koo Rejects "Peace at Any Price," Parley Asks Far East Negotiate

BRUSSELS, Belgium, Nov. 3 (AP)—Dr. V. K. Wellington Koo asserted today that China would not be contributing to the cause of international law and order if she accepted peace with Japan "at any price."

China's representative to the conference here on the Chinese-Japanese conflict predicted:

"If Japanese aggression in the Far East is not checked and faith in the pledged word is not restored, then there is every danger that Japanese forces will overrun the boundaries of China and throw the world into a general war, from which no important power long will be able to keep aloof."

CITIES "RUTHLESS WAR"

Dr. Koo, stating his country's position in the Far Eastern war, read a 14-page prepared speech in which he sought to show the Japanese were conducting the "most utterly ruthless methods of warfare the civilized world has seen."

China, he said, regrets the absence of Japanese participation in the conference here. At the same time, members of his delegation told the Associated Press, the Chinese objected to extending a new invitation to Japan because it would result in delay.

Quick action, they said, echoing the words of British Foreign Secretary Anthony Eden and French Foreign Minister Yvon Delbos, is necessary in view of increasing tenseness in the Far East.

Dr. Koo closed his address by quoting from the speech of President Roosevelt at Chicago, in which the latter said:

"Peace-loving nations must make a concerted effort in opposition to those violations of treaties and ignorings of humane instincts which today are creating a state of international anarchy and instability from which there is no escape through mere isolation or neutrality."

A concerted appeal for direct negotiation between China and Japan marked the opening session of the conference. A separate warning was served by Italy that there must be no imposition of sanctions in the dispute.

Delegates of the United States, Great Britain and France joined in the appeal for the Chinese and Japanese to settle their conflict "by peaceful processes."

Count Luigi Aldrovandi-Marescotti, Premier Mussolini's representative, went farther. He said the conference could not speak of "guarantee" of one or the other of the fighting nations.

This was seen as a reference to President Roosevelt's Chicago speech.

DON'T ARRAIGN JAPAN

Norman H. Davis, chief United States delegate, sounded the keynote of the conference in proposing direct negotiations between Japan and China. British Foreign Secretary Anthony Eden, French Foreign Minister Yvon Delbos and Aldrovandi-Marescotti agreed that such a course was preferable.

The speakers, while referring to the horrors of the Far Eastern conflict, scrupulously refrained from arraigning Japan.

The delegates followed the lead taken by Paul Spaak, Belgian foreign minister and chairman of the conference, that the Brussels parley should not be an international tribunal before which Japan should be haled and treated as a guilty party.

It was evident the statesmen were clearing the way to induce Japan to change her mind and come to the conference table which she refused an invitation—or to accept direct negotiations with China.

Shortly after the opening of the session Davis spoke, emphasizing that **"hostilities which are now being waged in the Far East are of serious concern, not only to Japan and China, but to the entire world."**

He continued:

"We come to this conference with no commitments except those to treaty provisions and to principles which the government of the United States has repeatedly and emphatically affirmed. The government of the United States is prepared to share in the common efforts to devise, within the scope of these treaty provisions and principles, a means of finding a pacific solution which will provide for terminating hostilities in the Far East and for restoring peace in that area."

G.O.P. Wins N.Y. Convention

ALBANY, N. Y., Nov. 3 (INS)—New York state Democrats, already discouraged by continued Republican control of New York City, the nation's largest city, and a stronger Republican grip on the State Assembly, suffered a fresh shock today when virtually complete returns assured the G. O. P. a majority in the 1938 constitutional convention.

The Republicans who won 76 of the 84 upstate district delegate seats, clinched their control of the convention when final reports from New York City gave them another seven seats.

Those 83 seats, plus the two sure delegates-at-large provided by the combination Republican and American Labor party vote, gave the G. O. P. a certain majority of the 168 delegates who will come here next April to rewrite the state constitution.

Further gloom spread over Democratic ranks when belated reports from upstate districts indicated the Republicans would elect six of their thirteen delegates-at-large not endorsed by the Labor party.

This outcome would give the G. O. P. 91 of the 168 members of the convention.

Former Governor Alfred E. Smith and United States Senator Robert F. Wagner were elected delegates to the convention. John F. Curry, former leader of Tammany Hall, was among the Democratic convention candidates defeated in New York city.

Lewis Sees Elections As Progress for Labor

WASHINGTON, Nov. 3 (INS)—Despite the crushing defeat of its Detroit mayoralty candidate, Patrick H. O'Brien, the CIO is prepared to expand its political activities in Michigan, Chairman John L. Lewis said today.

In a statement as chairman of the CIO's political affiliate, labor's Non-Partisan League, Lewis hailed the re-election of Mayor La Guardia of New York as "outstanding." The CIO had joined the American Labor Party in backing La Guardia.

Lewis said:

"The election returns reflect distinct progress for labor. The accomplishment of the American labor party in New York is outstanding. In Detroit, labor demonstrated its strength in its first test against the combined influence of mass wealth and an entrenched political machine.

"Labor in Michigan is prepared to extend the sphere of its influence in the future. In Pittsburgh, the election was a distinct triumph for labor. In a host of smaller communities throughout the country, labor was successful in electing its representatives to political office.

"Labor's Non-partisan League will now devote its attention to preparations for the 1938 campaign."

10,000 Bu. Apples Bought for Relief

Syrian Flood Deaths 1235

DAMASCUS, Syria, Nov. 3 (AP)—Damascus officials announced today that recent floods in the northeast caused 1235 known deaths, and that 50,000 persons were estimated to be homeless. Villages over a 2000 square mile area were inundated.

Democrats Lead In Kentucky

LOUISVILLE, Ky., Nov. 3 (AP)—Apparently assured of control of the coming general assembly, Democrats stretched their lead over Republican opponents today as counting of ballots in yesterday's general election continued.

With national guardsmen on duty, tabulators started counting ballots by federal authorities for distribution to families on relief in the state was announced today by marketing chief Charles M. White of the State Department of Agriculture.

The charges against the men varied from violation of the state election laws to carrying concealed deadly weapons.

Attorney General Hubert Meredith, incumbent by appointment, added to his lead over his Republican opponent, G. Tom Hawkins. Returns from 1962 of the state's 4310 precincts gave Meredith 309,893 votes to 49,543 for Hawkins.

City's 'First Lady' Happy Housewife, But Likes Thrill of Political Battle

Proud of Husband In His Victory; Glad It's Over

By MARJORIE McBRIDE

She likes politics, and while her husband was battling for the mayoralty she stayed up by his side and kept as well informed of developments as he, but at heart, Mrs. Maurice J. Tobin is a housewife.

She's "glad it's over" and she can give more time to her two charming little daughters and her pleasant home in Kinross road, Brighton.

The new First Lady of the City is a petite blonde with a slow, sincere smile, and no affectations.

Going on the platform with her tall and handsome young husband was exciting while the campaign was on, but underneath she'd rather watch him and hear him than speak.

She's proud of him and for him and she has too much humor to pretend she is anything but overjoyed at his success.

Into the wee small hours this morning Mrs. Tobin stood by her husband's side to greet the throngs of well-wishers that wound up the victory parade at the Tobin home.

FELT SURE OF VICTORY

"I'm not surprised," she kept smiling. "I knew Maurice would win out all along. He's always won anything he undertook to do.

"So many people ask me if it hasn't been a strenuous campaign. It has and yet not once did it occur to me that the result would be different than it is!"

She was quietly dressed in a blue tailored dress, brown coat and hat. On her shoulder she wore a corsage of orchids.

After the triumphant ride through downtown Boston Mrs. Tobin accompanied her husband to a visit to Mrs. Tobin senior.

"I think the way Maurice's mother felt about his victory has meant more to me than anything, she confided. "She is so proud. So absolutely thrilled by his success."

From wife of a hard working young telephone company employe to wife of the mayor isn't the kind of a step any girl can take without some excitement.

EQUAL TO TASKS

But Mrs. Tobin is a determined little realist, with it all, and well she knows that the next four years will see unprecedented demands upon the time and energy of her husband.

She discussed the coming years with candor. She thinks Mayor Tobin has a long hard path ahead of him but he is equal to it.

"There will never be any complaint about Maurice neglecting his duties," she said. "Whatever he's ever undertaken he's always devoted himself to the task with amazing zeal. His job or his office always came before anything else.

"I've stood by. Whatever interests him, interests me. That's why I'm intent on his political career. I think every wife should take an active part in her husband's work. But my big part will be here in my home."

Mrs. Tobin said they will continue to occupy the spacious vine-covered home in Brighton which they live with her mother.

PLANS FOR FUTURE

The pleasant routine of the little family — five, counting her mother . . . will be disturbed many times in the days to come. The Tobins are expecting another baby soon.

"Throughout the campaign," Mrs. Tobin continued, "my first thought has been to keep the family calm and healthy. Our little girls have been kept from as much attendant excitement as possible. But we've laughed many times at four-year-old Helen.

"Since last spring she's worn her father's campaign badge and told her little friends that 'daddy is mayor'. I've had to remind her from time to time that the election wasn't over. Tonight when we tucked her in bed she said, 'well he IS mayor now, isn't he?'"

While the neighbors dropped in to offer their congratulations early in the evening, the two little girls, Helen Louise and tiny Carol Anne, slept in an upstairs room. Long before the election returns had been tabulated, they were in bed.

WAIT FOR ICE CREAM

Guarding the home were Sergt. Patrick Freeley and Police Officers Morgan F. Kelliher and Stephen P. Harrigan. They will continue on duty for the next few days.

A homey touch was added to festivities at the home when it was found that ice cream for the celebration party had not arrived. Mrs. Tobin's young household helper wasn't worried though.

"I think," she said, "Mr. Tobin will bring the ice cream with him when he comes from his headquarters and the parade is over. He usually brings ice cream home when we have it for supper."

It is a pleasant home, that of the Tobins in Kinross road. The house gives off the feeling of rich and quiet living by young people to whom life itself is still a great adventure.

Now probably, neighbors dropping in for a quiet chat will give way to seekers of favors, applicants and supplicants.

"I've always liked to do a part of my own housework," Mrs. Tobin said. "Now I know I'll have to give up some of our less formal ways. But we are prepared for that. We feel that it will be for a glorious cause and no sacrifice is too great to help Maurice to be the finest mayor Boston has ever known."

The Tobins have been married five years. Mrs. Tobin is a daughter of Mrs. Helen Noonan and the late David A. Noonan.

MRS. MAURICE J. TOBIN MARJORIE McBRIDE

"I'm glad it's all over," said Mrs. Maurice J. Tobin as she looked up and smiled at Marjorie McBride of the Boston Evening American in this 1 a. m. interview in the Brighton home of the winning mayoralty candidate. Mrs. Tobin was proud of it all. She added: "I'm not surprised. I knew Maurice would win out all along. He always won anything he undertook to do."

Helen Louise Tobin, 4, is taking the election most nonchalantly here. Well, when you're all tired out, what better way to mark a big event than by going to bed?

Mother Knows Tobin Will Be Great Mayor

Touched When Son Addresses Her Over Radio

"I know Maurice will be Boston's greatest mayor."

These are the words of Mrs. Margaret Tobin, 63-year-old mother of the mayor-elect, who waited patiently today for all the rest of the city to finish telling her son.

She had been confident of her son's victory from the first day of the campaign but her station today was reserved and thoughtful and only once overflowed.

That was when she heard his voice in a message over the radio before a small gathering of friends at her home in Calumet street, Roxbury. Her eyes filled with tears when Mayor-elect Tobin, speaking from the Boston Evening American, said:

"Mother, I'll be seeing you just as soon as I can get there."

'HE'S JUST A BOY'

Almost apologetically she brushed away her tears and explained:

"Maurice was always such a good boy, thinking of me. Why, he's just a boy yet. He's only 38."

Mrs. Tobin is a proud mother but she also is a wise and sensible one.

"I know it must sound funny saying my boy is so good," she said. "Every mother would say the same thing of course, but Maurice really is. It isn't because he's my son. From the very first I knew he would be the next mayor of the city. I didn't only think it, I knew it. I also know he'll be the greatest mayor Boston has ever had."

From the first returns, Mrs. Tobin sat up all night at the radio in her tidy second floor apartment. With her was a small group of old friends and her husband, James Tobin, a carpenter, who paced nervously for awhile until the first 50, and then 100 precincts, brought him smiles.

Even then there was no great exuberance of jubilance. It seemed that Maurice was destined to win. They had known he would win and there was no need to cheer as did the thousands of well-wishers who were staging victory parties throughout the city.

LIKES APPLE PIE

Mrs. Tobin, who is grey-haired and buxom, explained all there was to say about her son in but a few words. She did smile when she recounted that the new Boston mayor's favorite dish is apple pie, the kind his mother makes. Immediately it has to be at least a half a pie to satisfy Mayor-elect Tobin.

"Maurice first went to Lady of Perpetual Help parochial school," she said in answer to a reporter's questions.

"Later, he went to the High School of Commerce but he had to leave to go to work in a leather house on South street. He never quit studying though, and he went to night school regularly.

"He always was a religious and ambitious boy. Many nights I stayed in and studied hard. From his mother he has had a leaning toward public speaking and politics.

"Maurice never did run around with the girls. He always seemed too serious. I guess his wife is the best and only sweetheart he ever had. I guess that's all I have to say about him, except I know he'll be a fine mayor for the city."

Foley, Nichols Hail Tobin; Curley Balks

District Attorney William J. Foley, shortly after the results came in from South Boston and the Dorchester and Roxbury wards conceded the election to Maurice J. Tobin, Foley said:

"I want to congratulate the winner. It is my sincere wish that the city of Boston enjoys a successful and prosperous four years under his guidance.

"I would like also to thank the many loyal workers who assisted me in the campaign. I hope to see them soon and thank them personally."

Former Mayor Malcolm E. Nichols after conceding defeat said:

"It is the wish of the majority of the voters of Boston that Mr. Tobin serve them as their chief executive at City Hall, and I am taking this opportunity to extend to him my congratulations and sincere best wishes.

"I also want to thank those people who voted for me and I also want to thank my loyal staff of workers who labored night and day in my behalf."

Refusing to concede defeat until the last precinct had reported, former Governor Curley and his supporters broke up their gloomy death-watch early today at the Hotel Brunswick and even then Curley declared he was still fighting.

He will demand a recount, he said, despite the Tobin plurality which piled up against him.

"I fought a clean fight," declared the former governor and three-time former mayor, "and regardless of the outcome it is a victory for Curley.

"I was not only required to fight men of my own party, but also Nichols Republicans who went over to Tobin."

Referring to the proposed recount, Curley said:

"We may still win this election, regardless of what the ballots show."

In addition to many party workers and friends there were with the defeated candidate at the Brunswick throughout the night, as the ballot count proceeded, his wife, his two sons, Paul and Leo, and the former's wife.

Life Story of Boston's Mayor-Elect

By JAMES F. DOOLING

"Tim did it," his brother, Maurice, explained two years ago when the Tobin banner, in a field of an even dozen Boston School Committee candidates, was hoisted so high that even the faintest flicker of its shadow escaped the hem of the next contender's colors. They started calling him the "next mayor" then.

* * *

"Tim didn't do it. Maurice himself did it," Maurice's brother, Tim, said to that. "When Maurice and Jimmie and I were kids we knew that someday he'd do something like that. All the others did, too."

* * *

The mother of the Tobin "kids" may have known it, too, that someday her first-born would be cited as Boston candidate for First Citizen.

She didn't know for sure until today, that he was Boston's First Citizen.

* * *

The father of the family is a quiet, retiring man. He is James, Sr. He was born in County Tipperary, in the land known to this generation as Ireland — perhaps to a future generation as Eire.

He hasn't much to say. Only this:

"God is good. Maury's mother wasn't well. This will help her."

* * *

Jimmie Junior? He works at the State House on the commission which cares for old age pensions and unemployed.

"Maurice always helped us. We've tried to do as much," he said.

* * *

From all of which, you might draw a conclusion. The Tobins are of Irish immigrant stock. They have the traits that have endeared that racial strain to a country born out of the democratic strain of a turning 18th century.

Mrs. Tobin, mother of these three sons, a native of County Cork, in the same green land that brought forth her spouse, took her nuptial vows in Boston in 1900.

Only one thing she regrets.

"Maurice didn't spend all his life in Boston. The city is dear to all of us," she says.

"We had to spend a year away from it."

And then she smiles.

MOVED TO QUINCY

"Father took a job at the Fore River shipyards when Maurice was nearing five," she explains. "That is it. We all moved to Quincy.

"Maurice has to explain to enthusiastic persons who call him a 'lifelong resident of Boston' that he really isn't — that he spent a year of his life out of Boston."

Maurice spent that fifth year under the tutelage of a young teacher in the Washington School, in Quincy Point, known as Miss "Sally" Malone. But she died last April, so she can't share the Tobin triumph. Tim was about two then. Jim, Jr., wasn't even born until five years later.

From this you might draw another conclusion—that the Tobins didn't and don't parade under false pretences. And from something else you might draw a third conclusion.

When there was no shadow of a doubt in political observers' minds this morning—but not before—Maurice, first-born of the Tobins, raced to the bedside of an ailing mother.

"I've won, mother," he said.

Reporters and photographers went away.

* * *

"We were too hard-working to be able to pamper any baby, when Maurice was born in 1901," Mrs. Tobin said, later. "Times were hard. Times are[n't] easier now."

(How Maurice J. Tobin, Mayor-elect of Boston, was reared and spent his early childhood, will be told in tomorrow's Boston Evening American. Read this next instalment in the life of Boston's third youngest mayor in history.)

Sullivan Faces Recount in Worcester

Wins by 45 Votes; Ballot Box Seals Found Broken

WORCESTER, Nov. 3—Re-elected by the scant margin of 45 votes, Mayor John S. Sullivan today faced a recount on Monday as election officials reported the seals of four ballot boxes had been broken and that three other boxes were cracked.

Defeated by a vote of 35,775 to 35,775 to 35,730 in the bitter mayoralty race, Republican Candidate William A. Bennett immediately demanded a recount. City Clerk Malcolm Midgley said the recount would be started Monday and would last the entire day.

A 24-hour police guard was established after the ballot boxes had been impounded by the city clerk.

Midgley said he did not believe the ballots had been tampered with, despite the broken cloth and wax seals. He said it was virtually impossible to reach the ballots in the cracked boxes, without opening them.

BENNET TALKS

Bennett, informed of the results of the balloting, in which Republicans gained a majority of aldermanic and city council seats, told reporters:

"It seems that Mayor Sullivan has been re-elected by the people of Worcester, but the margin is so narrow that a recount is obviously a necessity."

William Ahearn, Socialist candidate for mayor, was completely out of the running.

The important alderman-at-large and school committeeman-at-large posts were divided by the Republicans and Democrats.

C. Vernon Inett, Republican incumbent, received 35,705 votes, to defeat his Democratic rival, George A. Wells in the city-wide aldermanic race. Wells was given 24,531 votes.

In the school committeeman-at-large race, John F. McGrath, Democrat, seeking his first public office, defeated the Republican incumbent, Mrs. Evelyn Bjorkman. He received 35,847 tallies and Mrs. Bjorkman 34,420.

Republicans garnered six of the 10 places on the Board of Aldermen. Representatives from the various wards are:

Ward 1—Albert E. Hall (R.); Ward 2—Roy J. A. Petterson (R.); Ward 3—Alfred A. Bianchi (D.); Ward 4—John R. Shea (D.); Ward 5—James B. O'Brien (D.); Ward 6—Axel U. Sternhof (R.); Ward 7—Joseph V. Ladner (R.); Ward 8—William B. Lynch (D.); Ward 9—John H. Toomey, Jr. (R.); Ward 10—Henry C. Higgins (R.).

CITY COUNCIL

Seventeen Republicans and 12 Democrats were elected to the City Council. They were:

Ward 1—John M. Baxter (R), Anna R. Johnson (R), John R. Pyne (R).

Ward 2—Eldridge E. Campbell (R), George A. Krumsiek (R), Ray E. Smith (R).

Ward 3—William F. Askin (D), John F. Mungovan (D), Charles E. Scott (D).

Ward 4—William T. Coggins (D), Timothy G. Fleming (D), Joseph J. Grigaitis (D).

Ward 5—Patrick R. Bolton (D), Robert J. Cross (D), John J. Kelley (D).

Ward 6—John J. Deedy (D), Henry G. Johnson (R), Alvin V. Spongeberg (R).

Ward 7—Harold W. Reams (R), Hollis H. Hall (R), Harry Longwell (R).

Ward 8—James J. Grady (D), David J. McGrath (D.), William J. Sullivan (D).

Ward 9—Walton P. Lewis (R.), Burton E. Loring (R.), Sherman S. Ludden (R.).

ON SCHOOL COMMITTEE

A majority of the 10 school committee posts was also won by Republican standard bearers, who took six places. Board members elected were:

Ward 1—Gerald W. Eaton (R.); Ward 2—Mrs. Laura A. Lane (R.); Ward 3—James J. Marshall, Jr., (D.); Ward 4—Joseph F. Leahy (D.); Ward 5—Francis D. Costello (D.); Ward 6—George E. Nelson (R); Ward 7—William S. Henrickson (R); Ward 8—Jeremiah T. Sisk (D); Ward 9—John A. Gough (R); Ward 10—Albert Fransworth (R).

Poll Showed Trend In Boston Battle

Close parallels between the Boston Evening American-Sunday Advertiser's mayoralty straw vote poll and the official vote Tuesday appear in an analysis of returns from the city's 22 wards.

Former Governor Curley's victory in Ward 1 was foreseen by poll's commentator, who disputed the claims of Mayor-Elect Tobin's supporters that they would command a decisive majority in that area.

In Ward 2, Charlestown, the poll again revealed the true facts. Its prediction that Mr. Tobin would finish a close second found proof in the tabulations giving him 3392 votes to Mr. Curley's 4133.

Ward Three also held to the poll estimate, and the commentator's remark that the Tobin total would be impressive despite the opposition of President John I. Fitzgerald of the City Council and the members of the Hendrick's Club hit the mark. Few expected Mr. Tobin would net 3928 votes in Ward Three when the poll figures were published.

POLL VIEWS CONFIRMED

Further evidence of the poll's marksmanship came in Wards Four and Five, the Republican Back Bay strongholds. It was the commentator's view that Mr. Tobin would receive substantial support from conservative Republicans in that section. Official returns proved it.

And the warning that Democrats generally underestimated the ability of former Senator Henry Parkman, Jr., to deliver votes to any man endorsed by him was more than a guess. The mayor-elect himself hardly expected to garner a total of 9118 votes to Curley's 4127 or to former Mayor Nichols' 3491.

Analyzing the poll returns from South Boston Wards 6 and 7, the commentator observed that Foley and Curley would receive the backing they expected, but that the Tobin forces were overestimating their strength.

Here, Mr. Curley receiving 7307 votes and Mr. Foley 6528 learned the truth of that prophecy. So did Mr. Tobin with a 4890 total.

Less certain was the commentator's finding in Ward 8, the old Curley stronghold in Roxbury, where the Tobin total fell below the forecast, and Mr. Curley emerged almost a two-to-one victor.

Better was the poll's survey of Ward 9. The hint the Nichols' enthusiasm was greatly exaggerated in that section was surprisingly accurate. The ex-mayor must have been shocked by his slim 427 votes. Mr. Curley led as the poll said he would, though his 4436 total was a bit unexpected.

A bulls-eye was the commentator's analysis of Ward 10. There, quite as he said, Mr. Tobin won. His 4776 vote to Mr. Curley's 4218 was practically an "exclusive" for the poll.

The Ward 11 vote scored again for the straw balloting. And the commentator's claim that the Tobin factor there was a reality found vindication in the official returns giving him 4020 votes to Mr. Curley's disappointing 3914 and Mr. Nichols' even more disappointing 2155.

The poll was reasonably on the mark in Ward 12, where the commentator's observation that "the predictions of Tobin supporters appear accurate" was upheld by official returns giving the next mayor a 1461 lead over Mr. Curley.

Even truer was the Ward 13 finding that both Messrs. Tobin and Curley would make excellent showings in the former Foley stronghold. Tuesday voters gave the District Attorney only 1452 votes to 4297 for Mr. Tobin and 3295 for Mr. Curley.

Not so good was the Ward 14 tip. The belief that the Tobin support was powerful was true, as the 6483 vote he received showed. But the poll indicated Mr. Curley would be the victor, which was very wrong. He had only 384 ballots to his credit.

Ward 15 behaved more satisfactorily for the poll. Mr. Tobin, the predicted winner there, led with 4216 votes, and Mr. Curley got only a disheartening 3342.

The Tobin lark was everything that the poll said it would be in Ward 16, where the Curley hopes were destroyed 5791 to 3791.

The poll was right and the commentator wrong in Ward 17, Dorchester. Mr. Foley ran fourth with a scant 1585.

TOBIN RACES AHEAD

No score for the poll was Ward 18. The vision of a neck and neck Curley-Tobin race failed to become reality. Instead the mayor-elect raced ahead and finished 2571 votes ahead of the ex-governor, while the district attorney trailed with 1235.

Right on the nose was the poll in Ward 19 so far as Mr. Nichols was concerned. He was the forecast third man. Not so good was the promised Curley victory. Mr. Tobin carried this, the former governor's home territory, by 5277.

The poll made a bad guess of the Ward 20 situation. Mr. Curley, instead of winning, was left far behind with 2768 ballots, while Mr. Tobin romped to victory with a startling 7650. And Mr. Nichols finished in second place.

Off again was the poll in Ward 21. There, despite the prediction of Curley success, Mr. Tobin led with 4968.

Back to accuracy went the commentator on the results of Ward 22, where Mr. Tobin received the indicated 6063 votes. Mr. Curley a little over half as many and Mr. Nichols a mere 1844.

Former Mayor Bell Victor

LEOMINSTER, Nov. 3—Former Mayor Sidney E. Bell today was slated to return to his old office after defeating T. Frank Bagley, president of the City Council, for the office of mayor in an election that brought out the largest number of voters ever to cast their ballots in a city election.

More than 75 per cent of the registered voters turned out to give Bell 4481 votes and Bagley 2971.

Councilmen-at-large elected were R. Lindon Chandler, Frederick C. England, Harry P. Rowe and Louis E. Allen. Ward councilmen chosen were: John W. Mackey, Mathias P. LaPierre, J. Harold Crain, Roy M. Harris and Paul R. Nettle.

Mrs. Charles J. Leverte and Dr. Isadore W. Smith were re-elected to the school committee.

3 Widows Victors In Pennsylvania

PITTSBURGH, Nov. 3 (AP)—Two comely western Pennsylvania widows, whose Republican husbands died while serving as county treasurers and were replaced by appointed Democrats, had their inning today.

Returns from yesterday's election showed both Mrs. Ralph B. Brown, of Meadville, and Mrs. Nova S. Longridge, of Somerset, were elected to four-year terms as treasurers of Crawford and Somerset counties respectively. In each case they defeated men appointed by Governor George H. Earle to their husband's positions.

Socialist Wins In Connecticut

NEW HAVEN, Conn., Nov. 3 (AP)—Incumbent mayors, two of them Democrats and the third a Socialist, were returned to office today in Connecticut's three biggest cities.

Mayor Jasper McLevy, first Socialist ever to be named chief executive of a Connecticut city, was re-elected in Bridgeport by about 19,000 votes.

Hartford returned Mayor Thomas J. Spellacy by an unofficial plurality of about 15,000, and mayor John W. Murphy was re-elected in New Haven by more than 14,000 votes.

The 59-year-old McLevy, son of a Scotch dominie and a roofer by trade, was re-elected for a third successive term by a margin which exceeded the combined vote of his two rivals. He polled 28,538 votes.

Spellacy, former national committeeman, defeated Mayor J. Watson Beach, Republican.

Federation Host To Charles P. Taft

Charles P. Taft of Cincinnati, national chairman of the Community Mobilization for Human Needs, will be the guest of the Community Federation of Boston tomorrow at a Parker House luncheon.

More than 200 business men will greet the son of the late President at the luncheon, presided at by Leverett Saltonstall, general chairman for the 1938 Boston drive.

Democrats Win In Philadelphia

PHILADELPHIA, Nov. 3 (INS)—Democrats won an impressive sweep of the offices in Philadelphia's closest and most bitterly-fought off-year municipal election.

On the basis of practically complete returns, eight Democratic sitting judges appeared to have been elected to 10-year terms, while another Democratic incumbent, Common Pleas Judge Harry E. Kalodner, went down to defeat before Municipal Court Judge Theodore Rosen.

Self-Made Widow Loses Insurance

CHICAGO, Nov. 3 (INS)—Federal Judge Charles G. Briggle ruled as void the rights of self-made widows to the life insurance of the husbands they kill.

His decision was made in the case of Mrs. Mildred Bolton, who is serving a 199-year sentence for shooting her husband, Joseph, June 15, 1936. The court ruled, Bolton's $10,000 insurance must be paid to his blood relatives.

Martin Sees 'Ill Effect' In G. O. P. Convention

CHICAGO, Nov. 3 (AP)—The proposal for a mid-term party convention, major item on the Republican National Committee's agenda Friday, provoked opposition today from Rep. Joseph W. Martin of Massachusetts, chairman of the congressional committee.

Rep. Martin voiced the opinion an off-season convention in 1938 would have an "ill effect" upon the congressional campaign.

The Republican central committee of Cook County, Illinois, voted 64 to 8 yesterday against the proposal. The county organization adopted a resolution declaring the formulation of a program or policies "so far in advance of a presidential election would be of little or no value."

Former President Hoover is one of the party leaders who have opposed the proposal. The former President has proposed that a committee of "distinguished Republicans formulate a statement of policy for submission to convention delegates.

Rep. Martin, who was director of the New York headquarters in the 1936 campaign, said:

"I am opposed to it. This is no time for holding such an unofficial convention. I think it would have an ill effect upon the campaign next year. It would be inadvisable to hold such a meeting ahead of the congressional elections next year."

Opposition to the proposal has also been voiced by Senator William E. Borah of Idaho, who declared the projected convention would lack authority because delegates would not be selected by voters.

National Committeeman Harrison E. Spangler of Iowa has contended, however, that a poll of 11,000 officers of party organizations disclosed a preponderant sentiment for an off-season convention.

Alfred M. Landon, the party's 1936 presidential nominee, said recently that if a convention were held the "rank and file of the party should be represented in the deliberations as well as in the consideration of any report on behalf of the policy committee."

Father Loses To Son in N. H.

CONCORD, N. H., Nov. 3 (AP)—A Republican son defeated his Democratic father in the city of Keene's aldermanic contest which highlighted municipal elections in four New Hampshire cities.

Forty-three-year-old Robert Nims emerged victorious by a 5 to 1 margin, polling 536 votes to 111 for his father, Myron A. Nims, who is 69.

In a three-cornered Keene mayoralty fight, William J. Callahan (R.), 76-year-old dean of state representatives, won decisively, receiving 2586 votes.

Forty-three-year-old Robert Nims emerged victorious by a 5 to 1 margin, polling 536 votes to 111 for his father, Myron A. Nims, who is 69.

In a three-cornered Keene mayoralty fight, William J. Callahan (R.), 76-year-old dean of state representatives, won decisively, receiving 2586 votes.

Republican Mayor George F. T. Trask, running as an Independent after failing to win his party's nomination, ran second with 986 votes. Dr. George J. B. Cushing (D.), polled 382.

Perry Victor by Large Plurality in Gardner

GARDNER, Nov. 2—By the largest plurality of any local mayoralty campaign, former Councilor Fred E. Perry was today elected mayor over Stanford H. Harisborn in the city's first biennial election.

The vote was Perry 3988 and Harisborn 2802, giving the mayor-elect a plurality of 1186 votes.

The 6916 votes cast comprised the largest number ever cast in this city. It was almost 90 per cent of the total registration of 8044.

Councillors-at-large elected were:

Arthur J. Arsenault, Harry K. Edgell, Oscar R. Anderholm, Harold E. Greenwood, John P. Sullivan and Charles R. Dewey.

Councillors by wards were:

Ward 1, John E. Miles; Ward 2, Ernest A. Dion; Ward 3, Neri A. Goguen; Ward 4, Malcolm G. Palmer, and Ward 5, Mervin W. Sweet.

School committee victors were:

Dr. Jesse C. Hales, Mrs. Eleanor Jones, James F. Collins and Dr. Raymond E. Levesque.

Boy, Found in Yard Fights for Life

Louis Chillos, 8, of Spencer street, Lynn, is fighting for his life in Lynn Hospital today.

Louis was found lying unconscious in a Spencer street yard last night, and doctors said he must have been there several hours before being found. At the hospital, his condition is described as "critical."

Fallon Victor In Pittsfield

PITTSFIELD, Nov. 3 — Judge James Fallon, special justice of the district court here since 1913, today held his first major political office by virtue of running up the biggest plurality in the history of the city in the contest for mayor.

Judge Fallon polled 11,420 votes to 6166 for his opponent, Alfred C. Daniels, who has been city treasurer for 20 years. Judge Fallon has been city solicitor for several years. He is 66, a bachelor, and a graduate of Georgetown.

A referendum to establish a purchasing department for the city was overwhelmingly defeated.

Barge Crews Saved

WESTFIELD, N. Y., Nov. 3—The crews of three sulphur-laden barges that broke free in Lake Erie were safe today after being removed by Coast Guards.

Check New Clue To Missing Boy

HANOVER, N. H., Nov. 3—The extended search for Robert Denous, 16, son of a Dartmouth College professor, was given a new turn today with announcement by Chief of Police Denis J. Halliey that it had been "definitely ascertained" the missing youth had boarded a New York train 10 days ago.

A railroad ticket agent, Morey F. Whitney, told Halliey of selling a New York ticket to a youth answering Denous's description.

Earlier, the young man's father confirmed the report that his son had withdrawn money from the bank before leaving.

LaGuardia Routs Tammany Sweep

Dewey Also Victor; Mayor Wins Full Rule of City

NEW YORK, Nov. 3 (AP) —Fusion and non-partisan "reform," enlisted under the banner of Fiorello H. LaGuardia and Thomas E. Dewey, crashed through to victory today in New York's municipal election.

Mayor LaGuardia, running on four tickets, was re-elected by a plurality exceeding 420,000 in yesterday's voting.

Dewey, the special rackets prosecutor whose war on crime commanded national attention, was chosen district attorney on Manhattan by more than 100,000.

The decisive margin of victory left a disorganized Tammany wondering about its future, and lifted the new American Labor party to the stature of a major political unit.

It was the first time that an anti-Tammany mayor had been re-elected, and the first time in 20 years the Tigers had lost the district attorneyship always regarded as its prize possession.

LABOR VOTE DECIDES

Although LaGuardia was the regular Republican candidate, the Republican votes cast for him were far from sufficient to re-elect him over his Democratic rival, Jeremiah T. Mahoney.

Most of the deciding bloc for the mayor came from the American Labor party, organized a year ago to support President Roosevelt and Governor Lehman. It rolled up a count of 482,000—enough in almost any city election to exercise a balance of power.

So far-sweeping was the fusion triumph that it carried to election nearly all of the borough and lesser city candidates who had enlisted with LaGuardia and Dewey.

From Hyde Park, President Roosevelt promptly telephoned his congratulations to the peppery little mayor, who last year campaigned for the President.

With both LaGuardia and Mahoney running on pro-administration platforms, Mr. Roosevelt had observed a policy of strict neutrality throughout the campaign.

BARTON WINS

Two of his principal allies in national politics, Postmaster General James A. Farley and Senator Robert F. Wagner, espoused the Mahoney cause in the interests of party regularity.

Except for the election of Bruce Barton, Republican nominee for representative from the 17th "Silk Stocking" District, the voting was along purely local lines.

La Guardia, who polled 1,344,016 against Mahoney's 889,901, hailed the result as signaling the "doom" of machine government in New York.

LAGUARDIA'S TICKET

Swept into office with the mayor were LaGuardia candidates for controller, president of the City Council and all but one of the city's five borough presidents, giving the mayor control of the Board of Estimate, the city's home rule upper House.

Successful candidates who ran with LaGuardia's approval were Joseph D. McGoldrick, controller, plurality, 295,820; Newbold Morris, president City Council, plurality, 223,005; Raymond V. Ingersoll, borough president of Brooklyn, plurality, 124,475; Stanley M. Isaacs, borough president Manhattan, plurality, 60,891; George U. Harvey, borough president of Queens, plurality, 15,370; Joseph A. Palmer, borough president of Richmond, plurality, 3958.

Machines Doomed, Says LaGuardia

NEW YORK, Nov. 3 (AP)—Mayor Fiorello H. LaGuardia, re-elected by a landside majority over his Tammany opponent, today predicted the "doom forever" of political machine government in New York city.

"The idea of non-political government is contagious, and all over the country cities are taking a keen interest in it," the Fusion-Labor mayor said in a victory interview at City Hall.

The doughty "Little Flower" attributed his victory to the fact that "people want good government when they can get it. He assailed the "emotional appeals and demands for party loyalty, even when made by statesmen in high position."

Mayor Fiorello LaGuardia of New York is in again. In a victory which gave him approximately 400,000 votes to spare, he defeated his Tammany opponent, Jeremiah T. Mahoney, sounding what many believe to be the death knell for the once-powerful political organization. Here the fiery little mayor is shown winding up his campaign with a radio speech.

Strength Shown By Labor Party Big Surprise

Played Vital Part in Putting LaGuardia Back in Office

NEW YORK, Nov. 3 (AP)—Three major facts of national political significance emerged today from the landslide election victory of Fiorello H. LaGuardia as mayor of Greater New York.

They were:

The surprising rise of the American labor party as a powerful voting bloc—representing organized labor's first major political effort in two generations.

The success of the Charles D. Hilles-Kenneth F. Simpson strategy for restoring the Republican party's prestige at least on a local and state scale.

The rout of Tammany by a rather loose "reform" coalition of independent voters.

This coalition, for the first time in the 59 years of Tammany tradition, returned a "reform" administration to office—swamping Tammany despite the "Tiger's" well known powers of recuperation.

SWUNG THE VICTORY

Most dramatic of all was the strength of the stripling American Labor Party, an offshoot of labor's Non-Partisan League, which came into existence a year ago to support President Roosevelt and Governor Lehman.

Th party polled 238,000 votes for President Roosevelt in New York city in 1936. Yesterday it rolled up 482,409 votes for LaGuardia.

Without the party's bloc of votes, LaGuardia's total was 861,052, or 26,747 less than the votes polled for his Tammany-Democrat opponent, Jeremiah T. Mahoney.

Presumably because of this ratio, local newspapers, including the conservative New York Times, said today that the labor party holds the balance of power in future elections, with both major parties bound to make overtures to it in the important 1938 gubernatorial election.

STRONGLY CIO

The American labor party, in its leadership at least, is predominantly CIO, with Sidney Hillman and David Dubinsky, clothing union heads, as its chief figures.

Many of its component unions, however, are affiliated with the A. F. of L., and party leaders agree that the party's future effectiveness may depend considerably on the outcome of the current A. F. of L.-CIO peace negotiations.

The Hilles-Simpson strategy in bringing about a "rejuvenation" of the Republican party in the city, it was based, in the main, on a program of coalitions with all dissident minorities and by judicious selection of leaders and policies that can win.

As the stunning defeat of Tammany Hall obituary notices on the once-powerful "Tiger" must be held with a touch of levity. Tammany has been snowed under before—in fact, about once every twenty years for the last hundred years.

Some New York Democrats now look for a new city-wide party organization under the sponsorship of Postmaster General James A. Farley, national and state party chairman.

Dewey Is Seen 'Miracle Man'

WASHINGTON, Nov. 3 (INS)—A new "miracle man" of politics skyrocketed across the national arena today as Thomas E. Dewey, black-visaged 35-year-old Republican liberal, was elected district attorney in the traditionally Tammany-controlled heart of New York city.

Election of the noted rackets prosecutor, who already has captured the imagination of the nation, was hailed here as making him a "natural" for the G. O. P. gubernatorial nomination in New York next year and a chance at the post which produced two of the last seven Presidents.

His victory appeared to be the answer to the prayers of the G. O. P. chieftains who have been searching for a young liberal to create a new leadership in the party.

One prominent Republican observed privately:

"The G. O. P. has been looking for youth and liberalism to lead the party. Dewey has both and his age will not bar him from going higher."

A high Democratic spokesman conceded:

"Dewey will now bear watching."

Moore Winner In New Jersey

TRENTON, N. J., Nov. 3 (INS) —Setting a precedent in New Jersey politics, Democratic United States Senator A. Harry Moore was elected to a third term as governor of the state by a plurality of upward of 50,000 votes, according to almost complete returns today.

Moore piled up 743,636 votes to 699,006 for his Republican rival, Dr. Lester H. Clee, Newark state senator and presbyterian clergyman.

The victory in the main made Moore the first governor of New Jersey to hold the chief executive's office three times.

Clee took an early lead in the race, but an estimated 140,000 plurality for the Democratic forces in Hudson county swung the balance to Moore.

Clee, who besides holding a legislative position, is pastor of Newark's Second Presbyterian Church, led in 15 of the state's 21 counties, but his margin was insufficient to overcome Moore.

Despite Moore's election, however, the Republicans were able to console themselves with the knowledge that they had retained control of the state senate and had cut down the Democratic majority in the assembly.

Rush Lowell Child To Hospital Here

Five-year-old Jane Anderson, daughter of Mr. and Mrs. Helmer H. Anderson of Llewlyn street, Lowell, was declared to be in a serious condition today at the Boston Children's hospital where she was rushed in a wild dash over the road.

Doctors of the Lowell Isolation hospital who diagnosed her condition as a form of meningitis ordered the girl rushed to the Children's hospital. Lowell and Arlington police cars furnished an escort.

Can't Face Crash Ordeal, Takes Life

MEMPHIS, Tenn., Nov. 3—A 16-year-old boy jumped to his death from the Mississippi river bridge here, after leaving a note to his mother that he "couldn't face" the aftermath of an automobile wreck.

Police said the boy was listed as Julian L. Rose. They said the youth's car and another machine scraped against each other in a park roadway, but that little damage was done.

Hurley-AFL Break Looms

State Hospital Union Brings Clash

An open break between officials of the American Federation of Labor and Governor Charles F. Hurley loomed today as a result of an announcement that State Hospital employes attempting to organize fellow workers in a union would be fired.

Francis P. Fenton, New England organizer for the A. F. of L., in a statement declared the hospital employes in state institutions would be organized despite the opposition voice of Governor Hurley and Dr. Clifford T. Perkins, acting commissioner of the State Department of Mental Diseases.

Fenton declared there was no justification for assumption by state officials that an attempt would be made to order a strike in state institutions.

Landslide For Woollacott

FITCHBURG, Nov. 3—Alfred Woollacott, councilman-at-large and president of the Chamber of Commerce, who had been conceded only an even chance at best, today was mayor-elect of this city, chosen by one of the biggest landslides in the political history of the city.

Running on a non-partisan ticket, he easily defeated Joseph G. Flynn, independent progressive, and Rep. John J. Gilmartin. The vote was: Woollacott, 7282; Flynn, 4435, and Gilmartin, 3626.

Flynn was a candidate of Mayor Robert E. Greenwood, who did not run for a second term, and Gilmartin halted the independent progressive party after he had been defeated in the caucus.

The campaign had been very bitter, and 82 per cent of the registered voters turned out to cast their ballots.

IT COVERS ROUGH GOING WITH THE CUSHIONED PROWL OF THE PANTHER

One ride will show you why TORQUE-FREE SPRINGING, *and the new* DYNAFLASH ENGINE, *make the 1938 Buick the most modern chassis in the world*

THE seat fits you, that's the first thing. It's broad and deep, and it's pitched right, and there's a high comfortable roll back of your shoulders and behind your head.

You look out past the driver in front of you, out over that long graceful bonnet—there is no neck-strain; looking any way, to front or to side, you can *see*.

Then there's the feel of sound and secure construction all around you, steel fused on steel, strength knit to silence, the whole borne on a chassis that's taut and firm and finished as a cup defender.

But it's when you hit the rough going, the rutted road, the railway crossings, the cobbled paving, the "washboard" gravel, that this wondrous new 1938 Buick shows you what science can do with a *ride!*

Under you now is something fresh and tireless and new in automotive design, not the old-type leaf spring of yore, but the great soft coils of shock-smothering TORQUE-FREE SPRINGING.

As the beautifully poised car streams onward under the spur of the amazing DYNAFLASH engine, the wheels may dip and curtsy but the body rides true and level as a flung lance.

You sit *in* the cushions, relaxed and rested. You're safer—skid risks are blessedly reduced. You save money—rear tires last measurably longer. And the whole eager car handles with a sureness, a "directability" never before attained.

Please don't stop with admiring the new Buick. Know what DYNAFLASH power and the lullaby ride of TORQUE-FREE SPRINGING mean, by sampling them first-hand on the highway.

"Better buy Buick!"

La Guardia Looms On 1940 Horizon

Republicans Will Have to Reckon With Him; Moore Win Booms His Stock

By GEORGE R. HOLMES
International News Service Staff Correspondent

WASHINGTON, Nov. 3—The off-year election returns, which sometimes indicate the direction of the political winds, presented a mixed trend today to those politicians who sought to analyze them in terms of 1938 and 1940.

The outstanding features of yesterday's balloting, scattered through fifteen states and scores of cities, were these:

Tammany Hall suffered the worst beating in its history in New York through the re-election of Mayor Fiorello H. LaGuardia, who was backed by a crazy-quilt patchwork of coalitions that included the conservative Republicans, Socialists, Communists, and the American Labor Party.

Organized labor's most ambitious attempt at direct political action—promotion of mayoralty candidacies in a number of industrial cities—was generally unsuccessful.

Municipal candidates backed by John L. Lewis' CIO went down to defeat in Detroit, Akron, Canton and Cleveland. Labor's candidates in Pittsburgh and adjacent suburbs, however, were successful.

GAIN ONE SEAT

Democrats recaptured the governorship of New Jersey from the Republicans in the election of Senator A. Harry Moore, who twice before has occupied the gubernatorial chair in Trenton.

The Republicans made a net gain of one seat in Congress through the election of Bruce Barton, advertising executive, in a Republican-held district, long represented by the late Ogden L. Mills.

Republicans were elected in the 25th and 27th New York districts, as was expected. Not even in the Roosevelt landslide years of '32 and '36 were the Democrats able to dislodge sitting Republicans in these districts.

Those who sought to analyze the returns in terms of the popularity or unpopularity of the New Deal found it difficult. For nowhere was the New Deal a clear-cut issue.

In New York, Mayor LaGuardia and his opponent, Judge Jeremiah Mahoney, were both supporters of the New Deal. No Democrat has been more loyal in support of it than has been the pudgy, pugnacious mayor, who has now confounded all history by being the first reform mayor to be re-elected.

CAN'T BE IGNORED

Although Postmaster General-Democratic National Chairman James A. Farley supported Mahoney, President Roosevelt carefully abstained from taking any part in the New York mayoralty fight. And it was significant that among the first to congratulate Mayor LaGuardia was Mr. Roosevelt himself.

Inevitably, LaGuardia has increased his national political stature in terms of 1940. There were those today who believed that the Republican national convention in '40 will be hard put to ignore the only man who has twice demonstrated he can defeat Tammany in its own bailiwick, who has the solid support of all labor factions, who has given New York the best administration in the city's checkered history, and who, paradoxically enough, has shown he can attract the support of such diverse political elements as conservative Republicans and Socialists.

New York, of course, is not the country and it is a long jump from City Hall to the White House, but LaGuardia has demonstrated beyond all doubt that he has administrative ability and pulling power. And the Republican party stands sorely in need today of these qualities.

MOORE LOOMS UP

It probably won't be long now before the first LaGuardia-For-President clubs begin to appear on the political horizon.

On the Democratic side, the only figure to increase his national political stature was Governor-elect Moore, who will shortly retire from the Senate. He is the first man to be three times elected governor of New Jersey.

He is able and popular with his colleagues in the Senate. Not a dyed-in-the-wool New Dealer, he has nevertheless supported most of the Roosevelt policies. He rebelled at the Supreme Court reorganization plan, but he was never so far out front in that fight as to incur administration hostility.

There is scant doubt that the name of A. Harry Moore will go before the Democratic national convention of 1940—if and when Mr. Roosevelt decides against a third try. Maybe it will go irrespective of Mr. Roosevelt's attitude, for there isn't a great deal of love lost between the White House and the Hague organization in Jersey.

LABOR DIVIDED

Defeat of the CIO-backed candidates for municipal offices was not regarded as especially significant in view of the existing civil warfare in labor's ranks.

Generally speaking, labor's candidates ran well even in defeat. The results demonstrated more than anything else that labor divided can get nowhere politically. Labor united might be a different story.

On the whole, local issues and personalities predominated in yesterday's elections. No clear-cut national issues were evident.

Record Everett Vote as Lewis Tops Morris

Heaviest in History Of City; 17,265 Cast Ballots

Mayor Frank E. Lewis was re-elected mayor of Everett by a 2500 vote margin over State Representative Albert E. Morris.

The vote was Lewis, 9872; Morris, 7393.

Voting for all offices was the heaviest in the history of an Everett city election with 17,265 votes cast for mayor from a total registration of 20,200.

In the contest for alderman-at-large, George V. Brickley with 11,564 votes defeated Michael Gara with 4004.

Hansen Is Victor in Waltham

Defeats Ex-Legion Head in Race For Mayor

Former State Representative Arthur A. Hansen today had been elected mayor in the Waltham municipal elections. He defeated John H. Walsh, ex-state commander of the American Legion.

Hansen received 8310 votes and Walsh 7657.

A record vote was rolled up as 84 per cent of those eligible went to the polls. There were 16,055 votes cast out of a possible 19,000.

Upsets and narrow margin victories marked the race for the city council.

WARD LEAD UPSET

In the school committee campaign, Robert S. Ward surprised when he ran well ahead of any other candidate for office. His 8947 votes topped even those given Mayor-elect Hansen.

Ward, Frederick Potter Flagg and Margaret Keenahan were named to the School Committee. There were six candidates.

Four Councilors-at-large were elected in the non-partisan election from a field of eight candidates. They were Ball Bartlett, who received 7,340 votes; John C. Collins, 7,509; Grace Chauncey Cousins, 7,370, and Joseph W. Maher, 7,154.

Two incumbents, Anna W. Fogg, only woman to hold the post, and Raymond J. Tracey, failed re-election.

DEVANE BEATS GIBBS

Two incumbent Ward Councilors also were unseated as results in this race showed:

Ward 1—George M. McDonald, 1,652, defeated the incumbent Brenton E. Tyler, 1,610.

Ward 2—Incumbent John J. O'Toole, 1056, was defeated by Richard L. Furbush, 1864.

Ward 3—Stephen J. Halloran, incumbent, 1066, defeated Francis G. Healy, 678.

Ward 4—John F. Devane, 1155, defeated William F. Gibbs, Jr., 1141.

Ward 5—Louis B. Connors, incumbent, 1025, defeated Louis J. Kusch, Jr., 870.

Ward 6—Robert W. Elder, 1362, defeated Henry A. Turner, 1334.

Ward 7—Joseph D. McCarthy, incumbent, 1064, defeated Vincent Castellana, 119.

Alderman Carr Wins Medford Mayor Race

Irwin, Seeking 3rd Term, Beaten by 681 Votes

John C. Carr, member of the board of aldermen for the past five years, was today elected mayor of Medford, defeating Mayor John J. Irwin, seeking a third term.

The final vote was, Carr 11,798 and Irwin 11,117, giving Carr a plurality of 681 votes. Carr ran on a platform of "elect a business man for mayor."

Because of a long delay in the votes of Ward 3, Medford square, the results for school committee at large, school committee from Ward 7 and Ward 3 aldermen were not complete.

Late returns, however, pointed to the re-election of Mrs. Alice G. Dwyer and the election of Mrs. Ida J. Bunell and Frederick T. McDermott, a member of the committee for four years who later served on the board of aldermen and in the Legislature.

In the school committee contest from Ward 5 Charles M. Doherty was unopposed. From Ward 7 the fight was very close between Agnes T. McCarthy and Frederic L. Nyhan.

The aldermen at large elected were Cornelius B. Harrington, Ward 1; James J. MacDonald, Ward 2; Harold F. Allen, Ward 3; James W. Prior, Ward 4; James F. Higgins, Ward 5; Walter E. Lawrence, Ward 6, and James W. Norton, Ward 7. Ward aldermen elected were:

Michael F. Sherry and Maxwell S. Inman, Ward 1; George E. Wood and William F. Shine, Ward 2. Ward 3 incomplete in the early returns; Edward Holland and James G. Lane, Ward 4; George A. Calzado and Carl A. Erickson, Ward 5; Frederick E. Bean and Binder P. Howe, Ward 6, and John V. Gibbons and Sylvester T. O'Sullivan, Ward 6.

Ingalls Win Is Surprise In Marlboro

Lyons Loses Fourth Term Race by 4162 to 3135

MARLBORO, Nov. 3—Louis F. Ingalls, mill superintendent and a member of the school committee for 16 consecutive years, was today elected mayor, scoring an upset over Mayor Charles A. Lyons, seeking a fourth term.

The vote was Ingalls 4162 and Lyons 3135. About 85 per cent of those registered went to the polls.

In the fight for councillor-at-large, the four present members were re-elected. Four others provided the opposition. The re-elected members were Harry C. Cole, Karl S. Craig, Romeo J. Gadbois and Arthur A. Kelley.

In the school committee contest only one candidate, Martin J. Dalton, sought re-election, but was defeated. The three victors were James W. Forrest, Frank H. Kelleher and Raymond T. Leamay. Dalton finished last, polling 2350 votes, in a field of six.

City councillors elected in the various wards were:

Ward 1, Michael T. Burke, re-elected; Ward 2, Robert E. Manasmann; Ward 3, Alphonse H. Lafleur, re-elected; Ward 4, Orville J. Auclaire; Ward 5, J. Alfred Conrad; Ward 6, Robert L. Burns, re-elected and Ward 7, Michael P. Cronin, re-elected.

Parkman Given Credit For Tobin Win

Aid Swung G. O. P. Votes to New City Head

Henry Parkman, Jr., crusading Republican lawyer, today shone full in the political spotlight as a wrecker of political machines and a dominant influence in Boston elections.

The former state senator is generally credited with starting the slide which brought smashing victory to Maurice J. Tobin and wrecked the hopes of both former Mayor Malcolm E. Nichols, a member of his own party, and former Mayor James M. Curley.

'Showed observers saw Mayor-Elect Tobin's victory a direct result of the Parkman endorsement last Thursday, an endorsement which brought Tobin fully 30,000 votes and his necessary margin.

ISSUED EARLY APPEAL

Early in the race, the Back Bay senator issued an appeal for a non-partisan fusion candidate, with the prime purpose of defeating Curley and Nichols.

The endorsement of Tobin was not given until the campaign was near its end, but it is understood that Parkman had promised his support weeks ago if Tobin appeared to have any chance of making a strong fight.

The Tobin victory marked the second time that Parkman has wrecked the Nichols machine. Four years ago, Parkman ran for mayor despite the pleas of Nichols for his support and polled 29,000 votes, enough to allow Mayor Frederick W. Mansfield to top Nichols by approximately 1200 votes.

POWER EVIDENT

Evidence of Parkman's power was seen yesterday in every Republican ward and precinct in the city.

Precinct after precinct, in wards which nominally should have been carried by Nichols, were returned to the Tobin column. The result showed that Republicans had deserted their own party standard bearer Nichols to vote for the Democrat, Tobin, because of the Parkman endorsement.

Although controlling only a minority vote, the former senator showed tremendous power and influence not only in his own party but with the conservative element of both.

The amazingly small vote accorded District Attorney William J. Foley also was attributed to a Parkman radio appeal.

URGES SWING TO TOBIN

In urging the defeat of Nichols and Curley, he had characterized Foley as an 'honest executive' but had urged that the Democrats swing to Tobin.

Parkman's fight against Nichols began when he was a city councilor. He opposed a Nichols veto in 1931 and fought Nichols throughout the administration and has returned twice to power the balance of power to bring his defeat.

Parkman now is a leader in the battle to rid Massachusetts of horse and dog racing and is chairman of the New England Anti-Gambling Association, Inc.

Cowing Wins In Westfield

WESTFIELD, Nov. 3 — Mayor Raymond H. Cowing was headed for his fourth term as mayor of this city today after defeating Mrs. Alice D. Burke, former teacher and member of the school committee, by a vote of 4033 to 2972.

Mayor Cowing campaigned on his record and made no speeches. He carried every ward but one.

Charles F. Eby, brother of the former governor, was re-elected councilman-at-large. Others chosen were James A. Atwater, Charles J. Ties, Arthur B. Long, Patrick J. Shea and Herbert R. Thorpe.

Ward councilmen named were: John P. Curran, Clarence H. Fuller, John F. Buschmann, Robert C. Loomis and Edward E. Kinsley.

Jeremiah E. Carey and former mayor Louis L. Keese were re-elected to the school committee.

OTHERS DEFEATED

Englert, who conducted one of the greatest campaigns in his political life, emerged from the battle with a record vote.

Councilor John I. Doherty, of Roxbury was another whom the Nichols machine in Boston council chamber seat in favor of William H. Kelley.

John R. Kelley, brother of Lieutenant-Governor Francis E. Kelly, of Dorchester, was elected without having faced an opposition.

Another newcomer to the council is Daniel A. Healy, who was elected to fill the vacancy of Councilor David M. Brackman, who resigned because of the fight for his election to the state senate from Ward 12 last year.

With the exception of Mayor-elect Maurice J. Tobin will find 8 new councillors taking office with the new year.

Just how these new members will line up with the mayor is problematical at this time except in the case of Galvin, who was openly in favor of the new mayor during the campaign.

Holling Elected Mayor of Buffalo

BUFFALO, N. Y., Nov. 3 (AP)—Democratic returns showed today that Thomas L. Holling, Democrat, had been elected mayor of Buffalo over Edwin F. Jaeckle, the Republican opponent, by a record margin of 40,000 votes.

Holling, head of a printing firm and Democratic state committeeman, was nominated and defeated the incumbent Democratic mayor, Joseph A. Zimmerman, for the post in the primaries. Zimmerman incumbent George J. Zambouras.

Tobin Rolls Up 25,000 Vote Margin; Plans New Era in Boston Politics

Mayor-Elect Takes Home Ward of Chief Foes

Continued from First Page

Former Mayor Malcolm E. Nichols trailed surprisingly low in third place, District Attorney William J. Foley was a poor fourth, and the fifth candidate, Alfred Santosuosso, was hardly in the running, polling only 2890 votes.

CURLEY ANGRY

Downcast, and at the same time evidently angry over what he charged was double-dealing in the ranks of the Democratic Old Guard, Curley early today told the Boston Evening American he would ask a recount, despite the large plurality given his youthful opponent.

"I fought a clean fight, and regardless of the outcome, it is a victory for Curley," declared the former governor.

"We may still win this election, regardless of what the ballots show."

Tobin led all the way in the ballot count, which began as soon as the polls closed at 8 p. m.

Steadily his plurality grew as the precincts' tallies were reported and his victory was practically certain when only 20 precincts had been tabulated.

The first returns indicated that Tobin would garner 37 per cent of the total vote. This initial percentage then fell off to 36, went back to 37 and rose to 38, which was the finishing percentage.

He carried 15 wards to six for Curley and only one for Foley—Ward 6, South Boston, the district attorney's home ward.

TOBIN'S SWEEP

The Tobin wards carried were 4 and 5, Back Bay Republican terrain; 10, Roxbury and Jamaica Plain; 11, Jamaica Plain; 12, Roxbury; 13, 16, 18 and 17, Dorchester; 18, Hyde Park; 19, Jamaica Plain; 20, West Roxbury; 21, the Tobin home ward in Allston-Brighton, and 22 in Brighton.

Curley carried Wards 1, East Boston; 2, Charlestown; 3, North, South and West Ends; 7, South Boston, and 8 and 9 in Roxbury.

A surprise in the Nichols wake was Tobin's capture of Ward 19, Jamaica Plain, the home ward of both Curley and Nichols, and his carrying even of Curley's own home precinct in that ward.

And another surprise was the lavish manner in which former State Senator Henry Parkman, Jr., delivered the Republican Back Bay wards to the young candidate, a Democrat, for whom the Republican former senator made his first open endorsement a week ago.

Despite the support of Nichols given by Representative Christian Herter of the same district, Tobin not only carried these Republican wards but even collected a better vote than did Parkman himself in the mayoralty fight four years ago.

REPUBLICANS AMAZED

The amazing Back Bay showing confounded Republicans who had claimed Parkman would be able to deliver this territory to the youthful Tobin.

Other Republican districts were also captured by Tobin in a victory, the sweeping extent of which even he did not anticipate, as evidenced by his closing rally of the campaign on Monday night at Roxbury Crossing.

At this rally, Tobin told several hundred persons that he would win but probably by a narrow margin.

Normally strongly Republican, Hyde Park went for the Democrat Tobin, and in West Roxbury, despite the fact that practically all G. O. P. leaders in the district were out for Nichols, the voters cast their ballots for the tall, slim school committeeman.

The Hyde Park failure to go for Curley was the more surprising because of the fact that the Councilor Clement A. Norton, for years able to swing the district at will, had publicly endorsed the former governor.

Tobin's total vote was less than 19,000 below the 114,000 which Curley had predicted he himself would poll in win the hottest mayoralty contest Boston has had in years.

And Tobin's 25,000 plurality was only 15,000 less than the plurality Curley had predicted for himself.

The utter collapse of the Nichols and Foley support surprised not a few wise political observers around town—that of Nichols more so than the district attorney's.

Both Nichols and Foley had particularly claimed to have strong following among the Jewish voters in Wards 12 and 14, Roxbury, Dorchester and Mattapan.

Tobin, however, romped away from both these opponents handily in Ward 14 and had a comfortable margin in 12.

And despite the endorsement of Curley by City Council President John I. Fitzgerald and his powerful Hendricks Club, Tobin ran a fair second in Ward 3, receiving a surprisingly large vote.

Although Curley carried Ward 1, East Boston, where he always has been a powerful vote-getter, Tobin was right on his heels and the former governor came out of that district only a matter of 300 votes in his side.

On the other hand, despite a powerful and extremely active organization in that section, former Mayor Nichols trailed far behind Tobin.

BIANTS CURLEY HOPES

Another long-time Curley stronghold, Ward 2 in Charlestown, was still one more district where Tobin cut savagely at the Curley hopes. The former governor had expected to come out of Charlestown several thousand votes to the good, when as a matter of fact his lead in the ward was only 600.

And the history of Curley political triumphs he always has banked on the first 10 wards of the city, numerically, to carry him through as the backbone of his fight.

Excepting the two Back Bay wards, Curley always has expected huge leads from these first 10 divisions, but this year his expected leads, although he carried six of the first 10 wards, were slashed to ribbons by Tobin.

Probably never in years has a Boston mayoralty election been as free from mattress voters, repeaters or other fraud practitioners as the election this year was heavily supported by war veterans of the district.

Not a single arrest was made in Boston at the polls throughout the 12 hours of balloting, which is something or other in the way of a record.

An unprecedented detail of police at the 588 polling places undoubtedly was responsible for this, and the police, for the first time in years, succeeded 100 per cent in keeping campaign workers beyond a 150-foot deadline from the booths.

In a surprisingly accurate forecast, Election Commission Chairman David H. Shaw said, shortly after the polls were open and after he had observed the early heavy rush of voters, that 80 per cent of the 347,289 enrollment would cast ballots.

He erred by only a fraction of his prediction. There were 272,196 voters who turned out or slightly better than 79 per cent of the total enrollment.

Four years ago only 247,223 voters cast their ballots in the mayoralty fight which returned Mayor Mansfield victor by the narrow margin of but 1723 votes. And Mayor Mansfield's total vote was only 70,595.

Boston Evening American Photo

Shortly after James M. Curley, running second, had conceded the election of Maurice J. Tobin as Boston's next mayor, the winning candidate visited the Boston Evening American and its radio room to thank the voters for their support. He talked over the WMEX system. A hearty "thank-you" was also voiced by Mrs. Tobin, wife of Boston's next head, as she stepped to the "mike" in the American studio.

American Thanked By Tobin

Maurice J. Tobin, mayor-elect of Boston, today thanked the Boston Evening American for its fairness in the mayoralty campaign. He said:

"I wish to extend to the Boston Evening American my heartfelt thanks for the way in which it conducted with me, for the splendid way it treated me—and the impartial manner in which it acted through the entire campaign.

"The paper was fair to me, and again I want to thank it. I am in readiness to be at the service of the readers of the paper at all times during my tenure of office as mayor."

Tobin Tells Plans For Next 4 Years

After his election was assured, Mayor-elect Maurice J. Tobin broadcast a message of thanks today to the voters through Station WMEX, direct from the office of the Boston Evening American.

The youthful victor, who had just made political history, afterward gave the following statement to this newspaper:

"My election as mayor of Boston is wanted. It is a great opportunity and one which, with the help of Divine Providence, I will neither neglect nor abuse.

"The voters of Boston have paid me a tribute which I shall never forget. I will be a good mayor of my city. That I have promised and that promise I will keep.

"There will be no reprisals. We must all work together to meet the task that is ahead. Our problems are common problems and we must meet them with courage and forgiveness—and fortitude.

"Boston can be a city of opportunity both for young and old. I ask for the cooperation of all the citizens of my city, those who voted for me and those who voted against me, in order that this great city—this city we all love—may go forward with new life, with new opportunities and with new enthusiasm.

"This victory is a victory for all the people. I am thoinstrument chosen to meet the problems that beset the city.

"You have placed your trust in me. I will not abuse that trust.

FLEDGES NEW ERA

"I am going to bring to Boston a new era of city government. I am going to bring a new era in its political life. I am going to drive out of power, once and for all, the old combinations of political opportunists who have brought our city to the very brink of financial disaster.

"I favor discontinuance of borrowing for maintenance purposes and the pyramiding of this character of debt which will result in financial suicide unless halted.

"At the earliest possible moment that a practical plan to rate can be avoided I shall stop this practice.

"Also I favor revision of the entire tax calendar and support the possibility of monthly payment of taxes, which would reduce the burdens of taxpayers and make it unnecessary for the city to pay large sums in interest for temporary borrowing in anticipation of taxes.

"I favor the entire revision of tax laws with a view of providing relief to owners of real estate, and re-valuation of real estate during the first year of my administration.

"As regards relief expenditures, I favor scientific study of the entire relief problem as it affects city, state and national government to care for the abnormal relief load now carried by the city, but the city to retain control over expenditures.

"I favor study of the hospital needs of the city and the appointment of a paid representative of the George Robert White Fund trustees, to serve under unanimous appointment.

"In the awarding of city contracts, I favor strict adherence to the law and guarantee justice to all responsible individuals or firms doing business with the city.

WANTS STATUTE CHANGE

"I am in favor of a change in the statutes so that one responsible head of city departments may be substituted for multi-headed commissions in cases where such commissions do not exercise judicial or semi-judicial functions.

"These things, too, I also favor: "Immediate revision of the fees for licenses and permits on an equitable basis.

"An expansion in the five-cent fare feeder lines of the Boston Elevated system, if such expansion is possible without increased deficits.

"A further study, based on McClintock reports, to establish definite traffic and parking provisions for the city of Boston.

"Immediate amendment of the law which now assesses all county and Suffolk expenses on the city of Boston.

"Changes in the laws relating to the Finance Commission to prevent political appointments to said commission and to prevent political activities of members of said commission.

"Expansion of the activities of the Port Authority and establishment, under the mayor's direction, of a bureau of industrial relations, to work in harmony with the Chamber of Commerce and the Port Authority

"Changes in the statutory law with reference to Metropolitan District improvements, especially water, so that consent and approval of the mayor of Boston will be necessary before any commitments are made, and study of apportionment cost of this commission, which now places an unfair and unwarranted burden on Boston.

"It is my sole desire to ensure the people of Boston, irrespective of party, race, creed or color, a city government administered for the best interest of all the people."

*Re-elected.

Mayor J. Fred Manning of Lynn was re-elected over his fireman opponent, William E. Sexton, by the largest plurality he has ever received at an election. Mayor Manning received 20,078 votes against 4622 for Sexton.

Mayor Manning was perhaps the only candidate for a political office who confined his campaign to one interview with reporters last August when he said:

"I shall be a candidate for re-election."

He did not make one political speech, nor did he send out a postal card or have a sign printed.

TWO WOMEN DEFEATED

One of the features of the election was the defeat of two women members of the school committee, Mrs. Elizabeth Ingalls and Miss Louise S. Searle, both of whom supported the school authorities in the controversy between teachers and parents over alleged pupil punishment meted out to pupils in the Corbett School.

The two women were replaced on the school committee by Daniel A. Canning and Harriet Russell Hart. All other members of the committee were returned to office.

Canning, a young attorney entering on his first political venture, received 10,788 votes. He gained considerable fame last summer when he defended Miss Elizabeth Hallin, a Saugus High School teacher, on charges that eventually caused her removal.

INCUMBENTS RETURNED

In the contest for councillor at large the present incumbents were returned to office by wide margins. They were Charles W. Ames, Walter A. Cuffe, Arthur J. Frawley and John J. Lyons.

The closest fight was that between Councillor James S. Hayes and Eugene O'Leary in Ward five. Hayes being returned to office by the narrow margin of but 98 votes. O'Leary declared today he would seek a recount.

Dr. Lyons Loses To Lee

Continued from First Page

polled 71,693 votes against 63,160 given Dr. Lyons.

Because of the error, Dr. Lyons was named victor in some copies of the Boston Evening American complete election extra, but Lee was then recorded in an extra election edition as soon as the City Hall tabulators discovered their error.

LEADS TICKET

Chairman Sullivan led the ticket with 103,696 votes.

The seat in the committee for the two-year unexpired term of the late Dr. Charles E. Mackay went to former State Senator Joseph C. White of Jamaica Plain, who led a field of five.

Dr. Lyons' defeat for re-election had been expected. He had conducted a non-campaign, Lee's campaign and had attracted little attention to his candidacy.

Joseph C. White of Roxbury ran third in the four-year field. His total vote was 69,830.

Dr. Lyons' five years with 63,160 votes, Daniel J. McDevitt of West Roxbury, fifth, with 43,063 ballots.

FINAL VOTE

Final vote of the other candidates was: Assistant District Attorney Frank L. Orfanello, 32,918; Attorney Angelo Morello, 21,944; Louis Shindler, 20,828, and Joseph Ryan, 13,261.

It had been expected for some time that White would be victorious because Dr. Gately and Flaherty were dividing votes in districts which either would carry handily by overwhelming majorities if alone on the ballot.

Miss Hally injured the Flaherty candidacy since both live in the same district.

G. O. P. Wins Back Assembly Control

ALBANY, N. Y., Nov. 3 (AP)—A decisive Republican majority in New York's 1938 assembly, lack of which caused party embarrassment during last winter's session, was assured today.

Republicans emerged from yesterday's heavy balloting with 85 seats to 65 for the Democrats, and the American Labor party's four—the latter represented for the first time.

Elect Dead Man In Connecticut

HARTFORD, Ct., Nov. 3 (AP)—The municipal board of canvassers faced today the problem of deciding whether a dead man can be elected to office.

Nathan Promisel, Democrat, who died Monday, received 2122 votes for re-election as Ward 8 alderman in yesterday's balloting. Herbert Orefice, Republican, received 914 votes.

Saved From Death In River Plunge

Michael Garofola, 32, of Cleveland street, Revere, was recovering from shock and immersion at Lynn Hospital today, following a narrow escape from drowning in the chilly waters of the Saugus River.

Garofola, drawtender at the Point of Pines bridge on the Narrow Gauge railroad tracks, fell into the water as he adjusted the lanterns on the draw. He clung to a cable for 15 minutes before a train crew drew him to safety.

Sweeps 5 Wards As He Defeats Sherman for Mayor

Somerville Mayor Vote

	*Lynch	Sherman
Ward 1	2,857	1,845
Ward 2	3,675	1,441
Ward 3	2,963	2,065
Ward 4	2,909	2,768
Ward 5	3,491	2,024
Ward 6	1,975	3,021
Ward 7	2,535	2,999
Totals	20,399	16,163

*Elected.

Sweeping through five Somerville wards, John M. Lynch, former president of the board of aldermen, rolled up a 4236 margin to become Somerville's next mayor.

The vote was Lynch, 20,399; Representative Philip Sherman, 16,163.

Cutting heavily into Sherman's Republican vote, the former board president boarded Sherman in his own pair, Wards 6 and 7, when he kept Sherman's predicted 3000 majority down to 1500 votes.

Lynch's surprising strength in the upper stretches of Somerville, coupled with his solid Democratic support in the lower end of the city made him an easy victor over the West Somerville representative.

In a storm of upsets, five aldermen were turned out of office.

Defeated aldermen included Edward A. Rose, vice-president of the board; John L. Carroll, Ward 3; Timothy J. Cronin, formerly Ward 2; Francis A. Dardis, Ward 3, and John E. Whitney, alderman-at-large.

TWO IN COMEBACK

Leo B. Hayden and James M. Redmond, both former aldermen, made their comeback into Somerville politics when Hayden established in Ward 4 and Redmond V. Maloney by 121 and Redmond won in Ward 5 by 106 ballots.

Alderman Walter J. Moran, strong friend of the board, found his difficulties in the second term when he received 2839 votes to 1681 for former Alderman John M. Gray.

George J. Moran, former associate commissioner of agriculture, in Forest Thomas J. Doyle 2590 to 2388.

A complete upset was seen in Ward 3 where Alderman Francis A. Dardis was defeated by William J. Melley, who tallied 3164 to 1783.

In Ward 6 although hard-pressed Alderman President Allan Roy Bingham secured an easy victory over Vernon B. Wilder, 2688 to 2014.

Ralph L. Garrett, former assistant WPA coordinator, carried Ward 7 over the favorite Edward A. Rose when he had 2302 votes to 2127 received by Rose's 2079.

POLLS HIGHEST VOTE

Five aldermen, a former alderman and two others vied in a close battle for the two-year board seats, one with John F. Foster, assistant administration critic polling the highest Somerville vote of 20,649.

The vote for the others was Alderman Irving L. Sharpe, 15,849; Edward F. Moynihan, president of the Somerville Jefferson Club, 14,484, and Alderman George W. Pratt, 13,893.

Defeated in the contest were Alderman Timothy J. Crowley, 13,171; Alderman John E. Whitney, 13,000; William T. Wright, 12,163, and former Alderman Frederick J. Greeley, 11,974.

In East Somerville Dr. Walter E. Whittaker topped Catherine E. Falvey, vice-chairman of the school committee, in a close tilt when he received 2479 votes to 2126 for Miss Falvey.

The other six school committee members elected.

They votes were, Ward 2, Lawrence J. Donovan, 2476; Arthur T. Cusack, 2446; Ward 3, Edward M. McLarty, 3316; Dr. Alfred S. Wass, 3307; Ward 4, Dr. Edith L. Hurd, 3490; William A. McDermott, 2981; Ward 5, William J. Koen, (unopposed); Ward 6, Dr. Edwin A. Shaw, 3140; Merton L. Tozier, 2780; Ward 7, Charles A. Campbell, 3422; John F. Buckley, Jr., 1686.

Hanging Victim Identified

A man who was found hanged in the third floor of an Essex street building early today was identified as James Nichols, 57, and married, of Chestnut street, Charlestown. Identification was made by a brother, William C. Nichols of Winthrop. The victim, an electrician by trade, had been in ill health for several months.

Ward 11	3460	1130
Total	20207	20375

Cambridge's ballot boxes were under a heavy guard of state police ordered by Governor Hurley today after one of the most hectic mayoralty races in the history of the city.

Former Acting Mayor John W. Lyons was declared an "unofficial" victor by 171 votes over Mayor John D. Lynch amid wild clashes between Lyons and Lynch partisans.

Bitterness of the battle between the two factions carried over to today when former Mayor Richard M. Russell, campaign manager for Lynch, announced that "the fight to preserve good government will continue."

LYNCH TALKS

Mayor Lynch, in a statement in which he said he threw the election commission, police and law department of the city into a fight to keep the city "free from outside interference and fraud" stated that he concurred with the wishes of the committee for a recount.

Lyons, too, carried over the campaign battle in a lengthy statement of "thanks" in which he also charged "an unfair campaign of abuse and vilification was directed at me and my family" and denied charges of sinister influences in the campaign, stating he was subpoenaed by decent citizens.

With more than 11,000 votes more than came out in the primary, bringing 45,923 of the total of 50,453 registered voters to the polls, Lyons carried the first six lower city wards and Lynch the five upper city wards, Lyons is given 20,375 with Lynch 20,207.

CASEY WINS

Principal Assessor James J. Casey veteran member of the Cambridge board, polled the highest vote in the city with 24,026 to win handily over Charles Tisdale who got 8,333 votes.

Biggest upset in the day's balloting in the University City was the defeat of School Committeeman Jessie Waterman Brooks, for 17 years a member of the school committee, by Attorney Thomas H. Carver, appointed by the City Council to succeed former Councilor Patrick J. Russell in topping the ticket with 22,372 votes.

Mrs. Brooks's two colleagues, School Committeeman Edward A. Wood and James F. Fitzgerald, were re-elected. Francis J. McGrenahan, Boston College baseball coach, was last in a field of six.

ROCHE GETS SEAT

Former Councillor-at-Large Francis J. Roche staged a political comeback, winning the fourth seat as councillor-at-large. Attorney William M. Hogan ran close behind Roche, Roche received 17,820 votes and Hogan got 17,709.

Three present councillors-at-large serving were selected with Councillors-at-Large Thomas F. Gibson and Edward M. Sullivan, and Councillors-at-Large John J. Toomey, with 20,251, and Hyman Pill, with 18,176, running second and third.

Former Councillor Daniel P. Colbert was defeated in the race.

Nine of the 11 ward councillors were re-elected with only two new faces in the council group. Councillor-Elect Joseph M. Banks of Ward 3, who succeeded to the seat of Councillor William D. Hills, and Councillor-Elect Henry Winslow of Ward 8, who takes over the seat vacated by Councillor Benjamin F. Wyatt. Both members retired from politics.

In Ward 1 Councillor James E. Mahoney just barely missed and John P. "Packey" Walsh, president of the East Cambridge Putnam Club, with a vote of 2095 to 2046.

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up sour stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Harmless, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c

CIO Put to Rout In Try to Seize Detroit Reins

'Conservatives,' Aided By AFL Backing, Capture City

DETROIT, Nov. 3 (AP) — The Committee for Industrial Organization failed by nearly 107,000 votes in its avowed attempt to "seize the reins of government" in Detroit's municipal election Tuesday.

Final returns today showed Richard W. Reading, "Conservative candidate for mayor, led Patrick H. O'Brien, CIO standard bearer, by 106,907 votes while the top man of five CIO candidates for the city council fell 23,000 votes short of election.

Reading, who had the endorsement of the American Federation of Labor, received 280,937 votes. O'Brien, 69-year-old former state attorney-general, received 154,030.

TRAIL IN COUNCIL FIGHT

Six incumbent councilmen who sought re-election led the nine who were victorious. They, like Reading, were supported by the local branch of the A.F.L. The three others who won did not figure in the labor fight for political supremacy in the motor capital's government.

The lowest of the nine had 22,881 votes more than Maurice Sugar, attorney for the United Automobile Workers of America, C.I.O. affiliate, who stood tenth.

FRANKENSTEEN 11TH

Richard T. Frankensteen, assistant international president of the union, was eleventh.

The three other CIO councilmanic contestants, all U. A. W. A. officials, placed thirteenth, fourteenth and fifteenth.

Several shifts in the council standings occurred during the slow tabulation of the votes for the 18 candidates. At one time, three of the CIO men were among the nine leaders.

The political rivalry of the AFL and the CIO was confined to the races for mayor and the council.

President Plans Capitol Return

HYDE PARK, N. Y., Nov. 3 (INS)—Denying himself to official visitors, President Roosevelt spent a final 24 hours in his family home today, preliminary to a return to Washington and preparation of the important message he must deliver to Congress on Nov. 15.

During his current stay here, the President canvassed budget aspects of the farm program and hour-wage legislation he intends to propose to Congress with leading federal financial experts and private business men.

In common with other Hyde Park Democrats, the President today was celebrating victory in Tuesday's local election of a town supervisor and a highway superintendent—both of whom he apparently supported when he announced himself as "Franklin D. Roosevelt, farmer," at the Town Hall and voted.

Last night several hundred jubilant Democrats formed an old-fashioned torchlight parade to the Roosevelt home, led by Elmer Van Vlerah, re-elected supervisor; Cecil Marshall, new roads superintendent, and the fire department life and drum corps.

Scully Credits Deal Policies For Re-election

Pittsburgh Mayor Is Easy Victor Over G. O. P. Rival

PITTSBURGH, Nov. 3 (AP)—Cornelius D. Scully, returned to the mayor's office on an avalanche of Democratic votes, greeted his victory today as an "endorsement of the principles of the Roosevelt democracy."

The quiet, dignified lawyer who ran with CIO backing, campaigned with the victorious Allegheny county (Pittsburgh) Democratic ticket on the theme:

"Don't let President Roosevelt down."

Scully's lead over his Republican opponent, Robert N. Waddell, continued to mount as straggling returns came in. Returns from 396 of the city's 412 districts gave Scully 114,530, Waddell, 86,218.

Scully 110,397.
Waddell 82,380.

Waddell, insurance man and former Carnegie Tech football coach, promised that "this is just the beginning of the fight for good government."

He had appealed for votes on a "smash boss rule" plea and pledged economy in government.

Scully, a registered Republican prior to 1932, succeeded William N. McNair, Pittsburgh's "Diddin" executive, upon McNair's resignation a year ago. Scully was council president at the time.

CIO Defeated In 3 Cities

CLEVELAND, Nov. 3 (INS)—Republican candidates today were victorious in mayoralty contests in Cleveland, Akron and Canton. In the latter cities, the defeated contestants were backed officially by the CIO and also received A. F. elected Mayor of Cleveland, defeating County Engineer John O. McWilliams. In Akron, Judge G. L. Patterson conceded victory to Mayor Lee D. Schroy and at Canton unofficial returns give Mayor James Secombe a better than two-to-one lead over Darrell D. Smith.

Harold H. Burton was re-elected Mayor of Cleveland, defeating County Engineer John O. McWilliams. In Akron, Judge G. L. Patterson conceded victory to Mayor Lee D. Schroy and at Canton unofficial returns give Mayor James Secombe a better than two-to-one lead over Darrell D. Smith.

Harold H. Burton was born in Jamaica Plain, Mass., son of Alfred E. Burton, first dean of Massachusetts Institute of Technology.

Barton Winner In Congress Race

NEW YORK, Nov. 3 (AP)—Bruce Barton, advertising agency executive and Republican, received a plurality of more than 12,000 votes over his Democratic opponent today to win a seat in Congress.

The complete count for the 17th congressional district, "the silk stocking district of Manhattan," was:

Bruce Barton, Republican, 34,618.
Stanley Osserman, Democrat, 21,840.
George Backer, American Labor, 9697.

Song Writer Dies

LONDON, Nov. 3 (AP)—Maude Valerie White, 82, whose songs were whistled and sung throughout the Victorian era, died last night. She had been receiving the British civil list pension of $500 a year because of reduced circumstances.

N. Y. Vote Leaves Farley 'Groggy'

BEACON, N. Y., Nov. 3 (AP)—Representative Hamilton Fish, Jr., declared today that Mayor La-Guardia's election victory in New York City had Democratic National Chairman James A. Farley "Groggy and hanging on the ropes."

Fish, elected a delegate to the state constitutional convention from Dutchess County, was jubilant over the returns.

"President Roosevelt lost Dutchess County by a large Republican majority and the Republicans scored heavily in New York City," Fish said.

Lowell's Nephew Springfield Mayor

SPRINGFIELD, Nov. 3—A Democratic sweep here today had carried Roger Lowell Putnam to victory over the veteran Mayor Henry Martens, Republican office holder, in one of the most startling upsets in Massachusetts municipal elections.

Putnam, "Yankee Democrat" candidate, is a nephew of President Emeritus A. Lawrence Lowell of Harvard University. He won by 10,000 votes after earlier indications of defeat.

N. Y. Governors To Serve 4 Years

ALBANY, Nov. 3 (INS)—On the basis of returns from 5616 out of 9084 districts, New York voters have decided to amend their constitution to elect governors for four instead of two-year terms, beginning next year.

Districts reporting showed 588,231 votes for the amendment and 302,581 against, a majority of 285,650. The voters also appeared to have approved the amendment giving members of assembly two-year terms.

CHAPTER IX

Why, oh why wasn't I born a redhead?

Not bright red, understand, but the most divine Titian tinge that you ever saw.

For four whole hours yesterday afternoon I found out what being a redhead and a movie star at the same time was all about.

Never have I had such fun.

And never have I undergone such a miraculous [illegible].

It all came about when I arrived at the studio for tests by the make-up department and a series of photographs.

Naturally, I had no idea what was going to happen but early in the forenoon in Hollywood I am at the appointed time I found myself in an all white room seated in a chair similar to those used in beauty shops and barber shops, complete with mirrors and lights and brushes.

HAS CURLY BOBS

To be sure, Frank Westmore, who was [illegible] Jack Dawn, head make-up man is still in the foreground, from an all-professional and so in his chair I was turned over to his protege, L. W. Dawn.

And does he know his make-up! Right after being introduced by Frank I was whisked off to a corner where my hair, which is naturally curly, was combed straight back. By the time I finished I had no more curls than a [illegible].

Next came the shaving process which happened with [illegible].

HAIR TINTED RED

Had I known what was to happen I would have [illegible] the most expensive barber shop and beauty parlor in Hollywood.

Duke and Wally Capital Dinner On Nov. 12

No Time Set Yet for White House Visit; 37 Days in U. S.

NEW YORK, Nov. 3—Possibility that the Duke and Duchess of Windsor may spend the first night of their tour of America sleeping on a Washington bound train was expressed today by representatives of the royal Briton and his American born wife.

With the Windsors due at New York, Nov. 11 on the Bremen their itinerary still is vague. One of the few definite engagements at present is for Nov. 12 in Washington.

They are to be dinner guests of the British ambassador, Sir Ronald Lindsay, and Lady Lindsay that evening and at 7 p. m. that same day the duke will broadcast over several nation-wide broadcasting chains his first radio speech since his "woman I love" abdication message was carried around the world.

Also scheduled for the 12th, probably in an inspection of Tuckahoe, the government resettlement project [illegible] in Prince George's county, Maryland.

PLAN S. Y. VISIT

The Duke and Duchess will return to New York probably on or before the 13th and spend two or three days here. Then they will head for the Mohawk Valley to inspect industrial and business [illegible] and view the New York state countryside.

At their request, it will be in a private railroad car previously used by them but [illegible] and [illegible] as to the [illegible] Washington, where the Windsors will stay at the White House [illegible] guest of President Roosevelt.

THIS IS LIFE

By

Robert E. Rogers

I find the North Station a good deal of fun these days. Twice a day, at somewhat after nine and somewhat before five, I pass through the portals in time, so I hope, to get a seat in the smoker before it fills up.

ROBERT E. ROGERS

The smoker used to be a refuge from a too intrusive femininity but alas' no longer. There are sure to be a couple of brace of girls sometimes a bevy, who just can't wait for a smoke before they get home. And they act as if they belong there just as much as the men.

The old days when a lady would peer fearfully into the smoker, find out what it was, and duck, are apparently gone forever.

I never pass through the North Station without remembering vividly what it was like when I first came to live around Boston, way about 1900, and what it remained like until a few years ago, when it was miraculously rebuilt without interruption of service.

Daily Program of Organ Music Proves Entertaining

The other day I heard a country mouse gasp appreciatively as he debouched into it from the train shed. Apparently he had not seen it for years. "Some change!" he muttered to his cousin, the city mouse. He was remembering what I remember over many, many years.

Apparently, nowadays, it is the fashion to entertain the paying passengers as well as to transport them cheaply and rapidly wherever they must go. For the past month I have listened with enjoyment to a free organ recital, scheduled from 8 to 10 a. m. and from 4 to 6 p. m.

The program ranges from Souza to popular songs, from 'Pomp and Circumstance" with its trumpet notes to faint and dreamy sentimental pieces, which do not sound so well when a train is pulling in—or out.

But it helps amazingly to pass the time. The ticket-seller was a bit grouchy about it. I'd like to listen to it, he said, but when you're busy it really doesn't help much.

Esplanade Is Gay Scene With Western Costumes

One day there was a big loud speaker ballyhooing New England apples, with a pretty girl in red velvet and doo-dads, to pass out free samples to a long line of apple-hungry customers. And this past week the long open esplanade, or whatever you call it, was alive with cowboys in eight-gallon hats and cowgirls (I presumed them to be cowgirls) also in Stetsons and tight white jodpurs to boot, and a general air of being in the show business. They were great fun.

I used to like the dog-track special which pulled out around 7.30 on evenings when I was there to see it. I suppose it pulled out just the same on evenings when I wasn't there to see it. The dog-track crowd seemed to make a specialty of arriving at the last minute, breathless and anxious, and there was always a lean little man peering anxiously toward the entrance to make sure that none of the potential customers should be left behind.

They never were. And then, 15 minutes later, when the train breezed by the brightly-lighted track with the band playing, it sort of made you wish you could drop off.

Railroads Create Their Own Traffic Nowadays

But you didn't. You kept on home to Rockport—and supper. But it looked like fun.

Railroads nowadays seem to create their traffic. All winter they are boosting the snow trains in big signs scattered all over the place. And if it isn't snow trains in the winter, it's bicycle trains in the spring, and animal farm trains in the summer, and apple-land trains in the fall.

And once I saw an advertisement of a Sunday excursion, with benches on flat cars, a kind of scenic railway to view the beauties of the New England countryside. It beats all what the jaded city dweller will do for fun. Anything to keep him from staying at home Sundays—and going to church!

It isn't so much fun in winter as in summer, principally because there aren't so many people trying to work out in their heads the difference between daylight time and standard time, and giving up in despair, and asking the gateman who invariably answers in standard time, which complicates matters worse, and you miss your train. In winter, too, the passengers are old hands who make for their trains like so many homing pigeons. In summer they ask questions and the gateman goes mad trying to answer them all.

But there's always something doing from the first milk train to the latest theater train. And if you miss that, there's a hotel upstairs. All very nice and convenient!

Frada Girl on Stand Says Simpson Disarmed Officer

Insists She Did Not Hear Death Shots, Saw No Killing

Frances Frada, posed with her mother during trial recess at the Last Cambridge court today. Mrs. Frada has remained close to her daughter as she has been secreted until time for her to take the stand.

"The motorcycle policeman asked: 'Where are you going, Henry?' The officer in the car didn't answer, and the motorcycle man asked him again. Still he didn't answer, and the car started to move off. The motorcycle man asked me, 'What is the matter here?'"

And that, Frances Frada, 17 year-old Cambridge girl, testified in Middlesex Superior Court today, is all she knows of the shooting of Policeman Henry G. Bell and Motorcycle Officer Lawrence F. Murphy the night of August 21 last.

Miss Frada testified as the state's star witness against Edward P. Simpson, accused slayer of the two policemen.

Bell, when Murphy drove up on his motorcycle, had been disarmed by Simpson and was lying a prisoner, she stated.

DIDN'T HEAR SHOTS

But beyond the point where she said Simpson drove off with Bell a prisoner in his car, guarded by Murphy on his motorcycle, she could tell nothing.

She did not see any actual shooting, did not even hear any as she insisted.

Simpson, the only person in the face but showed no apparent interest, flashed one of his rare smiles at Miss Frada as she appeared, escorted by Deputy Joseph McKenna. She wore a black dress with a red sash tied in front and a corsage of white flowers thrown over her shoulder.

She showed no emotion as she, facing Judge Swift, was prepared to admonish her to speak under oath the story she would relate.

TELLS OF "PICK-UP"

She was on her way home Saturday night, August 21, with Simpson, driving by at his request, when he offered her a ride when she accepted, she said, she testified.

"He asked me where I lived, and I told him. He said 'Why do you have to go home?' I told him I wanted to see my mother. I hadn't seen her all day. He said he'd take me out to eat, but I said I wanted to go home anyway.

"He drove me to my home and waited outside in the car while I went in. Mother was going out. I let her go out ahead of me so she wouldn't see me getting into the car. She saw me anyway, but we drove off before she could come back and say anything.

"He (Simpson) asked me how much money my mother gave me. I told him 'twenty cents'. He said, 'is she broke?' I said, 'she's always broke.'

GAVE HER $5

"He put a $5 bill in my lap. I got out of the car to give it to my mother who was coming down the street, but I saw my sister and gave it to her to give to mother instead.

Simpson, she testified, then drove to a spot where he had previously parked his car and had a beer.

They [illegible] after which she testified Simpson [illegible] was driving. They [illegible] they reached Newton [illegible].

In front of the [illegible] was forced to stop. They [illegible] dera. They [illegible] the attention [illegible] which were [illegible] Whales.

At Adams and Watertown [illegible] are [illegible] it was then, she testified, [illegible] were stopped and Watertown over to notify [illegible] son.

HEARD ARREST THREAT

Simpson, Miss Frada testified told Whalen he was [illegible] to drive. When [illegible] know why they had driven through the red light at Adams and Watertown streets. Miss Frada said:

"He (Simpson) said he didn't know he was supposed to stop at the light when making a turn. The officer got 'sore,' asked him how he'd ever get a license, and demanded his license and registration.

"Then he (Simpson) got out of the car and walked around, and I heard the officer say he was going to arrest him.

"Simpson ordered me away from the wheel, and I slid over, and I heard him tell the officer he would square everything—that it was his brother's car and he did not want to get into trouble."

REFUSED TO OBEY HIM

Whalen, however, Miss Frada testified, walked away in the direction of a police call box leaving Bell to guard Simpson. Simpson got back in the car, she testified, and

"He asked me to open the glove compartment on my side of the car for him. I said, 'What for?' He wouldn't tell me. I wouldn't open it. He kept asking me, and then, all of a sudden, he [illegible]

[illegible] feaned over and yanked it open himself.

He took a lot of stuff out of it but put it all back, all but what looked like some sort of a case that he put between his knees.

"What was in the case?" District Attorney Warren L. Bishop asked.

It looked like a gun." Miss Frada replied. "I couldn't see it clearly.

"I grabbed his (Simpson's) wrist, and I said 'Drop that gun! What do you want to start trouble for?' I was scared. I don't know all I said I said, 'If there's going to be trouble I'm going to get out,' and I did."

I tried to attract their attention to what was happening by muttering to them, but they didn't notice me and went away again.

OPPORTUNITY TO DID

[illegible]

Why didn't you say something, if you were standing there? You weren't in the car. You had the opportunity, didn't you?"

Yes, Miss Frada replied, "I had the opportunity—and also the opportunity to get killed."

"He motioned I this was to the officer. Miss Frada said I did, putting thumb and finger [illegible] son to demonstrate. But when Prosecutor Bishop asked her if Simpson had said she [illegible] afraid.

I couldn't see his hand I heard him say 'Stick 'em up.'

INFORMED MURPHY

"He took the officer's gun away from him, and made him get into the car. They were sitting there when the other officer (Murphy) on the motorcycle drove up."

Miss Frada said she [illegible] Simpson had a pistol she replied:

Contract Issue by Mayer

Several Companies Seek Services of M-G-M Chief

HOLLYWOOD, Cal., Nov. 3—Louis B. Mayer, who raised Leo the Lion from a cub, will go into a contract conference with Nicholas Schenck when the latter reaches here early next week.

Rumor is that L. B.'s M-G-M commitment expires early next next year and he will refuse to continue with the company which he helped found unless he is given free rein in production. He will ask I am reliably informed that all final production matters be settled solely by him.

No secret in Hollywood that two other companies are angling for L. B.'s services and that he is in a position to dictate his own terms. Several of the top money-making stars are under contract to him and, of course, if he should step out, all the stars will go with him. But there seems little doubt that he and Schenck will get together and L. B. will continue as top M-G-M man in Hollywood.

Brilliant Ballet Russe Thrills at Opera House

By RUTH HARSTERS

The brilliant assemblage of talent with which Colonel W. de Basil's Ballet Russe opened its five-day engagement in the Boston Opera House last evening with the performance of four ballets of various origin.

From the classic "Le Lac des Cygnes" of 1877 vintage, the program progressed to modern "Le Coq d'Or," one of the newest and most talked of ballets of the present season. Above much dancing Faune, to which Nijinska's music and the scenic effect added "Beau Jest" completed a very well but conventional, interesting evening.

The first number, Tchaikowsky's Grand Pas de Deux from "Le Lac des Cygnes," was performed by Tamara Toumanova and Igor Youskevitch. Miss Toumanova was at her best in this classical number, which was executed with perfect grace and precision. Youskevitch was a perfect partner.

The second number, "Les Sylphides," to the music of Chopin, was a delightful ballet. Miss Toumanova was the premier danseuse, and Youskevitch, Tatiana Riabouchinska, Nina Stroganova, Leon Woizikovsky and Michel Wilzak were the principal dancers. The ballet was done in the manner of the famous Pavlova ballet of the same name.

"Le Coq d'Or" is a satirical ballet based on the Russian fairy tale of the same name. Jack Benny Film At the Bowdoin

NIGHT LIFE AND SIGHTS -:- By MANNY SHERMAN

SIGNS of a successful season: Smiles once more on the faces of hat check gals in the swing spots about town.

Gross and Dunn are now listed as one of the big draws in the club business. Their week of personal appearances at the Mayfair, starting tonight, will set them . . . well . . . plenty! B. G. says it is to be the mightiest attraction since Sheila Barrett . . . and talk about being terrific . . . a few years ago at New York's Hollywood restaurant on the same bill with Frances Langford, Alice Faye, Rudy Vallee and the likes swell never forget the encores, they drew the loudest round of applause . . . Fancy that!

SOME ADVICE

With Edgar Heezen getting oodles of publicity via his dummy Charlie McCarthy . . . wonder why some smart night club ope. ator doesn't book a ventriloquist act and cash in on the gravy.

Exclusive . . . Jack Stutz of Le-Vagge emcee fame is the lucky gent who'll play opposite Fifi D'Orsay in a new Loew's vaudeville four . . . and to add to the rumor situation Dick's new band slated to take over one of the biggest clubs in town . . . All of which came about during a recent rehearsal

FEELING MOODY

Strange episode that in the Grove the other night . . . Patrons asking to have Lew Conrad and his orchestra play "Foggy Day"—"Things Are Looking Up"—"Nice Work If You Can Get It" and other new hit songs they laughed and danced and played patty cake . . . wonder where Georgia Gershwin is who wrote them . . .

Odd bits from the press agentry . . . the El Morocco wins the blue ribbon for the fond Fool . . . the night clubs—confirming our opinion of weeks ago: Blanche Calloway and her crew and a new high mark in revues at the Southland . . . Johnny Howard's artful mimicry at the Brown Derby. (This is our second reminder you've gotta see him.) Drinks from Cuba Libras to good old reliable Scotch and soda—Boston's best at the Lenox "Blue Train" . . . The Essex French Casino dolls dunking doughnuts in their coffee at the corner drug store . . . Tony Gardiner hilarious hymns at the Grove . . . The high spot in night club revuesicals: The Penthouse a "Cherie de Paree" . . . There were big doings in Steuben's again last night. All the young ones at the moment's place telling about their new love . . .

Charley Pratman, manager of Towne Club, rated Beau Brummel of the night clubs. He's a new tuxedo is sensible, has fitting and has a straight back . . . Lew Conrad on the other knee likes his'n's from fitted as do most debonair dandies.

ISN'T IT SO?

Ballet Russe and Brown Ball Attract Young Set

By BETTY ALDEN

POLITICS AND ELECTION returns filled the newspapers and radio broadcasts all last evening, but nothing was further from the minds of younger members of the social world . . . A number of this season's debutantes donned Tyrolean peasant costumes and gave out programs at the opening performance of the Ballet Russe at the Opera House . . . and used the same colorful outfits to keep them right in character when they went on to the lavish Tyrolean ball at the Somerset Hotel, given by Mr. and Mrs. Waldo Brown for their debutante daughter, Ann Brown . . .

HOPE HUBBARD

Most members of the debutante set and their escorts, whether in costume or formal clothes, attended the ballet opening before going on to the ball . . .

Nancy Peabody's peasant costume consisted of a lavishly embroidered blouse and apron with a bright green jumper, and a wreath of poppies, bachelor buttons and daisies around her curls . . . Nancy Osgood was similarly attired and Katharine Jackson varied hers with a scarlet jumper . . . Among the prominent socialites to whom they offered programs in the foyer were Mrs. Q. A. Shaw McKean of Beverly Farms, accompanied by her two daughters, Margie and Jean, and Lucy Cochrane . . . Mr. and Mrs. Robert Hallver were among the boxholders for the opening, which benefited the Bryn Mawr Scholarship fund . . . Mrs. Hallver's black taffeta and velvet gown had a swirling skirt and a short cape of velvet . . . Cynthia Forbes was with her parents Mr. and Mrs. F. Murray Forbes . . . Cynthia's gown an artistic affair of sea green taffeta with a train, had a bodice of black net and short puff sleeves of the taffeta . . . her jewels were several ropes of lustrous pearls . . . Mrs. Horatio Lamb's electric blue lace gown was ornamented with diamond pins and her daughter Rosamond achieved her usual well groomed appearance with her hair in neat ringlets . . . her coat, which topped a sleek black gown, was an unusual affair of coarse linen, embroidered with all colored wool flowers . . .

Constance Learned's sparkling necklace was fastened to the neckline of her wine-colored gown with a large diamond brooch and the hem of her gown edged with dainty scallops . . . White orchids brightened Maurice Ames' distinctive gown of black velvet and her cosmopolitan escort was Commander Joseph Lynch of Washington, who came on to attend the Brown ball with her later in the evening . . . Mr. and Mrs. Frederick S. Wetherell were in a foursome and others in the throng were Mrs. John Rock in a shimmering gown of gold metal cloth, Mrs. Robert W. Lovett, whose crystal and pearl dog collar gleamed above her black lace gown, Betty Albers in white from tip to toe, Barbara Bremer in a scarlet gown trimmed with heavy cording of the same fabric, and Betsy McKean with an escort . . .

Looking Ahead on Our Social Calendar

THE ALLIANCE FRANCAISE of Cambridge and Boston will open its 37th season this month with a lecture and tea on Thursday afternoon, November 18 . . . Mlle. Germaine Arosa, monologuist, will be the guest artist . . . Among the prominent members of the Alliance . . . an organization founded to encourage and extend the study and cultivation of French literature, art, language and history, are Mr. and Mrs. Frederick S. Wherwell, Mr. and Mrs. Richard Strong, Mr. and Mrs. Harry Hill Thorndike, Mrs. Russell Codman, Russell S. Codman, Jr., Forbes Amory and Mrs. Barrett Wendell, whose late husband was president of the Boston branch of the Alliance . . .

• • •

Tomorrow afternoon Mrs. Phineas Sprague and Mrs. Frederick Brown will be hostesses to a group of friends at luncheon preceding the first of Mrs. William McMillan's weekly duplicate bridge parties at the Algonquin Club . . .

• • •

Conversation is bound to be witty and sprightly around the dinner table of Mr. and Mrs. Daniel de Menocal on Friday evening, Nov. 12, for their guest of honor will be Mme. Frances Alda, famous prima donna of the Metropolitan Opera Company . . . Mme. Alda has retired from the stage and written her memoirs in a very witty and interesting volume which has just been published . . . She is coming to Boston with Mrs. Leonard S. Prichett, daughter-in-law of Henry S. Pritchett, former president of M. I. T., to give a speech at the Boston Book Fair Friday afternoon . . .

Junior Leaguers to Present Play

TWO PRINCES and two Queens of the Good Fairies are going to "live happily ever after" next week, for instead of the usual one cast, the Junior League players are rehearsing two complete sets . . . princes, queens, witches, and wicked stepmothers for their first children's play of the season . . . These two casts, coached by different directors, will alternate in presenting a one-act play, "White Magic" at twelve children's hospitals and institutions beginning next Monday, November 8 . . .

Hope Hubbard has lent a beach wagon to carry to the hospitals and such institutions as the House of the Good Samaritan and the Perkins Institute for the Blind, the folding scenery which Mrs. Henry Jackson, Jr., is painting, with the assistance of a group of this season's debs . . . Mrs. Joseph T. Walker, Jr., is making the costumes . . .

Members of one of the casts, which is being coached by Amy Lang with Mrs. Wales Holbrook as stage manager, are: Mrs. Paul Haskell, Jr., as the Queen; Susan Storey as the Witch; Lucy Pope, the Bewitched Princess; Helen Blanchard, Prince Fortunas; Barbara Stevens, the Prince's Cousin; Sue Carl, Queen of the Good Fairies; Helen Leonard, the Roguish Goblin, and Cynthia Haskell and Mary Falvey as Fairies . . .

Jane Ragle is directing the rival cast with Mrs. Wallace Pierce as her stage manager . . . In this group of players are Angela Lang, Elizabeth Osborne, Jane Pickman, Rosamond Hamlin, Beatrice Lowell, Nancy Stevens, Hope Humphreys, Lee Hyde and Nancy Osgood . . .

• • •

Mrs. Ernest B. Dane, Jr., presided at the meeting of the ladies' board of the Infants Hospital yesterday morning . . . this was the regular monthly meeting at which reports were read by the head nurse and the superintendent of nurses, and various details of the running of the hospital were approved by the members . . . Among those present yesterday were Mrs. Alfred V. Kidder, 2d, Mrs. William E. Ladd, Mrs. Francis I. Amory and Mrs. Theodore Chase, all officers of the board of which Mrs. Dane is chairman . .

'ALCATRAZ ISLAND' -:- By George Lait

'Public Enemy No. 1' Presents His Honor Guest, the D. A.

Novelized from the Crane Wilbur Story; a Cosmopolitan Production to be shown Thursday at the Paramount and Fenway Theaters.

SYNOPSIS

Acquitted of racket-extortion charges, "Gat" Brower, "Public Enemy No. 1," throws a party in honor of "beating the rap."

To the celebration he has invited young George Drake, the assistant district attorney who had tried to send him to jail.

Brower's satellites and mobsters are drunk in the gang chieftain's penthouse when Red Carroll forces his way into the party to plead with "Gat" to "clean" for his younger brother, arrested for murder. "Gat" refuses.

CHAPTER THREE

"Gat" ushered Drake into the noisy living room of the spacious penthouse and shouted for silence.

Whitey Edwards stopped banging the piano and all but the drunkest of the guests quieted down sufficiently for Brower to introduce the young district attorney as the guest of honor.

"Gat" threw his arm around the D. A.'s shoulder and, in a speech as pompous as it was brief, introduced his guest, who was greeted with catcalls, boos and, he was of course, higher from the mobsters present.

"The guy," bantered 'Gat,' believes rum is good government don't mix, and his one ambition is to pitch all of us in the pokey and throw the key away . . . Mr. George Drake."

Everybody seemed to know Drake except the gang chief and Whitey Edwards, who greeted the D. A. with a cry of recognition and a request for a song.

GORE EXPLODES

Brower led Drake to a vacant chair next to Mae Marquand and introduced him to the girl. Then he turned to the crowd and shouted:

"Maybe some one like to write all our names and addresses down in your little black book, Mister D. A.

I don't have to write down anything about this mob," he declared. "Their records are known."

"You're Pete Gore—reputation, bad. You have both hands in the fish business and as a sideline do a little extortion along the waterfront.

SOCKS ADMITS CHARGE

"Gil Tappan here blackmails the cleaning and dyeing business and occasionally tosses a pineapple or a brick through a window. He, the one with the patch over his eye, is Maury Schantz. He sells 'protection' to the builders and contractors. Say, Bit Kelly, who hadn't ought to have any more to drink tonight, handles the lottery and numbers rackets.

Whitey Edwards over there handles the poultry wholesalers—and plays the piano, that sleeping friend, Mister Socks Regan is the top hi-jacker and extortionist of the trucking racket . . .

Almost every face turned toward Drake was distorted with drunken hatred. Only Mae Marquand raised her head and peered around the room.

"Whos makin' cracks about me?" she demanded drunkenly.

Drake answered nonchalantly.

"I am, Socks. I said you were an extortionist."

The booze-befuddled racketeer came to for an instant, then his face lit up and he broke into a smile.

"Yeah. That's right," he mumbled. "All me whole family was double-jointed."

* * *

He sat on the edge of the wide expanse of Gat's desk swinging her feet and humming to herself. The mobster had not as yet put in an appearance but Mae knew—and he should be along any moment.

A HARSH BLOW

When he did arrive 'Gat' Brower was not in a pleasant mood.

The prize ring's champion of the acquisition of ex-convicts charged had left him with a swell hangover and 'Gat' was the kind who could not stomach the hangover of another than the drinking of which he was not guilty.

He was also sore for having let Drake wangle him into the party and for having to listen to a lecture on morality from the D. A.

Mae Marquand, who had been waiting for the Mobster, was also sore because he had not come to her at once.

"Where you been?" she demanded as he entered the room. "I been waitin' for you for hours."

"What does she want?" 'Gat' snapped at Whitey Edwards, who had come to get Mae Marquand back on the piano as the Mobster entered.

"Hasbeen-am Mae."

"The whole thing was rotten," continued Mae. "You knew I was coming and you knew who was. Gat's supposed to be my sweetie. Then you go and bring her here to get me sore. And you know how sore I get when I'm sore. I'm liable to do anything. And I'm sore right now. I'm sore at you, Gat, and I'm sore at that mug over there. I'm sore at everybody. I'm so sore I could bite a nail in two."

"Gee, Gat! What's come over you, honey," she peeped. "something wrong with your kid?" I didn't know you had one, but you know I'd do anything in the world I could for you. What's wrong?"

"Nothing," was the reply. "Now you run along and play with Whitey. I'm busy."

"Not good enough"

"Imagine Flo!" she exclaimed. "I'm payin' enough to buy six school books like that, and the old hussy who runs it says my Annabelle isn't good enough for her other snooty pupils."

"Flo understands"

"I'm a woman, 'Gat' maybe not the best woman in the world but still a woman. You act so tough and hard boiled about sentiment. You call it bokum for the suckers, but I've always known there's a place inside of you that's soft as mush.

"Oh now I know why I never could reach it—your little girl is there. You'd better go get her tomorrow morning.

"But suppose she doesn't like me Flo? Suppose she's got ideas of her own about my kind of guys."

She can't help but like you 'Gat.' She's your kid and now she needs you."

(Continued Tomorrow)

'Gat' Hears Sad News

Ann Sheridan, in the role of Flo Allen, tries to cheer her good friend "Gat" Brower (John Litel), big time racketeer after he receives a long distance call from the exclusive Massachusetts school requesting him to withdraw his daughter because of the notoriety of his trial on charges of extortion. This is a scene from the Cosmopolitan Production, "Alcatraz Island," which opens tomorrow at the Paramount and Fenway Theaters.

Cheese Cake Is Tasty Bit

FROM MARTHA LEE'S WEDNESDAY MORNING BROADCAST OVER STATION WMEX

A RECENT request for a Cheese Cake recipe started us thinking on this subject.

Cottage cheese isn't what it used to be.

What grandmother made on the back of the old kitchen range and called smearcase or Schmierkase in the dear old Fatherland was a fine-grained mealy product with a delicate acid flavor.

Most of the cottage cheese of today would be used in place of that. In the first place it is made with a commercial starter. The size of the curd is governed by machine demand. The sugar, the flour, the eggs are all used in much more generous amounts. Sweet rather than sour cream is added to the curd. Raisins are added and the whole is baked in a pie crust.

Now I'm not saying that this is not delicious. It is. But it's not cheese cake.

CHEESE CAKE

2 cups fine rolled toasted bread crumbs
2 tbsps. sugar
½ tsp. salt
2 eggs separated
2 tsps. vinegar
½ lb. cottage cheese
½ tsp. salt
1 tbsp. flour
½ cup heavy cream
1 tsp. vanilla

DICK BECOMES INSOLENT

CHAPTER 418

SOMETIMES when Dicky is angry he is terribly insolent.

There was but one course open to me, however, and that was to ignore Dicky's atrocious speech. I would not betray the meth his words had excited, nor without angering him I could not reprove him for his ribald disrespect to the dead.

I took refuge in hard persistence.

Don't be ridiculous," I reproved him. "I won't say another word to you for days, so you'd better ask . . . I'll tell you why."

NEW ENGLAND'S GREATEST EVENING NEWSPAPER

BRADENTON, Fla., Nov. 3 (AP)—Jerome Herman (Dizzy) Dean at last has realized a long, but once thwarted ambition—to own a filling station, in this, his winter home. The deal was concluded whereby he took over the lease of a downtown establishment. He took possession immediately. His first act was to change the name to "The Dizzy Dean Service Station," and to assume personal management.

NEW YORK, Nov. 3 (INS)—A long sought, so-called pugilistic "Natural" finally was closed here with the signing of Bob Pastor, young New York heavyweight, and Nelson Mann, New Haven, Conn., puncher for a 10 round bout at Madison Square Garden on Nov. 26. Both Pastor and Mann have compiled impressive records to climb to a place close to Max Schmeling as championship contenders, and figure prominently in plans for obtaining a challenger for the survivor of the title scuffle set for next June between Champion Joe Louis and the German.

About Boys: Yale Man *Writes a Word of* Optimism for Youth

A PLEASANT MATTER WHICH HAS ITS ROOTS in melancholy happened today. Felix Caracciolo, an East Weymouth boy who emigrated from Italy ten years ago and is now a junior at Yale and a member of the football squad, received the Norman Hall Memorial Scholarship.

AUSTEN LAKE

My part in this pillar will be brief. But I feel, in a welter of world pessimism, discredit to youth and general Aunt Sallyisms against the uprising generation, the country will be a little richer for some knowledge of both Felix Caracciolo and the late Norman Hall.

Although ten years ago Felix knew little English and was entering an alien world, today he is a self-supporting honor student, a fine athlete and a finer character. He received the Hall Memorial because he most closely fitted the ideals of the boy to whose memory the scholarship was founded. So much for Felix.

By coincidence, last Saturday on the train to Princeton, I read a letter sent to John Kieran, Times columnist, from the secretary of the 1930 class at Yale, Norman Hall's class. It is a human document, herein offered:

"Sir," said the letter, "This is hard to write. Not being a columnist, I cannot look at white space as confidently as you can, but I'll try.

"A little more than 34 years ago a boy named Norman Stewart Hall was born in Neptune, N. J. As far back as I could remember he always wanted to go to Yale. While a boy he did any kind of work he could find to finance himself through school. He went to Mercersburg where he earned his way by waiting on table. His studies weren't easy for him but it took hard plugging to make the grade. He entered the gates of Yale in 1921.

An Axe Slipped in 1928

"THE PROBLEM OF MEETING EXPENSES," continues the letter, "was solved when he won out in competition for manager of the Students Suit Pressing Co. He played on the freshman football team but passed up basketball in the winter in favor of study and self support. In the fall of his sophomore year he helped defeat Princeton and Harvard as a guard on Bill Webster's championship team of 1927.

"He got a job as a counselor at a boys camp in Maine in the summer of 1928 and almost lost his life. While chopping wood the axe slipped and cut a horrible gash in his left foot. They carried him across a lake and over a mountain to the nearest hospital, reaching there at 5 o'clock in the morning and Norm had lost so much blood that they didn't expect him to live. But he refused to take ether and watched the doctor take eight stitches in his wound, recovering to play five football games that fall and thereby winning his third major Y.

"That year his junior term Norm had enough pocket money to be helping others. Money to him was not something to keep. He wanted to share it, to lessen for others the struggle

Quinn was just back from Portland, Maine, where he watched Robert's knock-off [illegible] Mark Hoeschen Monday night.

"That gabby Scotchman will not have anything to talk about after next Wednesday night," Quinn continued. "He has been doing a lot of popping off about Robert having run out on him. Well, get this straight. Robert didn't run out on Clark. He didn't fear him nor never has he feared him.

"Lyon has a lot of principle about him Clark didn't have to muss up Maurice after he had beaten the kid last summer. Then he didn't have to call Lyon yellow and accuse him of running out. Lyon simply didn't want to have a part in Clark making money at his expense.

"The reason that match didn't go through last summer was that Lyon got sick in the game after a long layoff, needed more time for training. Both Clark and Promoter Bowser declared that the match be held on the original date so Lyon packed up and went home.

"Lyon looked great at Portland Monday night. He is bigger and faster than ever. Ye[illegible] he'll make mincemeat out of Clark, and he'll beat anybody else who comes along."

SEMI-FINAL CLINCHED

Meanwhile [illegible] hard conditioning jacks and declares he will be right to put up the best battle of his career. And the Scotsman isn't backward about telling you his career is crowded with glorious performances.

Promoter Bowser closed a semi-final for the title program. It will send Marvin Westenberg, bare footed Tacoma, Wash., matman, who held Dayton O'Mahony on [illegible] week, against Billy Bartush, rugged Chicagoan.

There will be four other bouts [illegible] Bowser hopes to have the entire card complete by tomorrow.

Army Planning New Air Attack For Struggle With Harvard Here

50,000 Will See Cadets Play Crimson

By JOE CASHMAN

If we may be permitted to mention the commercial side of amateur pure collegiate football, that victory Harvard turned in against Princeton is putting plenty of extra dollars into the Crimson athletic treasury.

Had the Harlowvards disappointed their followers again last Saturday, all the armies in the world wouldn't be able to drag more than 35,000 to the Stadium this coming Saturday.

As it is the advance sale of tickets for the game with the West Pointers has already passed the 40,000 mark which indicates a crowd of more than 50,000, if not a capacity gathering will be on hand when the opening whistle sounds.

CADETS STRONGER

The Cambridge Alumni and undergrads who weren't fortunate to be on the skirmishing of the Tigers can't wait to feast their eyes on the rejuvenated Crimson in action with those who were down there in the Jungle of course are determined not to miss a possible [illegible]

This Harvard contingent, we're told, now be well satisfied with what they are and may be [illegible] a game or two at a time, rather than be out to beat Yale [illegible] the Army, didn't.

The Cadets figure to be a much more formidable outfit at Soldiers Field than they were at the Bowl.

For one thing, the two [illegible] suffered a wide [illegible] at New Haven are fit to play against the Crimson. For another they come here after two breathers against Virginia M I and Washington Univ. of St. Louis whereas they faced the Bulldog a week after a grueling tussle with Columbia.

Such being the case if the Harlow lads can come close to equaling the Eli's margin of victory over the Soldiers they'll have to be credited an even [illegible] beating the Army fortnight later.

PLAN AIR ATTACK

Reports from West Point have it that Coach Biff Davidson is drilling his charges on a flock of new plays to flash against the Crimson. Most of them are said to be of the aerial variety.

The existing line concern in the Harvard camp, Navy, East Pittsburgh and Princeton could do nothing against the Crimson in the air as Dick Harlow and his ace starts [illegible] get excited over Army's [illegible]

Cuban Expedition Headed by Smith | *Dolls to Welcome Race Track Folks*

By JACK CONWAY

IT WILL REQUIRE the services of half a dozen army transports to carry the numerous press agents, officials, mutuel clerks, grooms, detectives and ticket sellers who claim they are going to work for Lou Smith at his new horse and dog racing plant at Havana, Cuba.

Mr. Boston

I have personally conferred with 16 young men each of whom whispered to me he was going to be the generalissimo of the publicity forces in the gay Cuban city.

There are more mutuel clerks than Col. Teddy Roosevelt had Rough Riders when he left the Bahr gate for his surge up San Juan Hill.

Smith has more volunteer officials than the American army had generals during the Spanish-American war. It is possible the officials are planning special races between mutuel clerks so that they will have something at which to officiate.

Russ Murray and Jim Munroe have received the only official appointments. Russ has been signed to manage the dog track, while Munroe will be racing secretary at the horse track.

I asked Lou Smith what he will do if all the people who expect to work for him in Cuba should arrive in Havana at the same time.

"I would probably decide to hand each of them a cocoanut and insist that they cool off under a palm tree," said Lou. "Certainly the boys could not expect to get any money."

I find that people who work around the New England race tracks have become followers of the sun. They are already protesting against the chill in the New England air and are eagerly looking forward to a week from Saturday, when Rockingham Park closes and they will be able to start the march South.

It will be a march for some of these carefree souls as they have neglected to place aside any surplus money. They are now remaining awake nights as they try to scheme out ways and means to get South.

These gentlemen never consider the Pullman trave. A Pullman ride is something to read about as far as they are concerned.

It they are fortunate a friend with his own car will make the trip by hop over the road with them. Others will make the trip by bus, while the majority will depend on their own cars.

Cuban Girls to Extend Welcome

ALREADY I have letters from Havana of how the Cuban girls are going to extend a hand of welcome to the racing race track followers. In the case of the New England residents who marry Cuban girls there is no Atlantic ocean to cross. Many Cuban girls have more than exist romantic notions.

I might suggest to Lou Smith that his publicity department send some domestic relatives to papers in the states to counteract the lure which Havana girls are going to hold for the race track followers.

I have been happening at Miami Beach Fla. There is something about the entire tropical atmosphere that makes people forget the ordinary cares of business and adopt a carefree, happy-go-lucky attitude.

I have known some of these Cuban girls since they were little tots and they are a warming mystic indeed.

Havana of course has the added attraction of the United States and is now under contract for a series of exhibition matches on the west coast this winter. Comes attitude stated. But he is making a personal sacrifice in this here. Two weeks to play this match for the benefit of the poor unfortunate crippled youngsters of New York city.

"The entire proceeds, less the bare expenses of staging the match, will be handed Major Lawrence Guggenheim to be distributed among those clubs, fresh air camps or hospitals for crippled children.

"Last season the Hawks were victimized by injuries and lack of hustle. I know we'll hustle this season, and am asking for a gate against tough hombres but if we get it, we'll make things interesting," said Stewart.

"And the Hawks will know the rules and won't have an many offside whistles blown at them, wrecking scoring chances, you can be sure about that."

Hustle Motto Of Rejuvenated Blackhawks

Bill Stewart Takes Over Reins of Chi Ice Team

CHICAGO Nov 3 (AP)- Bill Stewart new manager of the Chicago Blackhawks, is out to put out a "roolin', shootin' " band of puck chasers in the National Hockey League this week.

The chunky aggressive Stewart succeeding Clem Loughlin, takes over management of a team which finished in the cellar of the American division last season. But that won't worrying the new pilot who as a star in National League days officiated in the Lower World Series.

"I know we'll give the fans a real show said Stewart "I can tell you one thing—that there will be less fiddling around with meaningless passes than there has been in some Hawk games of the past

INSISTS ON HUSTLERS

"The club will hustle from the opening whistle, and knowing that the spectators like to see action around the nets, we are out to give them action at those spots. There won't be many sills shots the length of the rink but whenever a man with a puck sees a chance to score he will be expected to forget the fancy flan passing business and take a whang at the nets.

"Though there will be much more shooting, I'm not going to lose sight of the value of formal maneuvers so far, we have taken a few leaves from the book of the Cook brothers (Bill and Bun) and Frank Boucher in the days when they were clicking for the New York Rangers They had a number of great plays—I watched them work many a game—and I think the Hawks have the kind of players who also can make them produce goals."

Recession Viewed by Bancroft

Experience of 1920's Is Likely to Be Repeated Again

By HUGH E. BRADSHAW

Much has been written, and more said, about present business conditions, what caused them, what will, and the demand how long recession will last. But out of the jumble of words the average man on the street has extracted little other than confusion. For that reason we think it timely to present some of the clear-cut views of James B. Bancroft, Boston economist, whose opinions are widely quoted [illegible]

We [illegible] and investors in the American [illegible] Mr. Bancroft [illegible] in the [illegible] period [illegible] forward [illegible] are [illegible] pessimistic [illegible] As Mr. Bancroft notes the administration is face to face, for the first time in its history, with the realization encouragement of private initiative, with its resultant extensive [illegible] financing, is absolutely vital to bring about renewed prosperity. This [illegible] transition from a government-stimulated recovery to a privately financed economy may have many parallels with the transition period of 1920-21, when war economy was replaced by peace economy, there is the human factor of ability to aid and suffer the decline if the administration [illegible]

There is another influence at work, and it is to some extent psychological, in our opinion. As Mr. Bancroft notes the administration is face to face, for the first time in its history, with the realization encouragement of private initiative, with its resultant extensive [illegible] financing, is absolutely vital to bring about renewed prosperity. This [illegible] transition from a government-stimulated recovery to a privately financed economy may have many parallels with the transition period of 1920-21, when war economy was replaced by peace economy, there is the human factor of ability to aid and suffer the decline if the administration [illegible]

[illegible] work, and it is to some extent psychological, in our opinion. As Mr. Bancroft notes the [illegible]

[illegible] point the market as a whole, using the Dow-Jones averages as a guide, has not clearly and unmistakably broken out of the downtrend run which we wrote of here a week ago. The industrials and utilities have vacillated, at least partially, the demands of technicians. But rails have not and their confirming action is awaited with some alacrity, even though the general background of the market and the tape action of some shares has been completely satisfactory. In other words, while a much larger volume of optimism now seems warranted, the final returns are not yet in and readers might well follow the cautious optimism of professionals until they are tabulated and the technical decision of the market itself is known.

Pessimistic Forecast Of Business Conditions

By ERIC FRIEDHEIM
International News Service Staff Correspondent

WASHINGTON, Nov. 3 (INS)— [illegible] Department economists [illegible] a pessimistic forecast [illegible] economic conditions for the next [illegible] months but predicted a prosperous industrial boom for the [illegible] of 1938.

[illegible] hope, the views of the Bureau, [illegible] industrial economists, [illegible] fresh account hope for a business upturn before spring, [illegible] the national income for 1937 [illegible] the income produced would [illegible] to top $70,000,000,000.

[illegible] Corporation reports a $6-billion [illegible] over 1936, it is [illegible] approximately $2,000,000,000 [illegible] the national income estimates made [illegible] year.

Officials of the bureau of domestic commerce said the [illegible] would suffer a sharp drop in revenue during the last quarter of [illegible] because of the receipt [illegible] unusual upheaval. Values of [illegible] bonds are estimated to have shrunk $30,000,000,000 since the beginning of the summer. Much of these losses will be reflected on [illegible] income tax returns.

In addition, dividend payments will be down sharply during the final quarter of 1937 and this will have another depressing effect on government tax receipts," officials reported.

Last year dividend payments attributed largely by the [illegible] tributed corporate earnings tax amounted to $4,573,000,000.

The bureau [illegible] a number of influences that will tend to hold down business for a number of months [illegible]

It was explained that heavy buying early in 1937 was prompted by fears of inflation, the result of continued labor disorders and anticipated price rises. The bureau does not think a heavy wave of buying will be resumed until present inventories are depleted—probably [illegible] next spring.

"Price weaknesses in securities, the over-abundance of wheat and cotton, reduced government expenditures, sluggish activity of the construction industry and general maladjustments brought on by a too rapid business recovery all will tend to continue the current recession," officials added.

The bureau observed that credit is abundant and interest rates low. "This is a favorable factor and when the present loss buying brings about inventory shortage next year there will be a definite upward movement," experts said.

'Big Steel' Head Will Act As Advisor

To Continue as "Power Behind Scenes" of U. S. Steel Corp.

By JAMES L. KILGALLEN
International News Service Staff Correspondent.
(Copyright, 1937)

(ARTICLE NUMBER TWO)

NEW YORK, Nov. 3 (INS)—With the earnings of the United States Steel Corporation piling up more favorably than they have in years, Myron C. Taylor, chairman of the board is moving toward retirement next April 4 with the knowledge that he has more than made good as the successor of the late Elbert H. Gary.

Mr. Taylor's past ten years of achievement as head of "Big Steel" is one of the most absorbing industrial stories of the present era. In 1927, after the death of Judge Gary, Taylor whose business acumen had long been recognized, was persuaded by George F. Baker (senior) and J. P. Morgan to take a more active interest in the United States Steel Corporation.

He did taking the post as chairman of the finance committee in 1927, and becoming, in 1932, chairman of the board and chief executive officer—a post he will continue to hold until he steps out next April.

Even then he will continue as a power "behind the scenes" in the corporations' affairs. He will act in an advisory capacity to the young personnel he has moved into the powerful corporation. There is no truth in the rumor that he will become United States ambassador to Great Britain.

THREE MAJOR PHASES

Taylor's job in reorganizing U. S. Steel embraced three major phases:

(1) Revision of the capital structure; (2) revamping of the corporation's physical properties and (3) revitalization of personnel.

Taylor brought the first phase of the reorganization plan—the revision of capital structure to a successful conclusion in 1929 with the redemption of bonds of the parent corporation having an aggregate value of $340,000,000.

Later $30,000,000 of the bonded debt of the subsidiaries was also retired. The net effect was to reduce, annually, by approximately $30,000,000 the fixed charges which must be met before earnings became available for preferred and common stocks.

This capital revision stood "Big Steel" in good stead in the trying period of the business depression.

The second phase of Taylor's plan—the rebuilding of plants—was a $400,000,000 program. Great changes have occurred under the Taylor regime embracing the reconstruction of plants, rationalizing of properties to markets, freights, availability of raw materials, etcetera.

New units were acquired, such as the Columbia Steel Corporation of California in 1929 to assure the corporation of an operation on the Pacific coast which would enable it to participate in the ever increasing steel demands in that area, the purchase of the property of the Atlas Portland Cement Company to solidify the corporation's position in the cement industry, the acquisition of the major parts of the Oil Well Supply Company to fortify and extend the corporation's position in the pipe industry and the rounding out of its fabricating facilities in 1936 through the acquisition of the Virginia Bridge Co. Unprofitable units were abandoned.

BLAST FURNACES

The net effect of the physical adjustments has been an increase in blast furnace capacity from 19,567,000 tons in 1928 to 20,665,000 tons in 1937, an increase from 23,781,000 tons to 25,772,400 tons in steel ingot capacity and an increase from 16,750,000 tons to 17,929,400 tons in rolled and finished steel product capacity.

Nowhere did Mr. Taylor show a keener interest than in the third phase of his plan, now happily nearing fulfillment.

Today United States Steel is a "young" organization judged from the standpoint of its employes and executives. During the years 1929 to 1936 inclusive, 12,894 employes were retired on pensions.

Interesting changes have taken place in personnel from the board of directors right on down the line. In 1927 the average age of members of the board was slightly over 64 years; today it is approximately 59 years. Notable is the fact that the average age of the last six additions to the board (Junius S. Morgan, E. R. Stettinius, Jr., Leon Fraser, Irving S. Olds, E. M. Voorhees, George A. Sloan) is less than 45 years.

The average age of the principal executive officers of the steel corporation in 1927 was approximately 65 years as compared with the average age of 56 years today at the present time. The average age of subsidiary presidents today is 57 years, as compared with 63 years in 1927.

Innumerable consolidations of departments, districts, plants and companies have been made during Taylor's regime. The most conspicuous was the merger of Carnegie Steel Company, Illinois Steel Company, Lorain Steel Company and American Sheet and Tin Plate Company into a single unit known as the Carnegie-Illinois Steel Corporation.

With the resumption of common dividends (recently announced) after a lapse of five years due to the depression, the job of Mr. Taylor's is just about done. He is now moving into the final stretch. And when he turns his post over to the young Mr. Stettinius next April, he will leave with the well wishes of the big men in Wall Street who have been watching with admiration the work of Mr. Taylor in bringing the mighty three-ply program to a successful fulfillment over a stretch of ten years.

Added Strain on Federal Credit

"Corn Loan" Marks First Break In Latest Pledge to Balance Budget

By LEWIS HANEY
Professor of Economics, New York University
Special to Boston Evening American

NEW YORK, Nov. 3—Now comes a "corn loan." A few weeks ago provision was made for a government loan to cotton farmers, the amount being, as I recall it, $150,000,000. The latest announcement is that another loan has been arranged for corn farmers, the amount being $85,000,000.

This later loan, announced at Hyde Park by the President on the eve of election day, brings the total up to nearly a quarter of a billion dollars.

In the first place, we note that the corn loan marks the first break in the latest pledge to balance the budget. The President's December 1936 message stated that the Reconstruction Finance Corp. was to make no further commitments. Now, two weeks later, on the day before elections the President wires the finance corporation to stand by for a big loan to farmers.

SCARE-B INFLATION

Looked at in any light, it is an added strain on government credit, and a further step toward "inflation."

In the second place, this growing volume of government financing of farmers for the purpose of withholding crops from markets and pegging prices, is bad economics. It is but a continuation of the procedure begun by Hoover and his Federal Farm Board (incidentally, the Republican party by Mr. Hoover).

This policy results in reducing the quantity of crops sold, thus probably reducing the income received by the farmers. At a lower price, it is probable that so much more would be sold that the gross income would be as large, while interest, carrying charges, and losses would be much less.

If there is overproduction it is usually better to move the goods quickly even at a sacrifice.

But apparently Mr. Wallace is forgetting the idea of "balanced income," as opposed to "balanced prices."

A bad feature of all such government aid is that it works as a poor, make sense?

It aids equally the efficient and inefficient. If production is curtailed the result does the low cost producer the same as the high cost one.

BAD ECONOMICS

This is bad economics. Production should be curtailed at the margin, where costs are high cost.

One of the worst results in the injection of politics into economic matters. The loans are made under political pressure and for political purposes. They are associated with a requirement that recipients subject themselves to some form of crop control by the government.

The sound procedure in all such cases is plain.

First, we should leave the markets for cotton and corn alone allowing an equilibrium to become established. Low prices encourage consumption. They reduce the cost of living. At the same time, low prices tend to reduce production especially among high cost producers.

The only hope of the best equilibrium is to all lies in letting free market values govern production and consumption.

Second, we should give direct aid to any farmers in need. This would not cost us half what all the wasteful bureaucracy is costing. Our food and clothes would be as much less.

If there is overproduct on it is usually better to move the goods quickly even at a sacrifice.

But apparently Mr. Wallace is forgetting the idea of "balanced income," as opposed to "balanced prices."

A bad feature of all such government aid is that it works as a poor, make sense?

Startling Data About Diesel Engines

Here's One Way Carriers Could Save Money

By MERRYLE STANLEY RUKEYSER
International News Service Financial Writer

NEW YORK Nov 3 Recently the 40th anniversary of the Diesel engine has been celebrated here and broad

The recent use of the Diesel engine by American railroads lends special timeliness to this type of prime mover especially now when the Class I carriers, having just received rate increases, are preparing to ask for more.

Shippers and passengers recognize that the carriers are menaced by an insufficient margin between expenses and gross income, but some take the view that the solution lies in Diesel finishing, thereby effecting immediate rate boosts.

BETTER METHODS

By Diesel thinking is meant the whole scientific approach to achieving reductions in expenditures through the use of better technological methods and equipment. For example, it is contended that the Diesel engine would save $62,000 a year by using Diesel engines exclusively for switching in yards.

Thus, there is increasing pressure to get the carriers to improve their chances of solvency by improved efficiency, rather than by mere surface attempts at correcting the present crisis by price increases. Diesel engines cost double the initial investment including the investment in fuels which are now technologically obsolete.

Ralph Budd president of the Burlington Railroad, recently pointed out that experience on the Chicago-Twin City run indicated that Diesel engines could get double the annual mileage on such a run from a Diesel engine as from a conventional steam locomotive. Mr. Budd also said that the Diesel locomotive requiring few layoffs for servicing is available 90 per cent of the time when needed, whereas the conventional locomotive is available but 60 per cent of the time. Moreover Mr. Budd testified that the new Diesel engine has a speed of 120 miles an hour as compared with 80 miles for the steam locomotive.

LITTLE "BACK SHOPPING"

Instead of wasting for trouble owners service the new engine only after 1,000 miles of running automatically on a mileage basis. According to Mr. Budd and that there is little "back shopping" as in the case of old fashioned locomotives.

Mr. Budd presented also the data that is startling. On one of his regular 1035-mile runs for a Diesel motor, streamlined train the Burlington Railroad recently put on, 40 minutes less are required for servicing during the run than on the conventional train.

Instead of stopping for water and fuel such trains can keep going, for example, every 440 miles. Elimination of heavy steam water and coal and ash handling construction has reduced the cost all weight of such trains as compared with conventional trains by 40 per cent.

Mr. Budd indicated that the cost per train mile of a 440 passenger train amounted to 84.84 cents compared with 259 cents for conventional steam trains for the larger streamlined Diesel engine trains with the same capacity. The cost unit is 100 cents per train mile. Mr. Budd pointed out how even that the cost of investment is greater

DEPRECIATION RATE

Early experience indicates that the rate of depreciation on such Diesel locomotives is not rapid Mr. Budd indicated that engines will need to be changed only every million train miles which means about two and a half years of operation at the present rate. He said that engine frames last at most industrial and stationary engines, and that early indications are that the new locomotives are equally sturdy.

Most rail executives believe that the steam locomotive subject to continuous improvement, is here to stay for certain purposes. Thus the Diesel engine in the discussion is used mostly for passenger and the variety of ways in which operating roots can be cut.

If the rail executives are to me, the contradictory demands of employes wanting high wages and shippers wanting low rates and retain their place in competition against trucks buses, private automobiles, airplanes and pipelines then the long-term answer seems to be in technological improvement which, by speeding service while reducing the cost of operations, light trains and locomotives, driven by relatively crude oil burning engines are typical of the potential trend.

"DIESEL THINKING"

"Diesel thinking" can also be applied in relations with the traveling public. The old wasteful traditions, such as occasionally requiring a passenger to buy two tickets in order to give him the minimum rate, should be abandoned.

In every city there should be a centralized pooling of train information, so that every passenger Moreover, interline jealousy, such as prevails among the eastern carriers, should no longer delay the installation of Pullmans of the western carriers for through Pullman sleepers from the Pacific coast to the Atlantic seaboard.

Hurley Will Pay Auto Show Visit

Heavy Sales Recorded by Dealers At Mechanics Building

Accompanied by his staff, Governor Hurley will attend the automobile show in Mechanics Building tonight.

"The automobile is a very important part in the progress of this country, and as one of our major industries has been and still is a boon to the American working man," the governor declared today.

"Educational and entertaining, the automobile show is a living tribute to the inventive genius of our people. It is especially encouraging to note that in addition to beauty, comfort and economy, each year there are further advances in the development of safety features."

At the same time Fred Ordway, president of the Automobile Dealers' Association today declared that the sales at the show were most encouraging.

"Heavy sales in all price classes were recorded yesterday," he said. "This is indicative of an increased buying power and a new dealer confidence."

Ordway further stated that the crowds had been "enormous" since opening day and "all activity is having audience interested in real dollars for dollar value."

TRAILER ATTRACT

He added that the trailer exhibit in the basement has been attracting large crowds.

Comment on the automobile industry also came today from various quarters all over

W. M. Packer, sales promotion manager, Dodge division of the Chrysler Corporation said:

"Americans own and operate some 28,000,000 motor cars and trucks. They are, therefore, aware that the automobile business is an industrial entity of impressive proportions.

"How many people realize, for example, that the United States makes more than four times as many cars and trucks as the rest of the world combined."

"That the automobile industry ranks first among American exporters of manufactured products and that no less than 11 per cent of American-made cars and trucks are sold outside the United States."

"There are other surprises—in the fact that one out of every five dollars spent in the course of a year for retail purchases goes toward the buying of a car, a truck or something else of an automotive character.

IMPROVE BRAKES

"That more than half of the families in the United States own cars and that more of these cars are owned by families having incomes of from $1000 to $1500 than by any other income group."

Commenting on the 1938 De Soto John R. Berry, New England regional manager, stated:

"Bigger and more powerful hydraulic brakes, another improvement continuous to safe motoring, are included in the new De Soto."

According to Ivor Wynne, chief engineer for De Soto the new brakes will measure 11 inches in diameter, a 10 per cent increase over the 10-inch brakes used on all models except seven passenger and limousine last year.

"Another improvement of special interest to women," Woolson said, "is a material reduction in the pedal pressure necessary to operate them effectively.

"Another important contribution to safety and convenience has been made with the mounting of the hand brake lever underneath the instrument panel near the center of the car, giving more free space in the front compartment."

SEES BIG AUTO YEAR

Harlow H. Curtice, general manager of Buick Motor Division stated:

"Many major economic factors support the generally accepted view that the automobile industry will maintain its fast pace in 1938.

"While market students point to certain influences during the last 1937 quarter, particularly stock market action and war scare, which they look upon as affecting general business adversely, they likewise find many encouraging signs along the economic front to offset these influences.

"Important among these is the fact that employment through out the year has been at wage earners in industry a substantial average income and as we go into the 1938 season the industry picture appears greatly improved from the standpoint of stability.

"It is likely that in 1938 total wages paid industrial workers will be greater than in 1937 with industry well established and the probability of lost time minimized, particularly as compared with the previous year.

"During the last year industry as a whole has progressed toward a stability in production and employment.

"Automobile has this been true of the automobile industry which in recent years has led the way in stabilized program of operation."

Hits Economic Nationalism

CLEVELAND, Nov. 3 (AP)—James A. Farrell, chairman of the board of the United States Steel Corporation, today assailed economic nationalism and clash of a spirit of international cooperation as the cause of present business ills.

Farrell spoke before the 24th annual convention of the National Association of Manufacturers.

"That has led some Americans to preach the strange doctrine of self-sufficiency," Farrell told the convention.

Our president of United States Steel Corp., declared in a prepared address.

The continued increase in our trade with the rest of the world gives proof that it is neither expedient nor sound policy to lend an ear to the sophistry of those who on various grounds advocate economic isolation."

Roosevelt May Use Idle Gold

WASHINGTON Nov 3 (AP)—Treasury's financing of an $800,000,000 program considered by President Roosevelt and his fiscal advisers at an informal session over the week end at Hyde Park.

It is understood that the working balance had dropped to $2,000,000,000 at the close of business last, and $2,100,000,000 at the end of the month.

With revenues flowing in from personal income and new business difficult in the present money market, indications are that inactive gold will be used to pay off some obligations maturing next month.

With the deficit now within reach, $500,000,000 of President Roosevelt's estimate for the entire year ending next June 30 Morgenthau must either refund the bills or pay them off with gold.

Shawmut Association

Shawmut Association reports net profit after taxes and reserves for the year ended December 31, 1937 of $2,000,000 equal to $2.50 a share against $2,000,000 or $2.50 a share last year and $2,100,000 or $2.62 a share in 1936.

PROFESSOR ROBERT E ROGERS, the scholar's viewpoint expressed every day (except Saturdays) in his column, "This Is The Life," in the Boston American.

NEW ENGLAND'S GREATEST EVENING NEWSPAPER

BOSTON EVENING AMERICAN

WEDNESDAY, NOVEMBER 3, 1937

LARGEST EVENING CIRCULATION
net paid average, 6 months ending March 31, 1937 268,637

Our New Mayor

MAURICE J. TOBIN, having received 25,050 more votes than former Governor James M. Curley, his strongest opponent, is Boston's mayor-elect.

Yesterday and during the campaign which was fought with the accustomed clash of personalities, Mr. Tobin was the *candidate* of many of the people.

Today, the election ended and the votes counted, he becomes the *executive* of ALL THE PEOPLE.

That is the democratic and AMERICAN way in government.

No matter how heated a pre-election controversy, no matter how bitter or untrue the charges and counter-charges, no matter how zealous a group to make its choice the popular choice—the will of the greater part of the people must prevail.

This has always been the foundation of good government in the United States, and every outstanding official has whole-heartedly endorsed it

Mr. Tobin expressed it well when the good news of his amazing triumph was brought to him. He told us:

"My election as mayor of Boston is a great opportunity, and one which—with the help of Divine Providence—I will neither neglect nor abuse. The voters of Boston have paid me a tribute which I shall never forget.

"I will be a good mayor of my city. That I have promised—and that promise I will keep. There will be no reprisals. I shall serve ALL THE PEOPLE. We must all work together to meet the task that is ahead. Our problems are COMMON problems and we must meet them TOGETHER, with courage and forgiveness and fortitude.

"This victory is a victory FOR ALL THE PEOPLE. I am the instrument chosen to meet the problems that beset the city. You have placed your trust in me. I will not abuse that trust."

With that statement and principle every Boston citizen, whether he voted for or against Mr Tobin must be in complete accord. It is both a requirement and a duty of his American citizenship.

THE problems that confront our young and vigorous next mayor closely touch the life and happiness of everyone who calls Boston his home.

Before these problems and their magnitude politics and partisanship pale into insignificance.

The tax rate, soaring toward the confiscatory level, affects Republicans as much as Democrats. Its reduction will benefit one as well as the other.

The task of encouraging work and wages and, thereby, lowering relief and welfare expenditures is not a political matter. Ambition is a universal possession. No party enjoys a monopoly.

The challenge to abandon the policy of standing still, to move ahead and to expand appeals strongly to everybody. People have ever prospered with their cities. Progress is built on unity, not on factions.

TODAY is *today* and the dawn of new hope and new opportunity. Yesterday is gone and—what is more important—forgotten.

As the sons and daughters of a growing municipality, we look to the new mayor for leadership.

He has promised to give us that leadership, so far as he is humanly able.

But no man can lead or achieve unless we whom he represents afford him the privilege.

Let us, therefore, in the spirit of patriotic and *cooperative* citizenship accept Maurice J. Tobin as *our* mayor and promise him the loyalty of an united people working together for the common good.

The hate-fanned campaign fires no longer burn. In their place, as always throughout American history, rises the Beacon of Progress.

And a new leader with character, ambition and an honest determination to serve ALL THE PEOPLE carries on.

The Governors' Meeting

THE conference of the six New England Governors tomorrow on Beacon Hill marks a forward step in interstate relations.

Throughout the depression the realization has grown that the half-dozen governments that comprise this section have IDENTICAL problems and COMMON interests.

In spite of the fact that our total area is smaller than that of many a single large Western or Southern State, our per capita wealth and our contribution to the national government's expenses are generally greater than either the West's or South's.

Consequently it is fitting and proper that we stand together and work together as a strong *unity* rather than as six seperate and unrelated commonwealths.

Flood control, which is to be a principal consideration of tomorrow's meeting, concerns Vermont, New Hampshire and Connecticut as much as it does Massachusetts. One cannot hope to accomplish much without the support of the other three That is apparent.

Secretary of State Hull's pending "reciprocal" trade treaty with Czechoslovakia endangers the small shoe factory in Maine, the newly established industries of New Hampshire, the furniture manufacturing business of Vermont, the textile mills of Massachusetts and Rhode Island and the novelty shops of Connecticut. Immediate defeat of this proposed pact is a vital matter to all New England

There are countless other problems that concern this section as a *unit*. Most of them affect the present and future welfare of our people. Consequently they rise above partisanship, and so does the conference which studies them.

As we have previously advised, the Governors should assemble tomorrow as the *first citizens* of their States. Politics, political ambitions ought to be left at home.

The session can have only one purpose—A BETTER, HAPPIER and MORE PROSPEROUS NEW ENGLAND.

School Post May Go to Dr. Lyons

By FRANK K. REILLY

Mayor-elect Maurice J. Tobin, when he takes office in January and resigns as school committeeman, may appoint to the school board Dr. Joseph V. Lyons of Dorchester, runner-up in Tuesday's school committee fight.

This was learned today by the Boston Evening American as the mayor-elect and his wife began a three-day vacation in the Berkshires.

The term of Dr. Lyons, now a school board member, expires in January. At that time Tobin will resign from the school board to take the mayor's chair, leaving his seat on the board as an

Dr. Lyons ran a close third in the fight for one of two places on the school committee for the full four years' term.

PARKMAN OR O'CONNELL

Dr. Lyons and the mayor-elect, as associates on the board, have been very friendly.

Appointment to a vacancy on the school committee is by the mayor, the president of the city council and the school committee acting jointly, but the mayor is supreme in the matter.

The Boston Evening American also learned today that Mayor-elect Tobin's new appointee to the 1938 Parkman Chair of Engineering at Harvard University will be Professor John F. O'Connell, former Boston city engineer.

Professor O'Connell succeeds Professor Harold Parker Hallowell, who died as the result of injuries received when he was struck by a motor truck while walking on the Cambridge side of the Charles River bridge.

Seeks $2,000,000 Of Widow's Estate

Ex-Fitchburg Man Says Back Bay Woman Promised Riches for 'Shaping H's Life'

A former Fitchburg man today asked legal assignment of $2,000,000 from the estate of the late Mrs. Marcissa B. Upham for serving the wealthy Back Bay widow as companion and allowing her "to shape his life according to her wishes."

In a suit filed in Suffolk Superior Court, the plaintiff, Thomas Carleton Upham, now of New York, specifically seeks $1,000,000 for "labor and services and $1,000,000 interest.

Upham attended Harvard Law School of education in 1903 and 1904, and was a drama student in the famous "47 Workshop."

Mrs. Upham, widow of Thomas E. Upham, business man and graduate of Harvard in 1868, died February 24, 1917.

Thomas Carleton Upham's action to her is not discussed in his suit or in her will, under which he was left a bequest of $1,000.

SETTLES $150,000 REQUEST

While the suit was being filed Suffolk Probate Judge Wendell A. Perkins decreed a compromise settlement of $150,000 bequest in Mrs. Upham's will.

The $150,000 was left to the "Episcopal Divinity School of Harvard University," a non-existent institution.

According to Judge Perkins ruling, $50,000 of the amount will be given to the Harvard Divinity School and $100,000 to the Episcopal Theological School, Cambridge, which has no connection with the university.

In his action Thomas Carleton Upham names as defendants Samuel H. Dresser of Boston executor of Mrs. Upham's will, and the heirs of Mrs. Upham's

Upham alleges that on September 15, 1921, Mrs. Upham entered into an agreement with him by which he promised to be "the greatest joy of her estate in exchange for his time and companionship."

According to the alleged agreement, the former Fitchburg resident says he was to live with Mrs. Upham until her death, serve as a companion and "shape his life."

The plaintiff contends he and Mrs. Upham's home was to be death and to found a the name of the deceased.

The forger Mrs. Upham's he charges because she did not [illegible] her part of the agreement.

BUILT FEET TO NECK

Mrs. Upham who lived in Commonwealth avenue Back Bay, left an estate of $1,137,465 in personal property and real estate, according to Probate Court records filed in Suffolk Superior Court. The Commonwealth, meanwhile, home contained the rare tea properties.

The Upham will was admitted to probate and Mrs. Upham's estate was administered by Miss Marie M. Morse and Lawrence Lucia Bacigalupo.

The petition for probate of the will was heard [illegible] as the decedent [illegible]

GEN. JOHNSON SAYS:

Anything Once, Punt, Pass or Pray

By HUGH S. JOHNSON

WASHINGTON, Nov. 4—Drew Pearson and Robert Allen recently named Mr. Cushman Coyle as the high priest of the present dogma of our government. They recommended his recent book, "Why Pay Taxes?"

HUGH S. JOHNSON

So do I—but for a different reason. You can find more argument there for astonishing things that have been recently said and done by leading administration figures than anywhere.

Mr. Coyle wants a very large federal debt to be held in bonds by banks. The present debt, relative to others, is a trifle. The proposed mammoth debt is to act as a control of economic forces. But you must have a big budget of spending—about 10 billion dollars is required.

When depressions come you borrow billions and force them on the banks. This increases the amount of money the banks can lend to start business—the more they lend the government the more credit they have to lend business.

When booms come you increase taxes and take the bonds back from the banks. This restricts credit and throttles business down. The less the banks lend to government the less they can lend to business.

• • •

High taxes are a blessing. They are not just for revenue. Their beneficent uses are to take from the "haves" to give to the "have-nots" and to punish wealth, break up large business enterprise and generally to regulate everything and everybody.

The undistributed profits and capital gains taxes need some revision, but not in principle. They permit government to regulate the conduct of all corporate business. But we should also have a graduated corporate income tax—penalizing mere size regardless of the return on investment or to stockholders. This may punch some widows, but poor widows have no business to invest in such "a dangerous enterprise" — dangerous because government is going gunning for them.

• • •

Business, lawyers and the rich are the criminals in his dog-house. All high personal tax returns should be examined with "the loving care that was used in examining those of Al Capone." He wants to centralize government in Washington and "get rid of two-thirds of our local governments."

This is the thinnest kind of sample—but it echoes recent policy perfectly. It is a frank book that discloses face-to-face much of what we have recently seen through a glass, darkly.

Its dogma is theoretical, contrary to all human experience, never yet tried without disaster, and now advanced solely on the authority of a purely speculative radical theorist. But on such sweeping tangents toward the infinite unknown we move in our quarterback theory of government—try anything once—a punt, a pass, a prayer. At intervals, some new familiar spirit must perch on the shoulder of supreme authority with a complete new formula.

• • •

The starting Carter Glass principle of budget balancing lasted four months. The Warren heresy of tinkering with gold lived a year. The Keynes dogma of pump-priming tarried shortly and then blazed up into the fiery Coyle concept—a hot hash of Huey Long, Father Coughlin, Mussolini and the witch burners. Presently a threatened new depression seems to be exercising this latest familiar.

What are the principles of our government? Crosscurrents of Jeffersonian democracy, Hamiltonian nationalism, Jacksonian democracy, Lincolnian democracy, Wilsonian democracy,

Hard Tasks Willingly Done Formed Tobin's Character

Boyhood Days Series Of Ambitious Duties

This is the second instalment in the life story of Maurice J. Tobin, Boston's newly-elected mayor. The next chapter will appear in tomorrow's Boston Evening American

By JAMES F. DOOLING
CHAPTER 2

From the dawn of that May day in a century that was still new, until the dusk of a November night when the same century was more than a third old, the first-born Tobin child never was "pampered." Nor is he apt to start pampering himself now.

Maurice had hardly finished with his two months in the first grade of the Washington school in Quincy when his father's job at Fore River was finished. It was just as well it wasn't. Father Tobin's job

The whole Tobin was a carpenter and he stayed with what he knew. Next [illegible] last but hard to find. The Tobins moved back to Dorchester.

Young Maurice went to school by night by the nuns and served [illegible] Mission Church. His work was good, they remember. He [illegible] and he was the whipping [illegible]. Taxpayers, we're glad to know that now!

QUIET TYPE

The same boy the mother remembers was the quiet type. But as the same time was daring. During [illegible] incidents was

"He liked to be the leader when he was playing with the other boys," his mother says. "He never fought for the honor. It just seemed to come to him. And he wasn't the 'bossy' kind of a boy, either."

When Maurice was a boy he was a [illegible] which he [illegible] if there was a football game in progress he would attack the [illegible] boys [illegible]

* * *

At the [illegible] age of [illegible] Maurice had passed from the age of 12 and [illegible] age he never made [illegible] that a young [illegible] has been pressed into [illegible] to-Mayor biographies in the past few days.

When times were hard as [illegible] Tobin found they were in the years par someone had to [illegible] or extra money. By the time Maurice was in the second year of Commerce there were [illegible] inquiries to feed and [illegible] and gallons to meet.

UP AT 4 A M

The man who [illegible] mayor-elect of Boston was [illegible] of 12 used to get up at 4 o'clock in the morning to [illegible] the papers [illegible] to be placed by [illegible] sweeping. Parker H. [illegible] and hurrying [illegible] sweeping [illegible] corridors.

Maurice Tobin sold papers when he was [illegible] 13 years old. He [illegible] and [illegible] he was [illegible] six years [illegible]

"I made quite a little money at it, and that money helped."

The boy who was [illegible] up in the morning at 4 o'clock [illegible] to school during the [illegible] did [illegible] during [illegible] never forgot an [illegible] hour of [illegible] ever acquired. He began an [illegible] to be somebody.

To that end, while he was at [illegible] school, while he was selling papers, while he was still doing [illegible] he read newspapers.

The nuns who had taught him at Mission Church [illegible] and him what courses he should take in order to develop the highest education he was unable to afford.

TOOK NUNS' ADVICE

The boy took their advice. He studied. Some day, he would make himself a leader in a nation which had given his father a chance to unshackle the chains of serfdom.

Maurice Tobin, the newsboy, the [illegible] school boy, the chore boy, perhaps even then never dreamed that he would be the first citizen of the first city of the Commonwealth. But the spark was born.

(What Maurice Tobin did to raise himself by the "bootstraps" will be told in tomorrow's Boston Evening American.)

Mother Advised Tobin to Stay Out

Mrs. Maurice J. Tobin had followed her mother's advice and would not today be mayor-elect of Boston. Mrs. Jane Tobin, it is said, advised her son not to run for the office of mayor.

"The responsibility is so heavy, the city has such big debts, there is so much to be done that I tried to persuade Maurice not to run," she admitted.

Pawtucket Theft Suspect Is Held

SCRANTON, Pa., Nov. 4 (AP)—Caesar Marsan, Jackson Heights, [illegible] Island, was held in $500 [illegible] today on a charge of stealing [illegible] and patterns valued at $500. Marsan was arrested by a [illegible] Joseph Pawtucket, R. I., [illegible] the machinery had been [illegible] Pawtucket and taken to a former [illegible] plant at Clarks Summit, New York.

Mayor-elect Maurice J. Tobin and his wife leave their Brighton home on the start of a much needed vacation jaunt to the Berkshires. The respite from the severe election campaign was received with evident relief. Tobin will return to Boston shortly to plan a schedule for his forthcoming arduous mayoral duties.

BALTIMORE, Nov. 4 (INS)—Condemning the Duke of Windsor's associations with Charles E. The federation, a unit of the American Federation of Labor, voiced its sentiments in a resolution adopted at a meeting.

Tiger Quakes as Roosevelt Sees LaGuardia

President and Mayor In Secret Meeting; Tammany Jittery

NEW YORK, Nov. 4 (AP)—President Roosevelt's sudden conference with Mayor F. H. LaGuardia, fresh from a decisive triumph over Tammany Hall, aroused new apprehension today in the city's already disorganized Democratic machine.

The President came from Hyde Park this morning, passing on New York for the conference before continuing on to Washington.

The subject discussed, in the President's Iowa home were not announced, but in the past both Roosevelt and LaGuardia have moved in virtually the same path.

While Roosevelt stood aside in the campaign ending Tuesday, each did he waited only for early returns before personally telephoning his congratulations to the Mayor. Postmaster General Farley and other Roosevelt leaders had worked hard for LaGuardia's opponent, Jeremiah T. Mahoney, Tammany candidate on the ticket.

LABOR PARTY WITH DEAL

Some informed quarters foresaw in the unconventional meeting of the leader head of the Democratic Party and the Fusion Republican-American Labor Party mayor a result to help to break up traditional party lines in the city. The President and Tammany never have been over friendly.

The American Labor party, a left wing faction in the mayor's victory, was shoved again to the fore in a telegram from the head of the organization pledging new allegiance to Roosevelt. The Labor party polled more than 200,000 votes for the President in the 1936 national election and made certain astounding reelection by giving him some 450,000 votes in the principal election.

TAMMANY DESPERATE

Tammany itself, in a first survey of election results found that a position was desperate.

The sweep of the Fusion ticket in leaves off scholders of Tammany [illegible] as wiped out as [illegible] were down to defeat. Besides the defeat of Mahoney [illegible] William H. Hastings of New York County District Attorney Thomas E. Dewey, special prosecutor [illegible] and [illegible] the chief assistant [illegible] Tammany [illegible] Supreme Court justices and other offices.

Mayor LaGuardia's triumph after campaign [illegible] was the resignation of Charles A. Hennessy as leader of the Democratic party in New York State. Named as Tammany leader was Alfred E. Smith, who aided strongly during the campaign in Dewey.

Accused by Dewey of accepting [illegible] to influence [illegible] Hennessy [illegible] Smith [illegible] was Roosevelt said he [illegible] false charges.

In a letter to Representative Joseph W. "The opportunity must be provided for the convention to express every shade of opinion in the Republican party. I am Mr Hoover on one level, to Mr Taft on the other.

"I want you to know that I can't support any other kind of convention than I have [illegible]."

The woman found unconscious on a floor was removed to City Hospital, where desperate measures were taken to revive her.

When police broke into the gas filled kitchen they found open [illegible] a note addressed to Dear Benjy.

Signed Minnie, the note read: **"I am about to end the happiest three years of my life. You have been very kind to me, but I can't stand the terrible feeling any longer. I am sorry that I will never be any better. All my love."**

Double Attack In High Court Hits Black

Florida Oil Firms Charge Justice Prejudiced

By STANLEY CARROLL
International News Service Staff Correspondent

WASHINGTON, Nov. 4—Justice Hugo L. Black was confronted today with a fresh double-barrelled challenge of his right to sit on the Supreme Court and to participate in cases of New Deal laws in the enactment of which he played a part.

The third attack upon the eligibility of the former Alabama senator was led with the highest court by William O. Price and W. K. Zawadski, Tampa, Fla., lawyers representing Edward J. Ryan the Ryan Parker Oil Co. and the Florida Tech Oil Company.

Ryan and the oil companies had petitioned the Supreme Court to review the refusal of the Securities and Exchange Commission. The petition was denied October 18 by the full court with Black participating.

RYAN CHARGED

Appearing today for a rehearing, counsel for Ryan charged:

1—That Justice Black's appointment to the bench was invalid because no vacancy was created by retirement of Justice Willis Vandevanter.

2—That if a vacancy existed, Black was ineligible because, in the Senate, he voted for a bill increasing the emoluments of the office by providing full pay retirement.

3—Black was prejudiced against the Ryan petition, and should have been disqualified, because, as chairman of a senate investigating committee, he, too, had served private telegrams.

4—Ryan has been directly injured and his constitutional rights adversely affected by Black's participation in rejection of his petition.

BOSTON MAN'S PROTEST

The first two points attacking the eligibility of the Alabamian are not new. Similar arguments were made when Black was confirmed by the senate. Albert Levitt, former assistant attorney general, and Patrick Henry, Boston lawyer.

Observers now only one point may be denied without a hearing. This could be done, it was pointed out, if the court found that the decision to deny the Ryan petition was reached unanimously. [illegible]

[illegible] be disqualified, the opinions of his eight associates would stand.

'Pick-Up' Girl Accuses Simpson

FRANCES FRADA — Boston Evening American Photo — DIST. ATTY. BISHOP

Frances Frada is the 17 year-old "pick up" girl whose testimony the state expects will go a long way in convicting snarling, gum-chewing Edward L. Simpson in Middlesex court for the slaying of Newton police officers, Bell and Murphy. Photo shows girl going over her testimony with District Attorney Bishop in the latter's office.

Patrolman William Whelan so aroused the ire of Simpson at the latter's trial yesterday that the confessed killer hissed, "I wish I had bumped you off, too." Whelan, shown above, was with Bell when they halted Simpson's car on the murder night.

Surprise Simpson Trial Witness Named by Boy

Continued from First Page

BOTH TELL OF GIRL

[illegible]

"I saw the girl standing on the sidewalk pointing at the car in which Bell was a prisoner [illegible] Henri testified. "Her lips were moving, but I couldn't hear what she was saying. Then the motorcycle officer (Murphy) went after the car.

"I saw the girl go over to the motorcycle officer and put out her hand as though to stop him. Mrs. Cormier testified.

And [illegible] "Stop talking." [illegible]

[illegible]

"I wish I had bumped you off, too, you ——"

BOY SAW THE GUN

[illegible]

"We saw a man come around the car with a gun in his hand, and he held up the officer.

"O FICERS HANDS UP"

"The officer put his hands up in the air. Then the man with the gun sort of backed into the car, and the officer followed and got in after him.

"How do you know it was a gun?" Defense Attorney John M. Boyle demanded in cross-examination. "It was dark, wasn't it?"

"I saw the outline of a gun," Henri insisted.

[illegible]

"I heard a lady scream. 'He's got a gun!' Henri testified. She was on her piazza. She saw it all.

"That was Mrs. Cormier?" Boyle asked.

"Yes," replied Henri. "That was Mrs. Hamilton. She lives down the street."

[illegible]

WHAT SHE SAW

"I got home that night about 11:20," she related on the witness stand. "I was in the kitchen when my attention was attracted by the sound of a radio and men's voices.

"I went to the door and looked out, and saw two cars at the curb. One was a police car, and there was a policeman standing by the other machine.

I went away from the door but after [illegible] the radio stopped and I looked out again. I saw the police car was gone but the other was still there.

"A little later I heard the radio again. I looked out, and saw the police car was back. And I could see this time that there was a girl in the other machine.

SAW MAN'S MOTIONS

"Then I went back into the house, and a few minutes later I heard the radio die away again. So I looked again, and again the police car was gone.

"This time I saw a girl get out on the right hand side of the other car. She stood for a minute on the sidewalk then walked round the back of the car to where a policeman was standing. She stood with her back to the officer, talking to someone in the car.

"Then she went back to the sidewalk, and I saw a man get out of the car. He went up to the officer and he pointed one hand at him and grabbed at something on the officer with the other hand.

[illegible]

I saw the officer raise his hands [illegible]

[illegible] then he got into the car and the other man got in after him.

Just then I saw a motorcycle policeman coming. The motorcycle officer stopped on the left hand side of the car and I heard him say, 'What's going on here?'

Then I saw the girl go over to him and put out her hand as though to stop him. At the same time the car started away. The motorcycle officer followed after it.

TALKED TO GIRL

[illegible] After they [illegible] went out of the house, onto the sidewalk. The girl that had been in the car was coming toward me, and I walked toward her.

"When we met, she said: 'Stop walking.' We talked for a minute — Mrs. Cormier was [illegible] and then the girl walked rapidly away. I saw her finally get into a parked car that then drove away."

Taft Opens Fund Drive, Praises Workers

Tells 250 Leaders Here Relief Is Job Of Government

Speaking before more than 250 business leaders and professional men at the Parker House today Charles P. Taft, son of the late President Taft, declared:

"Relief is the job for the government, just like giving us sewers and fire protection and water."

Taft, [illegible] of the National Municipal [illegible] Hanover Nov. 15, spoke on behalf of the Greater Boston Community Fund campaign.

In his address Taft, while stressing the fact that it is the function of the government to see that all people are provided with food, clothing and shelter, declared no sentimentality can be a good neighbor.

CITES SMALL SUMS

Suspect in Bank Theft Taken Back to N. Y.

Bow, N. H. Engineer Is Accused of Forgery Over $200,000 Loss

Edwin N. Ranborn, 29, an engineer of Bow, N. H., arrived today in New York to face charges of second degree forgery in connection with a scheme by which New York banks have lost more than $200,000.

Ranborn was arrested on a warrant at his mother's farm at Bow and agreed to waive extradition.

OTHERS SOUGHT

District Attorney William Geoghan of Brooklyn said that several other suspects, including prominent bank employes are sought in connection with large thefts made by forged signatures on dormant accounts.

Geoghan said conspiring bank clerks took from bank files the record cards on dormant accounts and replaced them with new cards bearing forged signatures.

They then copied the amount records of deposits and withdrawals in new pass books and, according to the records, passed themselves off as the real depositors. In many cases a few dollars were withdrawn from the accounts.

PLOT DISCOVERED

Geoghan stated the scheme was discovered when an executor tried to close out an account in an estate and discovered the money had been withdrawn through a forged signature.

Doyle Will 'Give All' to Defend Mrs. Godde

It's Not $2,000,000 He Cares About—It's Heiress

NEW YORK, N. Y., Nov. 4 (INS)—Expressing confidence over the possibility of winning $2,000,000 for his client, Dudley Field Malone, prominent lawyer, declared today he would "give all" to defend Mrs. Anna Marie Hahn, 39, on trial for her life in Cincinnati, charged with the murder of Jacob Wagner, 76, elderly boarder.

"I will use every resource—financially, mentally, morally—to defend Miss Dodge," he declared. "Don't think I mind the expense. It is the protection of Miss Dodge's reputation that matters.

"Even if Miss Dodge is one of the richest women in the world, I'm interested only in her sincerity and save mine," he added.

Soon to Know Fate

Mrs. Anna Hahn, former German school teacher, pictured in her cell at Cincinnati, where she is on trial for her life charged with the poison murder of Jacob Wagner, an elderly German acquaintance. State and defense pleas were to begin today, with the case going to the jury today or tomorrow.

Last Rites Held For L. I. Edgerly, Swampscott

Noted Engineer Navy Veteran Of World War

Funeral services for Lloyd Irving Edgerly of 14 Mountwood road, Swampscott, were held at the Richardson funeral parlor, Lynn, yesterday afternoon. Burial was in Swampscott Cemetery.

Edgerly, who died Monday at his home, was born in Swampscott, the son of Isaiah Land and Marion Smith Edgerly. During the World War he served as an ensign in the destroyer fleet.

In 1920 he was graduated from the University of Maine with a B. S. degree in chemical engineering and immediately joined the Edison Lamp Works of the General Electric Company at Harrison, New Jersey.

For the past eight years he has been assistant manager of the New England engineering department of the same company.

He was a member of the Boston City Club, Boston and New England Engineering Society, Sigma Nu fraternity at the University of Maine, Champlain Edgerly Post 6 of Lynn and the Lynn Yacht Club.

Change in Profit Tax Is Seen By Vinson

Special House Group Opens Study of Law's Inequities

International News Service Staff Correspondent

WASHINGTON, Nov. 4 [illegible] vision of the undistributed profits tax which has aroused widespread opposition, will be considered by the House Ways and Means committee when it convenes [illegible].

Rep. Vinson [illegible] chairman of the committee, [illegible] today announced after a conference with Secretary of the Treasury Morgenthau.

TAX FIRST ON LIST

"The undistributed profits tax will be our first subject," said Vinson. "We are looking into it to relieve inequities and hardship. We asked the Treasury for data on the subject.

PROTECT THOSE BRIGHT EYES WITH Light-Conditioning

The first step is new and brighter G-E bulbs

Light-conditioning simply means providing the right amount of light and the right kind of lighting for eyes at work or play. Youngsters especially need the extra protection that such good lighting offers. You can take the first step in light conditioning your home today—for as little as 15 or 20 cents. One new MAZDA lamp—a 60 I—of the proper size and in the right place often makes a surprising difference in the amount of light that eyes get.

Your local lighting company probably offers a free light conditioning service. Phone them, and a trained lighting advisor will call at your convenience to measure your lighting with a Light Meter . . . and show you how to protect eyes with light conditioning.

Half-Price Days Begin at Kane's Tomorrow

Remarkable Values Set to Celebrate Anniversary

Kane's, one of America's largest furniture institutions, will wind up its store-wide and chain-wide anniversary celebration with two half-price days tomorrow and Saturday, company officials announced today.

On pages 5, 6, 7, 8 and 9 in today's Boston Evening American are complete details of the event.

The anniversary values are the results of weeks of planning and of thousands of miles of travelling by Kane's buyers through the furniture markets of the country.

The big values are also made possible through the combined buying power of 15 Kane stores in New England, affording lower prices for the consumer.

RADICAL REDUCTION

Thousands of dollars worth of reliable home furnishings at half price, together with hundreds of items radically reduced, totaling more than $300,000 worth of quality furniture, have been placed on the floor for this record sale.

According to Kane officials, the sale offers an opportunity for the purchase of lasting Christmas gifts at remarkably low prices.

Cooperating in the two-day "windup" are all the Kane stores in Boston, Cambridge, Waltham, Hyde Park, Malden, Framingham, Brockton, Lynn, Lawrence, Quincy, with affiliated stores in Taunton, Providence, Pawtucket, and warehouse stores in Boston and Providence.

Extra service facilities and speedy and perfect delivery service are assured.

VALUES SHOWN

Harry Kane, president of the concern, declared today:

"I feel that there is no finer way for a store to express its gratitude to its customers than to say it with values.'

"We have done everything in our power to make this event say 'Thank you, New England, for all the generous support that has made the growth of this organization the marvel of the New England business world.'

"I cordially invite every New England homemaker to visit Kane stores tomorrow and Saturday and join in this anniversary celebration.

"I know that all who do so will feel amply repaid for their effort and will go back to their homes more firmly convinced than ever that 15 store buying DOES mean bigger savings.

"After reviewing the final plans for this whirlwind finish of a mighty sale, I am proud to be able to present it to my friends and customers, to feel that I can repay my debt to New England in this way—and to do my part in enabling thousands to have finer and more comfortable homes at lower cost."

Use of 'Pension' Funds Scored

WASHINGTON, Nov. 4 (INS)—The administration's "practice of dipping into social security funds for spending purposes" was scored today by Rep. Treadway (R.), Massachusetts. He charged the action violated "the intent of the law."

As ranking Republican of the House Ways and Means Committee which handled the social security measure, Treadway was caustic in his remarks concerning the disposal of nearly $1,000,000,000 in funds collected from workers and employers. Treasury records show the government has sold the board almost exact amount in bonds.

While admitting the practice of "putting IOU's in the social security fund probably is within the letter of the law, he added:

"But even if it is legitimate, it ought not to be allowed to continue.

"We set up a law establishing a fund to pay social security benefits. Now it seems there is not a dollar there—or at least not many dollars."

Vienna Opera Head Attempts Suicide

VIENNA, Nov. 4 (INS)—Baron Wilhelm Wymetal, 74, manager of the State Opera and formerly connected with the Metropolitan Opera in New York, was near death today following what friends called a suicide attempt undertaken because of heart trouble. His son, Wilhelm, is in Hollywood.

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. If they fail to pass about 3 pints a day or such 3 pounds of waste,

all the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Defense Expert Makes Special Trip to Hawaii

WASHINGTON, Nov. 4 (AP)—An informed person disclosed today that Colonel Edward M. Markham, former chief of army engineers, has been sent to Hawaii on a special mission connected with the army's $7,000,000 defense program for the islands.

As a personal representative of Secretary Woodring, he will survey the engineering projects in progress there and report his findings to the War Department general staff.

His recommendations may form the basis of new plans for strengthening military and naval defenses in Hawaii—a program advocated in high army quarters because of unsettled conditions in the Far East and the approaching grant of independence to the Philippine Islands.

Markham left immediately after completing a four-year term as chief of army engineers on October 18. At that time he reverted to his permanent rank of colonel from the temporary grade of major-general. His work is expected to require six months.

Although the Hawaiian Territory is a naval base, as well as an important army post, army engineers are responsible "for most of the technical work of maintaining and strengthening both types of fortifications.

Hyannis Man Held in South

State police today reported that Ralph Pratt, 25, of Main street, Hyannis, had surrendered to police in Louisville, Ky., declaring that he was wanted in Boston in connection with a forgery of a $200 or $300 check.

According to state police, the teletype message also stated that Pratt would waive extradition. Police said a warrent charging larceny had been issued against Pratt in municipal court here.

Authorities also stated that the Barnstable County grand jury had returned a report in the case.

'Stork Derby' Before Canada High Court

OTTAWA, Ont., Nov. 4 (INS)—A battle before the Supreme Court of Canada was under way today in the Charles Millar "stork Derby" will case. It originated in the Ontario courts and is expected to be carried to the privy council in England as a court of last appeal, with nearly a score of interested parties.

The main issued placed before the five crimson-robed judges was whether or not the clause in the will of the late Toronto lawyer-sportsman, leaving $500,000 to the Toronto mother giving birth to the most babies in the ten years following his death, was "against public policy" and consequently invalid.

The Ontario Supreme Court ruled the clause was not opposed to public morals or policy and was valid. This judgment was sustained by the appelate division.

Arabella West and Alexander Butcher, next of kin of Millar, are appealing this decision.

Aside from the main question is the issue whether children born out of wedlock are to be included. The Ontario Supreme Court ruled that illegitimate children were not to be counted as "children" in the competition and the appelate division also sustained this point.

At present Mrs. Matthew Kenny of Toronto is leading in the "stork derby." She has 16 children, 12 of whom were born in the prescribed time.

Air Tragedy Laid To U. S. Board

SALT LAKE CITY, Utah, Nov. 4 (INS)—W. D. Hammond, chairman of the Utah Aeronautics Commission, today laid the blame for the decent Utah United Airlines crash with loss of 19 lives directly on the U. S. Department of Commerce.

Hammond said the Utah state board had previously recommended to the Commerce Department that it increase flight altitudes between Salt Lake City and Cheyenne, Wyo.

"If the department had followed the recommendations of the board when they were made in September, the 19 passengers killed in the air crash would be alive today," Hammond said.

Brookline Adopts Anti-Noise Ruling

Announcement of a new anti-noise ordinance was made today by Chief of Police Allan Rutherford of Brookline. Under this law, it is prohibited to sound automobile horns unnecessarily between the hours of 11 p. m. and 7 a. m.

According to the chief, Brookline is the only municipality in the state which has put such a ruling into effect, following the example of Boston, which adopted a similar ordinance last year.

Lynch Rumors Follow Arrest Of Man in Vt.

Attack on Mother Of Seven Charged To Prisoner

BENNINGTON, Vt., Nov. 4—Fearing mob violence and hearing lynch rumors, armed police today guarded Bennington county jail following arrest of a 25-year-old Negro for alleged attack on the mother of seven children in East Dorset.

Rumors of a "lynching party" swept the town.

The Negro was arrested late last night by Sheriff Clyde Peck and Police Chief Edward Swift of Manchester on complaint of Mrs. Edward Clayton of East Dorset, 12 miles from here.

FED HUNGRY MAN

Mrs. Clayton told police he came to her home last night, begging for food and that she brought him into the kitchen and fed him.

After eating, the negro suddenly rose from the table, she said, seized a stove poker and threatened to kill her.

Terrified, she grappled with him in an attempt to get the poker away. She succeeded in making him drop it, she said, but then he seized her around the neck and began to throttle her.

Aroused by its mother's screams in the scuffle, a child upstairs climbed out of its crib and came running down to the kitchen, alarming the Negro, who released Mrs. Clayton, ran out the back door and fled through woods.

POSSE PICKS UP MAN

Mrs. Clayton, screaming for help, also ran out the back door and attracted her husband, working on the adjoining farm.

Later they turned over to police and Sheriff Peck a red toque the Negro had worn but which he abandoned in his flight from the kitchen.

Two hours after the report had been received by the sheriff, a posse which he led picked up the Negro, now lodged in the jail.

Where Death Reached Out in Vain

How do people escape from automobile accidents of this type? That's the question asked by the photographer who snapped this picture, at Beacon and Kents streets, Brookline. Thomas L. Galvin, driver of auto shown turned on side, came through with a few cuts as the machine turned over twice after colliding with the other car shown in picture. The car that stood up was operated by Rosamond Sturgis of Weston, police report.

Chief of Police Indicted by Federal Jury

New Braintree Official Accused After Big Still Is Seized

William E. Loftus, police chief and selectman of New Braintree, Worcester County, was indicted today with 11 other men on charges of conspiracy to operate a $100,000 unregistered still.

The indictment was handed up to Judge Hugh D. McLellan by the federal grand jury, which also indicted Alfred W. Sacco of Boston on a charge of raising at 52-cent money order to $52.

SEIZED BY RAIDERS

A third indictment voted by the grand jury remained secret, pending an arrest.

Indicted with Loftus on the conspiracy charge was Leo Benoit, on whose farm in New Braintree the still was alleged to have originally been set up.

According to the charges against the men, the still was later dismantled and removed from the Benoit farm to Worcester. Subsequently it was placed in operation in Leicester, it is alleged.

Agents of the alcohol tax unit confiscated the still in a raid in Leicester.

COURT INTERPRETER

The other ten men indicted are listed as Jack Grossman, Marian M. Cursi, Nazzereno Ricardi and Charles Ricardi, all of Worcester; Charles Laude and Antonio Bonsa, both of Springfield; Louis and Sylvester Bracci, of Wales; Frank Conti, of West Boylston, and Gustaf Lantinon, of Paxton.

Sacco, indicted in the money order case, was described as a court interpreter by Assistant United States Attorney Jackson Holtz.

'Holdup Victim's' Death Probed

Police today launched an investigation following the death in Malden Hospital of Jeremiah J. Cronin, 54, Fellsway West, Medford.

Mrs. Cronin said her husband returned home from work shortly after midnight; declaring he had been held up, beaten and robbed. Cronin was employed as a bartender in a liquor shop on Charles st. in Malden, a few blocks from his home.

Dr. John P. Reardon, medical examiner, announced he will order an autopsy to determine the cause or causes of Cronin's death. Dr. Arthur L. Trum, likewise of Fellsway West, Medford, attended Cronin at his home and had him taken to the hospital in a police ambulance when he became delirious.

Thanks Court For Jail Term

A dapper young man who promised to reform from his bad habits of going on "drinking bouts" and cashing worthless checks was sentenced to four months in the house of correction in municipal court today and thanked the court for the sentence.

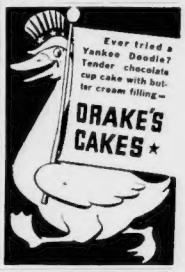
The man, Florence E. Joyce, 30, who has been living in a Boston hotel, was accused of cashing worthless checks totaling more than $200 in Boston hotels. He told the court he had been drinking and didn't remember anything about the checks. He said he was anxious to reform.

Judge Elijah Adlow told Joyce he would sentence him for the four months, provided he accepted the sentence and made a real effort to reform.

Three Beheaded As German Spies

BERLIN, Nov. 4 (AP)—The executioner's ax fell three times today, decapitating three Germans—Peter Sausen, 29; Adolf Rembte, 35, and Robert Stamm, 37—sentenced to death by the people's court for alleged espionage and high treason.

Sausen allegedly joined the French Foreign Legion in 1926 and later was caught spying in Germany. Stamm was found guilty of high treason by attempting to form an illegal Communist organization. Rembte was accused of treasonable activity.



Poison Pen Hits Weymouth Club

Poison pen letters have been received by the Old Colony Club of South Weymouth, a women's organization, it was revealed today.

Mrs. Rachael R. Tirrell of Swan avenue, South Weymouth, president of the club, confirmed the report, saying:

"We can't say anything about it now. The letters do not involve the club but are very damaging to a club member's reputation.

"We're working on it now but the police and postal authorities have not been called in. There's plenty of investigation by the members of the club."

Refusing to divulge the contents of the letters, Mrs. Tirrell said, however, they were all printed in ink. She would not say how many had been received.

Duchess to Rest After Operation

LONDON, Nov. 4 (AP)—The Duchess of Gloucester, 35-year-old brother wife of the brother of King George, has been ordered today by four royal physicians to take a month's rest following a minor operation.

First hints of her illness came a month ago when the duchess failed to appear for the morning service at Crathie Church near Balmoral Castle. Villagers were told she had caught cold.

STATE OF THE NATION
WELCOME STRANGER!

Scene: A Broadway restaurant. A group of gents around a table.

First Gent (reading newspaper)—I see where that guy that outa be King of England is coming over here. The one that gave up his job for love. He's only the Duke of Windsor now.

Damon Runyon

Second Gent—What's the matter with that guy? Being a duke ain't bad, is it? A duke probably gets good dough.

Third Gent (eagerly)—I'd like to talk to that guy awhile.

First Gent—Whatta you want to talk to him about?

Third Gent—I'd like to find out from him if it was worth it. I mean giving up his job for love. I gave up a job once for love and I took plenty the worst of it. I ent had a job since.

WIFE COMES ALONG

Fourth Gent—You ent got nothing on him.

Second Gent—What's he coming over here for?

First Gent—He's gonna look over the country to see how people live.

Second Gent—What people?

First Gent—Why, any people. Maybe you.

Second Gent—He won't like the way I live. I don't like it myself.

Third Gent (reflectively)—Yes sir, it would be very intrusting to talk to him.

Fourth Gent—Is he bringing his wife?

First Gent—Of course he's bringing his wife. He's only been married a little while. How would it look if he came over here and did'en bring his wife?

Fourth Gent—It would look all right to me.

Second Gent—Say, if he wants to know how people live over here, why didden he ask her? Ent she an Amurrikn? Well, she could a told him.

First Gent—Maybe she never noticed. Anyway, that's what he's coming over here for. He's gonna see what kind of houses people live in, and everything.

APARTMENT USED

Fourth Gent—What people's houses?

First Gent—Why, everybody's. Maybe yours.

Fourth Gent—I don't live in no house. I live in an apartment. I guarantee he ent gonna look at that. My old lady's house cleaning, and has got the joint all tore up. She wooden stand for no strangers looking at it the way it is.

Fifth Gent (who has hitherto remained silent)—It's all propaganda.

First Gent—What's propaganda?

Fifth Gent—This visit.

First Gent—What's it propaganda for?

Fifth Gent—I ent figured it out yet. Everything is propaganda. It will all come out later.

Sixth Gent (gloomily)—How is he going to see anything in this country? All he'll see will be cops. There will be so many cops around him all the time he's here, he'll think all we grow is brass buttons. Everywhere he looks there will be cops. Nobody will be able to even see him for the cops.

COPS FACE TROUBLE

Fourth Gent—I don't care nothing about seeing him, but I know my old lady will want her peeks at his wife. I'd like to see any cops keep my old lady from getting her peeks, too. I remember the time some cops tried to keep my old lady from getting her peeks at Lindbergh and she knocked two of them down and got his autograph.

Sixth Gent—I'll bet she won't get this fellow's autograph. The cops will knock her down first. They'll be knocking everybody down that tries to get near him. It's a fine thing that we pay taxes to support cops and they spend their time guarding a foreign visitor like this fellow and knocking people down.

First Gent—Whatta you getting excited about? Nobody ent knocked nobody down yet.

Second Gent—He got sneezed in a pool room raid last week. Besides, he's a Communist and don't like cops.

HE'S A DEMOCRAT

Fifth Gent—Say, a guy don't have to be a Communist to not like cops. I'm a Democrat myself, and I don't like them.

Sixth Gent—If this fellow wants to see how people live in this country, let him come with me down into the lower East Side where I live, and I'll take him into the homes of the people there and show him.

Fourth Gent—Will you take him into your own home?

Sixth Gent—I will.

Fourth Gent—Then I'm gonna up him off not to go. You have to be a nanny goat to climb to that fifth floor walk-up you live in. The time I was down to see you the smell of herring on the way up almost choked me.

Second Gent—Maybe this guy likes herring.

Third Gent—That reminds me. Walter, bring me a nice matzoth herring and some sliced onions on the side. I wish I could talk to that guy just a few minutes. I'm really intrusted.

Fifth Gent—I tell you it's all propaganda for something.

Fourth Gent—I don't know what it is, but I'll bet there'll be cops in enough if they try to keep my old lady from getting her peeks at that guy's wife.

Arraign Father, Twins Missing

Warrants for the arrest of Herbert and Joseph E. Arbeau, twin sons of Robert Arbeau, 60, of Shaw mut avenue, were issued in municipal court today when the young men failed to appear for arraignment with their father.

The latter's case was referred to the grand jury by Judge Elijah Adlow, before whom he was arraigned on charges of armed robbery, breaking and entering, larceny and receiving stolen goods. Bail was set at $2,000.

Arbeau and his sons were arrested in connection with the holdup of John MacDonald, elderly caretaker of an apartment in West Brookline street, from which $400 worth of clothing was stolen.

Police, raiding Arbeau's home, reported finding approximately $2000 worth of alleged stolen goods. He is also accused of stealing merchandise from a New Haven Railroad warehouse and a department store.

Court Is Told Ghost's Story

NEW CITY, N. Y., Nov. 4 (INS)—A "spirit message" from Leroy Smith, telling his mother he had been murdered, was revealed today in the court record of the reopened inquiry into the mysterious death of the 25-year-old lovelorn swain of the Ramapos.

The story of the supposed message was said to have been revealed by Smith's mother to Gordon McAllister, an artist living in the home of Mary Swonte Philpot, with whom the youth was in love. McAllister was a witness in the suit of Smith's father, Stewart Smith, to clear the youth's name of suicide through a civil suit over a small insurance policy.

Smith was shot to death or committed suicide near the Philpot girl's home in the Ramapos two years ago.

ARE YOU A THREE-QUARTER WIFE?

THERE are certain things a woman has to put up with and be a good sport. Men, because they are men, never understand a three-quarter wife—a wife who is all love and kindness three weeks in a month and a hell cat the rest of the time.

No matter how your back aches—no matter how loudly your nerves scream—don't take it out on your husband.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. SEC in Bid to Bankers For Stock Co-operation

WHITE SULPHUR SPRINGS, W. Va., Nov. 4 (AP)—Leading investment bankers—frankly discouraged by recent declines in the stock market—cheered up today after receiving an invitation to cooperate in the government's attempts to regulate the securities business.

George C. Matthews, a member of the Federal Security and Exchange Commission, told the Investment Bankers Association of America at the opening of the 26th annual convention that bankers and government "must work together" to make the commission's program successful.

Delegates, expressing surprise at Matthews' address, said it differed sharply from the "lectures" of some commission representatives at previous meetings of the organization.

Purposes of the commission's rules, Matthews continued, were to provide full information, eliminate fraud and manipulation and keep moving "the mechanism of the free and open market."

Urging "vigorous assistance of the bankers in policing their industry, Matthews added:

"There need be no surrender of the full and final authority of the government, but there must be a willingness to work with the industry and to realize that anything like perfection of the program will take time and study, a willingness to proceed gradually, and, if necessary, to retrace steps which may prove to have been taken in the wrong direction.

"The business must be given encouragements to take over its share of the job and it must show willingness and capacity."

Natural History Museum Ready For 'Preview'

Dr. Andrews, Expert On Gobi Desert, To Lecture

The man who mapped the great Gobi Desert, until recent years one of the most mysterious places in the world, will be the speaker tonight at a "preview" of the newly remodeled and modernized New England Museum of Natural History.

He is Dr. Roy Chapman Andrews, world famous explorer, director of the American Museum of Natural History in New York.

He will speak as the guest of the Boston Society of Natural History, which is sponsoring the drive to increase the New England Museum's membership here.

Hostesses tonight will be Mrs. Charles Francis Adams, Jr., Mrs. J. Gardner Bradley, Mrs. George Peabody Gardiner, Jr., and Mrs. George S. Hill.

Dr. Andrews will tell of his expedition of and experiences in the Gobi. His Asiatic explorations have been the largest land expeditions ever to leave the United States. They consisted of as many as 40 men, eight automobiles and 100 camels.

It was Dr. Andrews' intensively planned exploition that opened the Gobi, traditional haunt of devils and evil spirits, to modern commercial automobiles.

Dr. Andrews' address tonight is expected to keynote the New England Museum's drive for new members. The museum, now entering its 101st year, is an educational and civic, as well as scientific institution. Hunters and fishermen find its services invaluable, while even home gardeners are furnished with much useful information and profitable advice.

Another important feature is the museum's Junior Explorers' Club, composed of boys and girls interested in camperaft and woodcraft.

The museum's library, one of the finest in the country, contains 20,000 volumes and pamphlets. Public lectures by men world-famous in the fields of exploration and natural history are scheduled for this winter season.

St. Louis Lure To Lindbergh

Letter States Wish To Return Soon

ST. LOUIS, Nov. 4 (AP)—Maj. Albert Lambert, one of Charles A. Lindbergh's backers preparatory to his epochal flight to Paris 10 years ago, said today he had received a letter from Col. Lindbergh in which he "expressed a desire to come back to St. Louis—and very soon."

Col. Lindbergh and his family have been living in England since December, 1935. Reports have been published that he planned to give up his United States citizenship and become a British subject. Last month, however, he accepted reappointment as an officer in the air force reserves.

With the letter, Maj. Lambert received a sterling silver cigarette humidor bearing a map of American continents and Europe, with Lindbergh's course from San Diego, Calif., to Paris plainly marked.

Pelt Film Star With Tomatoes

It's Only an Act But Gladys Swarthout Takes It on Chin

HOLLYWOOD, Nov. 4 (INS)—A $35-a-week stand-in and double went to bed in a foggy dawn today not totally dissatisfied because she isn't a $3000-a-week star.

The stand-in, Dorothy Davis, pulled the covers over a clean face and drifted blissfully into slumberland.

Beautiful Dorothy generally does the dirty work for more beautiful Gladys Swarthout, top flight singing star of the movies and opera. But as midnight bells pealed, Miss Swarthout did her own ripe dirty work. And it was an epic in a land of epics. She had taken it on the chin, square on the chin, with a barrage of ripe tomatoes. It was pardon us! a smash hit.

The moment came which Hollywood has been awaiting for two whole weeks. For the sake of art —or realism—if that is the word, Miss Swarthout stood up before 200 people and was pelted with tomatoes.

Miss Swarthout is playing in a picture called "Romance in the Dark" for Paramount. She pretends she is a great opera star, to appear before a Viennese audience. When they find she is only a little country girl they pelt her with overripe vegetables.

Hollywood expected her to back down at the last moment—temperament as it were. She didn't.

Miss Swarthout came on the stage, a very elaborate stage, wearing a very flimsy gown. For the record, it may be stated the business department had experts on hand to see she received a $2500 sequin gown she had worn previously.

Miss Swarthout was deliberate.

"Am I supposed to do it now?" she queried across the lights.

Harlan Thompson, the producer, spoke up.

"We've got to make it this time —or else."

"OH, SCRAPE IT OFF"

The star considered.

"Suppose I get a tomato right in my face?" she asked.

Her husband, Frank Chapman, who swings a mean racquet at West Side Tennis Club, sat in the orchestra pit. He spoke up.

"Scrape it off," he said.

He had eight tomatoes on a tray at his hand. He fingered them fondly as Miss Swarthout retired for a new entrance.

The lights went on. The camera turned. Miss Swarthout burst into song. The tomatoes began to burst too.

Unto posterity let it be recorded Chapman made the first and only direct hit on a lovely profile.

In a few moments a new epic had been written in the land of epics.

Said Miss Swarthout:

"I feel like Zasu Pitts."

Said her husband:

"I hope she never finds out who threw one certain tomato."

Non-Aired Series Cost Ford $100,000

CHICAGO, Nov. 4 (INS)—How Henry Ford paid $100,000 for an option to broadcast exclusively baseball's 1937 World Series, and then never exercised the option, was revealed here.

The $100,000, which the motor manufacturer apparently chalked up to loss without a qualm, was pocketed by the New York Giants and New York Yankees players, among whom it was distributed, Judge K. M. Landis, baseball commissioner, announced.

Ford originally intended to broadcast the World Series with his own advertising, as he has done in former years, but he let his option lapse at the last moment for the stated reason that broadcasting costs would run too high.

Hunt Out-of-Town Gang In $2000 Office Holdup

Out-of-town gangsters, believed responsible for a series of holdups here in the past two weeks, today were hunted by police following the armed robbery of $2000 from a South Boston warehouse.

The stick-up by a lone two-gun bandit last night climaxed a minor crime wave which includes five holdups within the last three days.

Working quietly, as though on schedule, the gunman cowed two employes of the Harvard Brewing Company in the C street, South Boston, warehouse and escaped with the money. It brings the total taken to more than $10,000 in six robberies.

Police are on the dispatch with which the holdups, which began ten days ago, have been carried out, indicated that a local "operator" had carefully plotted all of the jobs.

Pallid-faced and resembling a narcotics addict, the bandit walked into the warehouse just before closing time and ordered William A. Natale, a clerk of Pleasant street, Winthrop, to hand over the day's receipts.

Menacing Natale with one gun he used the other to cover another employe present, Arthur L. Gavin, of Somerset street, Dorchester. He then forced both to the rear of the office and proceeded to take a bundle of bills from a cash box, together with a small bag containing other receipts.

The bandit scorned a half-opened safe and a number of uncashed checks. He then compelled the two clerks to walk outside with him and then fled on foot after ordering them to go back inside. Police believed accomplices were waiting nearby in a car.

Other victims in the $1000-a-day series of stick ups include the Dawson Distributing Company, of Back Bay, from which $400 was taken 10 days ago; the two rent hold-ups which netted more than $2500 last Monday in Brighton and Back Bay, and the holdup of a Back Bay man in the vestibule of his home the next night.

Ask Sanity Test In Me. Killing

PORTLAND, Me.—Nov. 4 — A plea seeking a sanity test for William H. Welch, 27-year-old seaman, was under way today while County Attorney Albert Knudson, his boyhood chum, laid plans for prosecution on a charge of murder.

The path of the two boyhood friends crossed for the first time in many years when Welch appeared in municipal court on a charge of murdering his wife, Cora, allegedly because of an affair with another man.

Knudsen officially charged Welch with first degree murder. The latter entered no plea but told Knudsen he would plead guilty "in order to save the state expense of a trial."

The case was continued and the defendant held without bail.

Welch was found gun in hand, outside his home where his wife was found shot to death. The shooting was witnessed by the couple's three children.

Quebec Bans U. S. Film

MONTREAL, Nov. 4 —(Canadian Press)—The Quebec board of censors temporarily banned from the province the moving picture "The Life of Emile Zola," an official of the board said today. No reason was given.

France Honors R. I. Hero Friar

Fought in Big War As Regular Poilu

PROVIDENCE, Nov. 4 (AP)—Twenty years after he had discarded his white Dominican friar's cowl for the powder-blue uniform of a poilu in a French machine gun company on the Somme battle front, France has honored the Rev. Ferdinand G. Level, O. P., of Providence College, it was announced here today.

The Dominican, affectionately known to hundreds of students and friends as Pere Level, has been made a Chevalier of the French Legion of Honor by President Albert Lebrun.

Pere Level, a native of France, is 59. In 1917 he left the post of vicar provincial of the Dominican Order in Cuba and returned to his fatherland to enlist as a private. He was later promoted to a sergeancy. He is teaching French and Spanish at Providence College.

Tropical Revolt Killers to Die

George and Willie Duvalier, brothers, today were sentenced to die at Nassau, Bahamas, after being convicted of murdering John Munroe, a native employe of the Great Inagua salt works of the Erickson family of Swampscott.

The murder occurred during an outbreak of terrorism last August at the colony, operated by the Swampscott family. In the outburst, two members of the Erickson family, the British commissioner and a score of others put to sea in small boats.

After many hardships they reached Cuba, where they told of the trouble at Great Inagua.

Fight to Save Life for Death

Accused Robber First To Face U. S. Penalty

MILAN, Mich., Nov. 4 (INS)—Society today summoned all the resources of science for an ironic battle to save the life of Tony Chebatoris as that he may be the first to be executed under the federal bank robbery statute.

Chebatoris attempted to cheat the electric chair by suicide and lies critically ill of his self-inflicted wounds, but federal authorities are grimly determined he shall live to die by execution.

Chebatoris was one of the bandits who attempted to raid the Midland State Bank, Sept. 29, when Dr. Frank Hardy, a dentist, foiled their getaway and killed one bandit, Jack Grazie, by firing a deer rifle from his office window.

The wounded robber is the first man to be convicted under the federal statute which permits the government to demand the death penalty for a crime against a federal bank.

Injuries Fatal To W. Roxbury Man

John Jennings, 58, of Grove street, West Roxbury, died today at Boston City Hospital.

He had been found lying in the cellar of his home late yesterday by his son Richard. Removed to the hospital, it was found he had a fractured skull.

Quest Girl Poses For Movie 'Stills'

CHAPTER 16

The business of make-up literally takes hours. Everything is done with brushes of varying sizes.

One's face is turned, for the time, into a living canvas upon which the make-up artist builds a character suggested by the original personality.

And the strange part of the whole business lies in the fact that, as he works, one actually begins to be the person he paints on the face.

Well, it was all too wonderful.

WALKED ON WINGS

I really walked on wings from the make-up studio to the portrait gallery, although now, that I think back over it, I must have presented a rather strange picture.

Of course, I had to remove my sweater to be made up, since it would be next to impossible to pull it up, over my head, without smearing the make-up and knocking the hair at a strange angle.

In place of the sweater I slipped on one of Mr. Dawn's smocks, the type worn by surgeons.

It was this that I wore on my walk to the portrait gallery.

So picture a person with flowing red hair, long sweeping eyelashes, and pink-and-tan complexion, dressed in a white doctor's smock, topping a black skirt, striding down the streets of Metro-Goldwyn-Mayer studios.

STRUGGLE BEGINS

Often down in the portrait gallery the struggle began.

The problem was to get into a white satin evening gown without disturbing hair or make-up.

After much complicated maneuvering, results were successful.

And then for another thrill.

I was ushered into a huge room filled with all manner of chairs, curtains and backing.

At one end was a platform upon which lights were focussed.

Behind a desk at the other end sat a man, to whom I was introduced.

He was none other than Clarence Bull, the Metro-Goldwyn-Mayer star photographer, whose portraits of Hollywood's glamorous population have been printed all over the world.

Mr. Bull is without doubt one of the nicest persons I have met.

TIPS ON POSING

He was so patient and kind and gave me so many important little tips on posing.

Then, if he saw that I was going a bit self-conscious on him, he'd say something funny, or have some music put on the phonograph, and a hundred other little things to divert attention from the business at hand.

I was told later that Mr. Bull had been the only photographer in Hollywood to make portrait sittings of Greta Garbo.

By the time the portraits were finished it was near 6 o'clock, but since I had the make-up on anyway, I decided to have a bit of fun.

And so I went calling. I made up my mind to give my dramatic coach, Lillian Burns, a shock.

She was in conference, but I decided to wait.

It was worth it.

ALL SUCH FUN

I actually had to tell her who I was, and then she wouldn't believe it.

And a lad who has his lessons right before me every day talked to me five minutes previous to Miss Burns' arrival before he recognized the fact that he had talked to me before.

It is such fun.

Everyone at the studio is agreed that my hair should be that exact shade of red and that it should be dressed in the page boy manner. I like it, too, but of course I can't quite become accustomed to myself all done up in this manner.

Tomorrow I will see the proofs. I'm almost afraid to look.

But I know they will be sent on to you as soon as they are finished, so I'll let you do a bit of judging.

Hope you like your red-headed protege.

Until tomorrow, then, good-bye.

Metals Society Meets Tomorrow

The Boston Chapter of the American Society for Metals will hold its monthly meeting tomorrow night in Walker Memorial M. I. T. with J. H. Zimmerman, noted metallurgical expert and former Technology professor as the guest speaker.

Mr. Zimmerman will speak on Flame Hardening in Industry. The talk will follow a dinner meeting in the North Hall of Walker Memorial.

Asks Divorce From Cleric

Wife Says Back Bay Clergyman Cruel

Mrs. Marion Hart Brown Worster of Boston, today filed suit for divorce in Suffolk Probate Court against Harold O. Worster, also of Boston, on grounds of cruelty and neglect to provide.

According to the city directory, Worster is listed as a clergyman living at 56 Commonwealth avenue, Back Bay.

The couple was married April 28, 1934 in the Old South Church. According to the divorce petition, Mrs. Worster alleges that on or about November 10, 1934, her husband was cruel and abusive toward her. She also seeks to resume her maiden name.

Mrs. Worster attended Miss McClintock's School here, Boston University College of Business Administration and Emerson College. Her husband attended private schools in Maine, Gorham State Normal School and Bangor Theological College.

Two Values FOR THE PRICE OF ONE IN JENNEY SOLVENIZED GASOLINE

• The remarkable new gasoline that gives you *more power, more mileage*—because it prevents formation of hard carbon in your motor and so increases compression.

If your favorite garage said, "Just buy your gasoline here and we'll clean hard carbon out of your motor whenever you need it," you'd go for that bargain, wouldn't you? *We're saying exactly that.* Use Jenney Solvenized regularly and it will clean out the harmful carbon by dissolving the carbon binder.

JENNEY SOLVENOIL
The Modern Oil for Modern Motors

Revolutionary new oil, fully patented. Reduces sludge, heat, wear, and assures a safe oil film at all driving speeds, in all weather. Use Jenney Solvenoil, and you'll buy less oil, you'll have fewer repairs, you'll enjoy safer driving.

Jenney Solvenized improves the performance of every motor, old or new. It increases mileage—often 25%. It reduces the money you spend on driving and repairs.

Yet Jenney Solvenized costs no more. It's the greatest gasoline value in America.
